The Thirty-second Regular Meeting of the Recreation and Park Commission was called to order on Thursday, January 10, 1952 at 3:00 P.M., President Louis Sutter presiding.

The following Commissioners were present:

Mr. Louis Sutter, President
Mr. Peter Bercut
Mr. Michael J. Buckley
Mrs. Henry J. Dippel
Rev. Eugene A. Gallagher
Mr. Fred D. Parr
Mrs. Sigmund Stern

Approval of Minutes — There being no corrections or omissions, the Minutes of the Regular meeting of December 27, 1951 were approved.

* * * * * * * * *

COMMUNICATIONS

(1) Letter from Honorable Dewey Mead, Supervisor, expressing his interest in the requests of the New Mission Terrace and Alemany residents that the former Junior Museum building at 600 Ocean Avenue be moved to Balboa Park and used for recreation and district clubhouse purposes.

The General Manager informed the Commission that the department has an immediate need for the former Junior Museum Building to house the Photography Center, which must be moved from its present location at Father Crowley Playground because that playground has been purchased by the State for a bridge approach and freeway purposes and must be vacated.

On motion of Commissioner Parr, seconded by Commissioner Stern, the matter was referred to the General Manager to so inform Supervisor Mead and the district groups concerned.

(2) From Joseph M. Buxton, Buxton & Beck, Denver, Colorado, Mining and Metal Salvage Specialists, asking to be permitted to participate as a bidder in the sale of surplus bird shot lead on the bottom of Lake Merced in event the Commission would consider disposing of it.

The Secretary reported that similar proposals from mining concerns had been received in the past, but the San Francisco Water Department, Public Utilities Commission, as owner of the Lake Merced property, had not been interested. Further, the lead to be removed from the lake would have to be declared surplus City property and disposed of through prescribed procedures under direction of the City Purchaser of Supplies.

On motion of Commissioner Buckley, seconded by Commissioner Parr, the General Manager was asked to refer the matter to the Public Utilities Commission for disposition.

(3) From Eugene J. Riordan, Director of Property, recommending that the Commission appropriate the sum of $25,000.00 for the purchase of Municipal Railway property required for shoreline development at Point Lobos and Land's End area.

Mr. Lewis described on a plot map of the Sutro Heights and Land's End Area the parcels of land involved in a proposed transaction with the State of California that would ultimately place under public ownership all shoreline properties.

COMMUNICATIONS (continued)

The Supplemental Appropriation request was approved, and on motion of Commissioner Parr, seconded by Commissioner Buckley the following resolution was adopted:

Res. No.618

Supplemental Appropriation $25,000.00, Land Purchase - Sutro Heights-Point Lobos Area

Resolution No. 618

WHEREAS, a proposed Supplemental Appropriation Ordinance (Recreation and Park Department Resolution No.373) providing $125,000.00 for purchase of Lots 6E, 6F, and Lot 7, in Assessor's Block 1313 (a part of the Point Lobos shoreline development) has been tabled by the Board of Supervisors (File No. 7858) and,

WHEREAS, the State of California, through its Park Commission's action of September 7, 1951, plans to purchase said Lots 6E and 6F, Assessor's Block 1313, subject to the matching of lands by the City and County of San Francisco, said matching property to be conveyed being a portion of Lot 1A in Lincoln Park approximating 6.3 acres and owned by this Commission (but excluding from the conveyance the Memorial to the Cruiser USS "SAN FRANCISCO" and the land and appurtenances necessary to its proper display and preservation) and also to be conveyed to the State all of Lot 7 in Assessor's Block 1313 (property owned by the Municipal Railway); and,

WHEREAS, in the interest of the City's shoreline development and the safeguarding of the Point Lobos area for recreational purposes, this Commission approves the conveyance of said lands to the State of California and the subsequent entering into, as Lessee, a 50-year lease agreement with the State for the operation of the entire Point Lobos area; therefore, be it

RESOLVED, that this Commission does hereby request the Mayor, the Board of Supervisors, and the Controller, to approve a Supplemental Appropriation of $25,000.00 from the Unappropriated Balance of the Real Property Fund, Recreation and Park Department, to Appropriation 012.600.08 (Shoreline Development, Vicinity of Merrie Way, North of Point Lobos Avenue - Land Acquisition) for the acquisition of land and the payment of incidental expenses in connection with the purchase of Lot 7 in Assessor's Block 1313 from the Public Utilities Commission, said Lot 7 being the Municipal right-of-way extending westerly from 48th and Point Lobos Avenues and the former Sutro Terminal parcel acquired by the City from the former Market Street Railway.

Resolution No. 634

WHEREAS, for many years San Francisco's recreation program was materially improved and broadened for the benefit of the public through the cooperation of the Public Utilities Commission and through use of Utilities land at Crocker-Amazon; and

WHEREAS, said recreation service to the public was interrupted during the years of World War II to permit use of said land for military purposes and, later during the post-war period said land was used for emergency public housing, for which there no longer exists a critical need; now, therefore, be it

RESOLVED, that this Commission does hereby record its opposition to the continued use of the Crocker-Amazon properties for public housing, and protests the renewal of any lease agreement between the Public Utilities Commission and the San Francisco Housing Authority for the use of the Crocker-Amazon properties now that such land may better serve the public by being restored to municipal recreation use.

(10) Election of Officers

Election of Officers

At the invitation of President Sutter, Commissioner Buckley accepted the chairmanship pro tempore for purposes of conducting the election of officers.

On motion of Commissioner Dippel, seconded by Commissioner Stern, nominations for the offices of President and Vice-President, respectively, were unanimously closed with the naming of Commissioner Louis Sutter and Commissioner Fred D. Parr for continuance in these offices.

Chairman Buckley then placed the ballot before the Commissioners, with the following unanimous results:

President - Louis Sutter
Vice-President - Fred D. Parr

Both President Sutter and Vice-President Parr expressed thanks and appreciation for the support of their fellow commissioners, assuring them that each personally considered it an honor and privilege to continue to serve in their respective offices.

M I N U T E S

The Thirty-third Regular Meeting of the Recreation and Park Commission was called to order on Thursday, January 24,1952 at 3:00 P.M., President Louis Sutter presiding.

The following Commissioners were present:

Mr. Louis Sutter, President
Mr. Michael J. Buckley
Mrs. Henry J. Dippel
Rev. Eugene A. Gallagher

COMMUNICATIONS -

Requests of San Mateo Polo Club and San Francisco Polo and Racing Club for Use of G.G.Polo Field to be Adjusted

(1)a. From Eric L. Pedley, San Mateo Polo Club, requesting use of the Golden Gate Park Polo Field on four Sundays, May 4 to May 25, inclusive, and certain intervening week-days for two United States Polo Association tournaments.

(1)b. From William Tevis, San Francisco Polo and Racing Club, requesting permission to start its polo season use of the Golden Gate Park Polo Field on Sunday, April 13, and asking certain other privileges, including permission to hold double-headers on Sunday, when necessary.

Commissioners discussed the apparent conflict in the dates requested by the two polo clubs and the staff report that mid-week use and double-header use of the Polo Field would be too severe on the turf.

On motion of Commissioner Buckley, seconded by Commissioner Dippel, the above requests were referred to the General Manager and Commissioner Bercut, to act as a committee to readjust the schedule requests after further discussion with polo groups.

Reduced Rates on Golf Courses for Service Personnel

(2) From His Honor, Mayor Elmer E. Robinson, recommending, if feasible, the adoption of reduced golf rates for Service Personnel at Lincoln Park, Sharp Park and Pitch and Putt Course in Golden Gate Park for week-day play, Monday thru Friday.

It was agreed that a reduction in rates to Service Personnel would not materially reduce the income nor adversely affect the use of Lincoln or Sharp Park courses, and would be an excellent way of providing opportunities for wholesome recreation to Service Personnel assigned to the San Francisco area.

On motion of Commissioner Dippel, seconded by Commissioner Buckley, a reduction in golf rates for Service Personnel, as recommended by His Honor, Mayor Elmer E. Robinson, was approved; the percentage of such reduction and the courses to which reductions shall be applicable to be determined by the General Manager and reported to the Commission.

Transferable Privilege Cards - High School Students

(3) From Meyer Ladenheim, complaining that the $6.00 monthly golf privilege card is excessive for his two sons, who are trying out for their high school team, and asking that some arrangement be made with the schools whereby students trying out for golf teams might receive some consideration.

COMMUNICATIONS (continued)

The Secretary reported that the Athletic department of the Board of Education purchases monthly golf cards for its team players, and that the purchase of additional cards with transferable privileges would make it possible for high school students to try out for golf at small personal expense.

President Sutter referred this matter to the General Manager with the suggestion that the School Department be advised that they may submit a request for such transferable privileges on monthly cards for high school students.

Consideration of Use of Fuhrman Bequest Funds for Purpose of Relocating Francis Scott Key Monument

(4) From J. W. Mailliard, Jr., asking that the forthcoming Recreation and Park Commission Budget provide funds for the moving of the Francis Scott Key monument to the location approved by the Art Commission, and commenting on other Art Commission recommendations.

It was recalled that last year a supplemental appropriation request for funds to relocate the Francis Scott Key monument had failed to gain approval of the Board of Supervisors, and that the present Engineering estimate for the work is $8,500.00.

Upon the suggestion that funds from the Fuhrman bequest might be used for relocation of the statue, the Secretary read City Attorney Opinion No. 214, which ruled against said use. This opinion was rendered July 11, 1950.

A committee of the President, the General Manager, and the Superintendent of Parks, was appointed to confer with the City Attorney on the interpretation of the Fuhrman bequest and report at the next regular meeting.

(5) From John R. McGrath, Clerk, Board of Supervisors, requesting an expression of opinion from the Commission as to whether or not it had any objections to the establishment of Redevelopment Area C, McLaren Park vicinity.

The General Manager described on a plot map the proposed redevelopment area and the adjustment of properties which would result from its establishment.

On motion of Commissioner Dippel, seconded by Commissioner Buckley, the following resolution was adopted:

Res. No. 635

Protesting the Establishment of Redevelopment Area C - Vicinity of McLaren Park

Resolution No. 635

RESOLVED, that this Commission records its opposition to the proposal that a redevelopment area be designated that would further restrict and reduce the boundaries of McLaren Park, and protests such inroads on properties set aside and intended for recreational use and enjoyment of the public; and this Commission further records that it considers establishment of Redevelopment Area C particularly objectionable because, from a recreation and park standpoint, this plan would take away the most usable and most desirable portion of the McLaren Park area.

REPRESENTATIVES AND DELEGATES

Present in the interests of the Sutro Baths property were

REPRESENTATIVES AND DELEGATES
(continued)

the following:

Supervisor Edwin T. Mancuso, Mr. Adolph Sutro, Messrs. E W. Harrison, Dean Maddox and Harold A. Meyer; Miss Helen Mallen, Lois Baker, and Mr. O. P. "Bill" Root.

Following introductions, President Sutter told the delegation that the Commission had received mimeographed copies of Mr. Sutro's letter of January 18 to Supervisor Mancuso, asking for the City's reconsideration of the purchase of the Sutro Baths property, advising that he plans to retire and does not favor releasing the property to private enterprise, and would consider any reasonable offer arrived at through appraiser procedure.

Supervisor Mancuso said he was interested in the Sutro property because of its recognized value and that it might serve as part of the City's recreation system.

President Sutter explained that the Sutro properties had been offered for sale to the City about 6 months ago and that the Commission at that time was not interested because of the structure's age, its high operation cost, its need for major repair and continued maintenance, and its inability to fit in with the department's future plans.

Others present spoke of the enjoyment which special groups had derived from excursions and visits to Sutro Baths and the possible discontinuance of the large ice rink was lamented by skating enthusiasts.

At the request of the delegation, an inspection tour of the property was arranged for the Commission and Saturday afternoon, January 26, was the date tentatively selected, the Commission to take a final position in the matter at the meeting following the inspection.

NEW BUSINESS

Proposed Traffic-ways - Fell and Oak Streets - Main and Kezar Drives, G.G.Park, and Great Highway.

(1) Trafficway Proposed by Department of Public Works

The General Manager reported in detail on a proposal from the Department of Public Works and the Municipal Railway for the routing of traffic in the vicinity of Golden Gate Park. The plan proposed one-way traffic on Fell and Oak Streets and affected the Panhandle, the Main Drive, and Kezar Drive.

The proposed plan was outlined and described on a plot map and the Superintendent of Parks offered suggested modifications and revisions, which met with Commission approval.

A second proposal of the Department of Public Works, also with accompanying sketches, proposed a one-way traffic ramp from the upper level of the Great Highway to the lower level of the Great Highway at the Sloat Boulevard intersection. Here, again, Superintendent of Parks Girod's suggested modifications were accepted.

President Sutter asked that the General Manager return the proposals to the Department of Public Works with an outline of the suggested modifications as set forth by Mr. Girod, asking that they be reviewed and that the plans be then resubmitted for full consideration.

Presentation of 1952-1953 Budget

PRESENTATION OF BUDGET

Mr. David E. Lewis, General Manager, presented in detail the various items comprising the budget for the coming fiscal year.

Adoption of Budget as Submitted

Following due consideration of the recommendations of the General Manager, Commissioner Parr moved, Commissioner Bercut seconded, and the Commission adopted the proposed Recreation and Park Department Budget, totaling $4,749,863. Of the above amount $285,000. is budgeted for buildings, structures, and improvements.

COMMUNICATIONS -

Crocker-Amazon Lease to Housing Authority Not to be Extended

(1) From J. H. Turner, Manager of Utilities, advising that at its meeting of January 28, the Public Utilities Commission concurred with this Commission's request, and voted not to extend the lease which the Housing Authority holds on the Crocker-Amazon Reservoir site.

The letter stated that the Public Utilities Commission feels that it must decide whether to retain the land for a future reservoir, or declare it surplus and for sale.

The Public Utilities Commission wishes to be advised whether or not the Commission would be interested in its purchase for use as a park or playground, or a combination of both.

Following general discussion of the property's present use and future possibilities, on motion of Commissioner Stern, seconded by Commissioner Dippel, the matter was referred to the General Manager to obtain an appraisal, the probable purchase price, and to study, report, and recommend on the future development of Crocker-Amazon.

Cayuga Clubhouse Enlargement Requested

(2) From James M. Glynn, Secretary, The Cayuga Improvement Association, informing the Commission that the Cayuga Playground Clubhouse does not afford enough space for the neighborhood activities, and asking if some improvements and enlargements could be made with the balance of the bond funds on this project.

Mr. Charles Wood, President of The Cayuga Improvement Association, appeared before the Commission and explained, in detail, the needs of the neighborhood for a larger clubroom for their social and recreation activities. He expressed his association's thanks for the excellent facilities which have been provided and explained that his request was not in the nature of a complaint but, rather, a hopeful suggestion that a good thing could be made even better. Mr. Wood was of the opinion that the clubroom could be doubled in size for less than $10,000.00.

On motion of Commissioner Dippel, seconded by Commissioner Buckley, the General Manager and the Superintendent of Recreation were requested to review the request, obtain cost estimates, and report with recommendations.

(3) From Harvey E. Teller, General Chairman, The Shrine Directors Association of North America, requesting the planting of a Shrine Emblem design on the conservatory plot in Golden Gate Park, to highlight the 34th Annual Session of the Association, to be held in San Francisco March 24-27, 1952.

On motion of Commissioner Buckley, seconded by Commissioner Bercut, the following resolution was adopted:

e, No. 646

rine Emblem - nservatory lower Garden r.24-27, 1952

Resolution No. 646

RESOLVED, that this Commission, in conformity with San Francisco's traditional hospitality, does hereby approve the planting of a Shrine Emblem design in the conservatory flower garden, Main Drive, Golden Gate Park, commemorating the 34th Annual Session of the Shrine Directors Association, to be held in San Francisco March 24 to March 27, 1952.

(c) Coin-operated Vending Machines

The Secretary reported that on February 8, 1952, sealed proposals were opened for Coin-operated Vending Machines on various park locations, such machines to dispense cigarettes, chewing-gum and candy. Proposal from one firm only was received in the case of the sandwich and coffee items. Both bidders being financially responsible, with experience in the field, the General Manager recommended award of permits, but requested a delay of 2 weeks on the other products for further investigation and study.

The Secretary presented a permit form setting forth the conditions under which the vendor would operate and protecting the Commission's interests, and naming the conditions under which the permit would be revoked.

EW BUSINESS

(1) Transactions with the Board of Education

The Secretary stated that he had received a detailed report of Dr. Herbert C. Clish, Superintendent of Schools, relating to several Recreation and Park properties, with recommendations and proposals regarding such properties and their operation. This report represented a summary of a meeting between President Sutter, Mr. Lewis, Dr. Clish, and other School Department staff.

The matters reported on were: Burnett Elementary School, Lakeside School Sites, the Bernal Heights Recreation Center, with a General Review of Properties for Exchange of Title-Recreation and Park Commission and the Board of Education.

President Sutter expressed the opinion that the above matters would require the individual attention and study of the Commissioners. Consideration was postponed to the next regular meeting, and the Secretary was asked to send copies of the report to each Commissioner and place each subject on the calendar for the next regular meeting.

* * * * * * * * * *

(2) Policy on Special Events

The General Manager reported that several requests had been made for use of municipal golf courses for the purpose of staging exhibition tournaments, the proceeds of such events to be used for charitable drives. While such requests were submitted by bona fide campaign representatives and were for worthy causes, their approval would deny the use of the courses to the general public.

On motion of Commissioner Bercut, seconded by Commissioner Buckley, the following resolution was adopted:

es. No. 659

olicy on Use of unicipal Golf urses

Resolution No. 659

RESOLVED, that this Commission does hereby establish a general policy directing that the municipal golf courses under its jurisdiction shall be reserved for the enjoyment and use of the general public and shall not be used for the promotion or staging of exhibition or professional tournaments to which admission would be charged, even though such exhibitions or tournaments might be for charitable purposes.

(2) From Harlan B. Watkins, Chief, Real Estate Division, Corps of Army Engineers, U. S. Army, enclosing for approval modified copies of lease agreements covering lands to be leased to the Army at Beach Chalet and Fort Funston (Zoo Extension). The only modification in the lease agreements consisted of additional area and six temporary barracks buildings located thereon in the Fort Funston area.

The Secretary explained that these parcels of land have been used by the Army under Commission permit since June 10, 1951 (Resolution No. 403 - Meeting of May 24, 1951). Future use shall be under a five-year lease agreement to be approved by His Honor, Mayor Elmer E. (3) Palace of Fine Arts

This matter having been continued from the previous meeting, General Manager Lewis submitted to the Commission detailed estimates of cost on the rehabilitation of the Palace of Fine Arts, itemizing the various major sections of the structure and the costs for each section. These six (6) sections totaled more than $2,000,000.00 and the figure did not include such items as repairs to the skylights, resurfacing the floor, and electrical services. A single cost estimate of $350,000.00 was submitted for restoration of the rotunda. Lowest cost estimates for demolition obtained from wrecking contractors totaled $10,933.00, exclusive of the rotunda which, in itself, would cost $2,000.00. The Commission accepted the General Manager's report and President Sutter, referring to the Chamber of Commerce meeting, said that total rehabilitation hovered around a figure of $3,500,000.00

A delegation: Mr. Herbert S. Wayne, Mr. Lloyd Simmons, Mr. Julius Gosliner, Mr. James Tallerico, Mr. Mervyn D. Silbersten, with Dr. Harry B. Hambly, Chairman of the Mayor's Citizens Committee for the Rehabilitation of the Palace of Fine Arts, as spokesman, appeared before the Commission, were presented, and were invited by President Sutter to address the Commission.

Dr. Hambly, in a lengthy address, urged preservation of the entire Palace of Fine Arts, on the basis that San Franciscans generally would rise in protest if it were to be demolished. He stated that his committee and other organizations favored a bond issue to raise the necessary funds, and offered to petition a declaration of policy from the people. Dr. Hambly also suggested an alternative ten-year plan for the financing of the work.

In a spirited discussion, President Sutter answered Dr. Hambly, expressing the view that the large sum of $3,500,000. could be used to provide better things for the people of San Francisco. He and the General Manager rejected the ten-year plan on the grounds that it would not be possible to bind future Boards of Supervisors to such obligations. President Sutter said that the Commission would not recommend a bond issue, but would not stand in the way of such action if the Mayor and Board of Supervisors initiated such measures at the request of Dr. Hambly's committee.

Dr. Hambly, supported by Marina representatives, said the bond issue proposal would be submitted to the Board of Supervisors directly. At the direction of President Sutter, consideration was postponed for a 60-day period, at which time Dr. Hambly would return to report at the regular meeting, May 8, 1952.

(2) Supplemental Appropriation - Balboa Soccer Field

General Manager Lewis reported that the Gaelic Football Association had requested an extension in the length of the Balboa Soccer Field now under construction, to permit the use of the playing field for their sport, in conformity with national rules.

Mr. Edmund Farley, President of the Gaelic Football Association, appeared before the Commission in behalf of the request, and asked for a 30-foot extension, stressing the growing popularity and enthusiastic following of Gaelic football in local circles.

Mr. Lewis quoted a cost estimate of $11,000.00 for this improvement.

On motion of Commissioner Dippel, seconded by Commissioner Gallagher, the following resolution was adopted:

No.676

(3) Approval - West Sunset Community Center Plans

Mr. Howard A. Friedman, of Wurster, Bernardi and Emmons, placed a large plot map of the West Sunset Community Center plan on the easel and explained to the Commission the general principles involved in the planting, rough grading and erosion control.

Mr. George Harman, Supervising Engineer, then enlarged on Mr. Friedman's remarks, and submitted to the Commission the drawings specifying rough grading and erosion control. These drawings were prepared by Wurster, Bernardi and Emmons, Architects, and then submitted to the Commission, for approval. by the Department of Public Works. Mr. Harman pointed out

that word had been received by unofficial newspaper wire release, from Washington, that the department's application for construction of such items as walls, fences, and sprinkler systems, had been approved by the National Production Authority. If this information is confirmed, construction of the West Sunset Community Center would proceed simultaneously with the construction of the junior high school, and this factor would obviate the necessity of instituting the erosion control plan. He also explained that all expenses relating to grading and erosion control would be prorated amongst the interested departments, this Commission accepting its pro rata share of 22.7%.

On motion of Commissioner Bercut, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 677

Approval - West Sunset Community Center Plans

Resolution No. 677

RESOLVED, that this Commission, on recommendation of the Supervising Engineer and General Manager, does hereby approve the Master planting, rough grading and erosion control plans, G-1, G-2, L-1, and L-2, as prepared by Wurster, Bernardi and Emmons and submitted by the Bureau of Architecture, Department of Public Works; PROVIDED that the approval granted for the erosion control drawings and plans be contingent upon whether or not it shall be necessary for the Commission to utilize said plan during the period of time elapsing prior to obtaining NPA approval of construction.

CNICATIONS -

(1) From Mr. Eugene J. Riordan, Director of Property, requesting the Commission to approve the closing of Rockdale Drive between Omar and Bella Vista Ways.

The Secretary reported that Rockdale Drive presently separates the site of Miraloma Playground (Block 2955B) and the Miraloma School (Block 2963A), and the closing of the street would permit the use of the area by the school and playground.

On motion of Commissioner Stern, seconded by Commissioner Dippel, the following resolution was adopted:

. No.681

roving Closing
Rockdale Drive
tween Omar Way &
lla Vista Way

Resolution No. 681

RESOLVED, that the Recreation and Park Commission, jointly with the Board of Education, petitions the Board of Supervisors to order the vacation of Rockdale Drive between Omar Way and Bella Vista Way, being that section between the site of Miraloma Playground and the Miraloma Elementary School Project No.3. The exact description of the portion of the street area involved in the proposed vacation is as follows:

All that portion of Rockdale Drive as per "Map of Part of Miraloma Park Showing Opening of Streets and Alleys dated October 1947" recorded November 12, 1947 in Map Book "P" at page 61, Official Records of the City and County of San Francisco, State of California, lying southerly of that cert in line having a length of 80.126 feet and a bearing of S.87° 34' E., indicating the southerly line of Omar Way across Rockdale Drive, on said map, and northerly of that certain line having a length of 120.653 feet and a bearing of N. 71° 01' 43" E. extending across the intersection of Rockdale Drive and Bella Vista Way, as shown on said map.

Being that portion of Rockdale Drive lying between Blocks 2955B and 2963A, as delineated on the above referred to map.

(4) From Dr. Herbert C. Clish, Superintendent of Schools, copy of his letter to the Board of Supervisors asking that Columbia Square be placed on the June ballot, to be voted on by the electorate as surplus park property to be abandoned, and to ultimately permit its use as an elementary school location.

General Manager Lewis reviewed the previous Commission action regarding Columbia Square, recalling that the Commission has a primary interest in reserving in that congested neighborhood an area that would adequately serve as a neighborhood playground. The loss of Father Crowley Playground for free way purposes left Columbia Square as the only remaining parcel of park property. He further reported that the Commission had included in its 1952-1953 Budget an item of $9,750.00 to develop Columbia Square for recreation facilities, namely, a model airplane course and model auto race course, as well as the supervised play area.

In recognition of the foregoing, and on motion of Commissioner Dippel, seconded by Commissioner Stern, the following resolution was adopted:

. No. 682

posing Abandonment
Columbia Square

Resolution No. 682

RESOLVED, that this Commission, recognizing its responsibility to preserve for the public an important park area and to provide in that congested district a proper neighborhood playground, does hereby record its unanimous opposition to the Board of Education's proposal that the question of abandoning Columbia Square be placed before the electorate on the June ballot; and

FURTHER, that the General Manager be and is hereby authorized and directed to place this Commission's opposition before the Board of Supervisors to the end that Columbia Square may be preserved for park and recreation purposes.

(2) Cayuga Playground Clubhouse Enlargement

The request of The Cayuga Improvement Association (over from meeting of February 14, 1952) was reported on by the General Manager as follows:

Cost estimates by the Engineering Division for an 800 square foot addition to the clubhouse, exclusive of plumbing, total $15,000.00. Enlargement of the clubhouse would require the use of Bond Funds that could be used for other improvements planned and scheduled under the Bond Program. Several neighborhoods are now provided with clubhouses similar in size and design to the present Cayuga Clubhouse. Superintendent Kimbell reported that the Glen Park and Ocean View community center clubhouses, a relatively short distance from the Cayuga neighborhood, are available and could accommodate the Cayuga folk dance groups.

On motion of Commissioner Bercut, seconded by Commissioner Stern, the following resolution was adopted:

Res. No.692

Denial - Enlargement of Cayuga Clubhouse

Resolution No. 692

RESOLVED, that this Commission, in recognition of its obligation to administer with the maximum efficiency the 1947 Recreation Bond Fund, and its obligation to give first priority to the completion of all projects under the Bond Fund Program on a fair and equitable basis, does hereby disapprove the request of The Cayuga Improvement Association to enlarge the playground clubhouse at this time.

(3) Traffic Channelization - Great Highway and Sloat Boulevard.

The General Manager reported that the Department of Public Works had considered the recommendations made at the Commission meeting of January 24, and had sent new sketches still advocating and requesting the one-way incline road from the upper Great Highway to 48th Avenue, immediately north of the Sloat Boulevard intersection.

Both Mr. Lewis and Mr. Girod expressed the opinion that the proposed roadway would not prove as serviceable as a break-through in the Sloat Boulevard channelization. However, Mr. Lewis recommended to the Commission that the Department of Public Works traffic engineer's recommendations be approved.

On motion of Commissioner Buckley, seconded by Commissioner Stern, the following resolution was adopted:

Res. No.693

Approving Traffic Channelization & Construction of a One-Way Ramp between Upper Great Highway and 48th Avenue at Sloat Blvd. (STR-1888)

Resolution No. 693

RESOLVED, that this Commission does hereby approve the traffic channelization and the construction of a one-way ramp from the Upper Great Highway to 48th Avenue, as proposed on sketch submitted by the Department of Public Works, such approval being given with considerable reluctance and with the proviso that this Commission does not deny itself the reservation that a review of said roadway's efficiency may be made after it is placed in operation and corrective measures may be taken, if warranted.

(3) Establishment of Fishing Rates, Lake Merced - 1952 Season-

The Secretary reported that the rates established in 1951 by the Commission for fishing liconses at Lake Merced had proved highly satisfactory and had produced a net revenue of $9,163.46, to meet patrol costs. The Associated Sportsmen recommend the continuance of the same rates and the regulation that licenses be sold only to persons of eighteen (18) years of age who hold State fishing licenses. Mr. Kimbell stated that license fees do not apply in any way to the juvenile recreation fishing program.

On motion of Commissioner Gallagher, seconded by Commissioner Dippel, the following resolution was adopted:

es. No.695

stablishment of ishing Rates and egulations at ke Merced-52 Season

Resolution No. 695

RESOLVED, that this Commission, pursuant to Ordinance 6594, File No.7084, dated March 19, 1951, does hereby establish the rates covering the issuance of fishing permits at Lake Merced for the 1952 Fishing Season to be One Dollar ($1.00) for each season permit issued, and twenty-five cents (25¢) for each one-day permit issued; permits to be sold only to persons having attained the age of eighteen years and having a valid California sporting fishing license.

...eport on Pony ...de Operation- ...olden Gate Park ...nd Fleishhacker ...layfield

General Manager Lewis informed the Commission on the costs involved in the Pony Ride operation in Golden Gate Park and Fleishhacker Playfield, the costs having been reported as excessively high during the period July 1 through December 31 of last year.

Mr. Lewis asked the Commission's consideration of three alternative actions: abandonment, continuation of the operation, or engagement of a concessionaire.

Because of the many factors involved, including public sentiment, employments, and established policy, the matter was put over for future consideration, with referral to the General Manager for further report.

(10) Show Boat "San Francisco"

The General Manager reported that Mr. Barney Gould, proponent of the Show Boat concession for Aquatic Park, had to date been unsuccessful in interesting the Maritime Museum Association to act as first party in an agreement with the Commission covering the Show Boat operation.

Mr. Lewis recommended that if it should become necessary, the Commission authorize him to negotiate directly with Mr. Gould on the proposed lease and concession agreement.

On motion of Commissioner Dippel, seconded by Commissioner Bercut, the above recommendation of the General Manager was approved and he was so authorized.

UNFINISHED BUSINESS

(1) Municipal Government Survey Advisory Committee Report

Over from the previous meeting, the report of the Real Estate Advisory Council of the Municipal Government Survey Advisory Committee was discussed regarding the following properties:

Jackson Playground: Both General Manager Lewis and Recreation Superintendent Kimbell made statements approving the Committee's recommendation that the Jackson Playground be considered for disposal by public sale. Located in a highly industrialized area, the Jackson Playground provides little neighborhood use, and the newly completed Potrero Hill Recreation Center has increased Jackson's ineffectiveness. Mr. Kimbell suggested its retention only until such time as the baseball diamond is supplanted by a new facility at Balboa Park or some other Mission location.

Municipal Gov't Survey Advisory Committee Report (continued)

Drama Workshop: was also recommended for disposal by the Committee. The uses of this building were considered for transfer to the United States Coast Guard Life Boat Station on the Great Highway, scheduled to be taken over by the Recreation and Park Department on April 1, 1952.

Mr. Lewis reported that a Municipal bus route provides public transportation to the Life Boat Station; that the area and buildings are in excellent condition, its perimeter guarded by a chain link fence, and that all rehearsals and other activities would be conducted under supervision.

Both reports were accepted by the Commission, with action deferred.

Awaiting complete study, no report was made nor action taken on the recommendation to dispose of Bay View Park.

On motion of Commissioner Dippel, seconded by Commissioner Buckley, the General Manager was authorized to request the Controller to release Fuhrman bequest funds in the required amount and to proceed with definite plans for accomplishment of the work.

(3) Proposed Abandonment of Columbia Square

Dr. Herbert C. Clish, Superintendent of Schools, and Mr. Robert J. Stoffer, Assistant Superintendent in charge of buildings and grounds, appeared before the Commission seeking reconsideration of the Commission's opposition to the abandonment of Columbia Square.

Dr. Clish reported that he had just come from the meeting of the Judiciary Committee of the Board of Supervisors, where the Commission's letter expressing opposition had been read. He had requested the committee to postpone consideration for two weeks, to April 10, 1952, to permit his conferring with the Commission.

Full discussion of school and recreation problems in the Columbia Square area followed, centering on the adverse effect of the bridge freeway on both schools and playgrounds. The Commission, desiring to cooperate insofar as possible without jeopardizing the limited recreation space and facilities in the Columbia Square district, therefore agreed that the Commission's expression of opposition, as recorded in Resolution No. 682, would be rescinded.

On motion of Commissioner Dippel, seconded by Commissioner Parr, the following resolution incorporating certain important conditions was adopted:

Res. No. 702

Proposed Abandonment of Columbia Square - Action Under Res. No.682 Rescinded

Resolution No. 702

WHEREAS, Dr. Herbert C. Clish, Superintendent of Schools, has, on behalf of the San Francisco Unified School District, appealed to this Commission for reconsideration of the proposal that Columbia Square be placed on the June ballot, to be voted on by the electorate as surplus park property; and

WHEREAS, Dr. Clish, in a graphic presentation, has clearly demonstrated the disadvantages and difficult situation

under which the school system may be forced to operate due to the construction of the Bay Shore Freeway in close proximity to the present school properties; and

WHEREAS, Dr. Clish has assured this Commission that ample recreation and play area would be provided if Columbia Square were to be used for school purposes and that such recreation and play area would be regularly supervised and operated by the San Francisco Unified School District as an adequate neighborhood playground; now, therefore, be it

RESOLVED, that this Commission does hereby withdraw its opposition to the submission to the voters of the proposal to abandon Columbia Square and does rescind its action under Resolution No. 682, meeting of March 13, 1952, expressing such opposition; and, be it

FURTHER RESOLVED, that for the purpose of clarifying this Commission's desires and interests that proper recreation and playground supervision be provided, it does hereby record its preference for the development of Columbia Square in accordance with the layout plan submitted by the Board of Education (Meeting of May 8, 1951), described as Scheme No. 2, in which provision is made for approximately 61,312 square feet of play area on the Harrison Street side of Columbia Square; and, be it

FURTHER RESOLVED, that this Commission's withdrawal of its opposition to the Columbia Square proposal be and is subject to the condition that the Board of Education shall formally approve and accept the development of Columbia Square in accordance with the general plan of the heretofore described Scheme No. 2, and subject, also, to such other conditions relating to the land transfer as the General Manager and President may prescribe to the Board of Education; all conditions to be formally accepted and agreed to, in writing, by the Board of Education prior to the proposition being acted upon by the Board of Supervisors and/or submitted to the Registrar of Voters for certification.

(4) Laurel Hill Area Playground

Referring to the planned interexchange and transfer of title on several school and recreation properties, Commissioner Parr expressed his keen interest in the 14-acre tract now owned by the Board of Education in the vicinity of Presidio Avenue and California Street, generally referred to as the Laurel Hill section. He expressed the need for providing for the future in this location by acquiring adequate park or recreation land now.

Commissioners discussed the present facilities bordering on the district and the neighborhood pattern that prevails there.

Mr. Philip R. Faymonville, Grand Juror, added to the Commission's information by reporting that the City Planning Commission was conducting hearings on the proposed rezoning of the tract from first-class residential to commercial property.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 703

Laurel Hill Playground Area

Resolution No. 703

RESOLVED, that this Commission, in the interests of complete recreation planning, does hereby authorize and direct the General Manager to undertake a complete study of the advisability of acquiring a portion of the Laurel Hill tract for recreation or park purposes, the feasibility of acquiring such property through land exchange with

(5) Supplemental Appropriation - James D. Phelan Beach

The General Manager submitted the report of Mr. George S. Harman, Supervising Engineer, recommending further development and improvements to the stabilization of the James D. Phelan Beach property. The work contemplated consists of additional and corrective construction which is necessary to rectify the deficiencies in the slide area which have developed under the severe tests of high tides, rough weather and rains of the past winter. There has been no failure in the structural work completed last September, but new gutters and drains, as well as some surface drainage system work will be required, as well as providing a structural access ramp from the building to the beach. Mr. Lewis stated he considered the recommendations to be completely in order and asked their adoption.

On motion of Commissioner Dippel, seconded by Commissioner Stern, the following resolution was adopted:

...n. No. 704

...quest for a ...plemental Appro-...riation of $39,000. ...Necessary Work ... Phelan Beach

Resolution No. 704

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby request the Mayor, the Board of Supervisors, and the Controller, to approve a Supplemental Appropriation in the amount of $39,000.00, to provide funds for engineering and professional services and the construction of walls, gutters, drains, fences and ramps, and the stabilization required for the proper development of James D. Phelan Beach; said appropriation for these purposes to be made from such funds as may be legally available in the 1947 Recreation Bond Fund and/or as a secondary source from the surplus in the Unappropriated Balance of Funds in the Real Property Account.

(6) Award of Permits - Coin-Operated Vending Machines

President Sutter reported that complete and thorough review of the sealed bids received by the Secretary on February 8 for the installation and servicing of coin-operated vending machines had resulted in a reconsideration of the permits awarded to the candy bar vendors. The bid proposals stipulated that all seven locations were to be serviced. Therefore, on motion of Commissioner Dippel, seconded by Commissioner Gallagher, Resolutions Nos. 671 and 672, meeting of February 28, 1952, were rescinded and the following resolutions adopted:

(7) Award of Permit - Cigarette Vending Machines

President Sutter advised the Commission that the bids received on February 8, 1952 for cigarette vending machine installations clearly indicated the highest bidder and that additional information subsequently received by the Business Manager could not be entertained or considered without the possibility of disqualifying the bidder submitting such information.

On motion of Commissioner Dippel, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No. 707

Permit Issued to Cigarette Vending Service, Inc. to Install Vending Machines for 20¢ Packages of Cigarettes in Seven (7) Locations

Resolution No. 707

RESOLVED, that this Commission does hereby authorize the issuance of a permit to Cigarette Vending Service, Inc., 4231 - 24th Street, San Francisco, they being the highest responsible bidder, to install coin-operated vending machines at: (1) Lincoln Park Cafe; (2) Harding Park Cafe; (3) Sharp Park Cafe; (4) Golden Gate Park Golf Course Clubhouse; (5) Children's Playground Cafe in Golden Gate Park; (6) Fleishhacker Playfield Booth; and (7) Administration Building, McLaren Lodge, Golden Gate Park; to dispense cigarettes at the rate of twenty cents (20¢) per package, with a payment to the Commission of 11½% of the gross cigarette sales; the term of said permit to expire at the end of the fiscal year 1953, subject to renewal at the pleasure of the Commission; and, be it

(9) Pony Rides

y Rides - To eral Manager r Further Study Report

Over from the previous meeting, the Commission discussed the many factors to be considered in determining policy for future operation of the pony rides at Golden Gate Park and the Fleishhacker Playfield.

President Sutter expressed the opinion that the proposal of a prospective concessionaire to increase the ride price to twenty cents (20¢) would be publicly unpopular. He suggested a possible reduction in the number of ponies and attendants and a possible increase in ride price to ten cents (10¢) per ride.

With Commission concurrence, President Sutter's suggestions were referred to the General Manager for study to determine to what extent operation costs could be reduced and satisfactory service maintained, the study to take into consideration the possible reduction of personnel, feed costs, and the sale of surplus ponies and new harness now in stock. (To be reported at next meeting).

General Manager Lewis made a brief progress report on the Crocker-Amazon properties. He reported the valuation which the Director of Property had placed on the land and stated he had received definite confirmation from the Public Utilities Commission that the property is no longer needed for reservoir purposes; also that the Recreation and Park Commission would have first priority as a purchaser of the property and that it would be possible to resell whatever portion might not be wanted or required for recreation use.

(11) Glen Crags Property

General Manager Lewis reported on a probable tie-in between the Housing Authority's obligation to restore Crocker-Amazon and the Housing Authority's ownership of the Glen Crags property. He asked if the Commission would entertain a proposal of the Housing Authority that, in consideration of releasing the Housing Authority of its obligation to restore Crocker-Amazon, the Commission would receive transfer of the Glen Crags property without cost. Mr. Lewis recommended proceeding with the transaction, provided there were no legal barriers.

On motion of Commissioner Buckley, seconded by Commissioner Dippel, the Commission accepted and approved the General Manager's report and authorized him to convey to the Housing Authority the Commission's expression of favor toward the plan.

REPRESENTATIVES AND DELEGATES

Diamond Heights Redevelopment Project - Planned Recreation Areas

The Secretary read a letter from James E. Lash, Director, Redevelopment Agency, advising that on the basis of estimates supplied to him by the Director of Property, the sum of $20,000.00 is indicated as the net cost to the Recreation and Park Commission for land to be purchased in Diamond Heights.

All Commissioners present were acquainted with the proposed redevelopment plan for the Diamond Heights Area, having received the printed report and recommendations of the Redevelopment Agency and having personally inspected the scale model on display in the Redevelopment Agency office.

Mr. James Lash appeared before the Commission to answer any further questions regarding the resolution submitted for adoption. With one amendment relating to the proper filling and grading of the land before delivery to the Commission, the resolution, on motion of Commissioner Bercut, seconded by Commissioner Dippel. was adopted:

Res. No.710

Diamond Heights Redevelopment Project - Planned Recreation Areas

Resolution No. 710

WHEREAS, the Redevelopment Agency of the City and County of San Francisco in cooperation with the San Francisco Department of City Planning has prepared a Tentative Plan for the Redevelopment of the Diamond Heights Project Area; and

WHEREAS, said Plan includes certain features and proposals of interest and concern to this Commission, namely, as follows:

(1) The provision of a small plaza and a playground in the neighborhood center and a playground at the site of the present quarry, near Thirty-first and Diamond Streets, provision of which will involve purchase of land by this Commission from said Redevelopment Agency and the construction by this Commission of certain improvements thereon;

REPRESENTATIVES AND DELEGATES (continued)

Diamond Heights Redevelopment Project (cont'd)

(2) the retention of the existing Glen Park Playground and Fairmount Plaza; and the retention of most of Douglass Playground with the abandonment of a virtually unused portion of this playground, the same to be acquired from this Commission by the Redevelopment Agency for residential use in accordance with said Plan;

(3) the further use and development of Glen Canyon as a recreation area, the same to involve acquisition by this Commission of certain land now owned by the Housing Authority of the City and County of San Francisco and subsequently the disposition of a portion of said land by this Commission to the Redevelopment Agency for residential use in accordance with said Plan; and

WHEREAS, the aforesaid features and proposals of said Plan have been considered by this Commission and meet with its approval, with the express condition that whatever lands are to be received by purchase or other negotiation by this Commission from said Redevelopment Agency, shall be delivered to this Commission with all banks and areas well stabilized, the sites rough graded, and the grade of flat lands and levels to be not more than one (1%) per cent in any one direction;

NOW, THEREFORE, BE IT RESOLVED, that the Recreation and Park Commission:

(1) Declares its intention of providing the playground facilities included in said Plan in the neighborhood center and near Thirty-first and Diamond Streets at the appropriate time in relation to the development of the Diamond Heights project and to seek to obtain the necessary funds for the purchase of land and installation of improvements for the plaza in the neighborhood center and the two playgrounds mentioned above.

(2) Declares its intention at the appropriate time to undertake the necessary actions to effect the use of an unused portion of Douglass Playground for residential purposes in accordance with said plan.

(3) Declares its intention to acquire certain land from the Housing Authority of the City and County of San Francisco for further use and development of Glen Canyon as a recreation area and subsequently to dispose of a portion of said land to the Redevelopment Agency of the City and County of San Francisco for residential use in accordance with said Plan.

(1) Balboa Soccer Field - Commission Rescinds Resolution #676 Requesting Funds to Enlarge Field for Gaelic Football

The General Manager reported that the Carroll J. Collins Construction Company, engaged in the construction of the Balboa Soccer Field, had submitted a new cost figure for

...e Soccer ...d (continued)

the thirty foot extension of the soccer field to accommodate Gaelic football. The new amount, $17,263.40, is in excess of ten (10%) per cent of the original contract. This was the second upward revision of the estimated cost for the work and, being in excess of 10% of the original contract, the expenditure would require authorization of the Board of Supervisors. Mr. Lewis recommended the rejection of the contractor's figure.

Commissioner Gallagher expressed his opinion that the Commission had made commitments to the Gaelic Football Groups that the soccer field would be enlarged and that withdrawing the request for funds to perform the work was, in effect, a reversal of the Commission's position.*

On motion of Commissioner Stern, seconded by Commissioner Dippel, the following resolution was adopted:

...No. 719

...inding Res. ...676 (Mtg. of ...-52) and Can- ...ing Original ...est for Supple- ...al Appropriation ...30' Extension of ...boa Soccer Field ... Gaelic Football

Resolution No.719

RESOLVED, that this Commission, having been unsuccessful in obtaining the funds originally requested for the enlargement of the Balboa Soccer Field and now being confronted with the time limitation that does not permit of obtaining an even greater amount demanded by the contractor, does hereby rescind its action under Resolution No. 676 (Meeting of February 28, 1952) and hereby cancels and orders withdrawn its original request for a Supplemental Appropriation of funds to enlarge the Balboa Soccer Field.

*Commissioner Gallagher excused from voting.

President Sutter reported that the Commission's recommendation that $18,000.00 be appropriated for a one-year limited operation of Angel Island, as outlined in Resolution #626 was before the Public Lands Committee of the Board of Supervisors on Thursday, April 3, 1952, and that he and Mr. McDevitt were present when it was reported out favorably to the full Board. On Monday, April 7, the Board of Supervisors, considering a declaration of policy favoring acquisition of Angel Island according to the Commission's proposal, deferred action and referred the matter to the Education, Recreation and Parks Committee of the Board of Supervisors to permit interested parties to obtain a full hearing.

(3) Proposed Christmas Illumination

The General Manager reported that two suggested plans for Christmas lighting decoration had received popular public support and press notices. The estimated costs for the two features prepared by Mr. T. M. Grabow, Engineer, list the Christmas Star proposed for Twin Peaks at $6,000.00, and the lighting of Coit Tower to simulate a Christmas Candle at $5,000.00.

Commissioners recognized the attractiveness and desirability of such artistic observances of Christmas, but questioned the advisability of the expenditures because of their awareness of the severe and serious tax problem and the efforts toward municipal economy.

Mr. Lewis emphasized this point by citing Senator Ben Hulse's Interim Tax Committee Report which recommended that local government establish a policy of (1) no expansion of the existing services and no addition of new services; and (2) the limiting of new capital outlay programs to those essential to the public welfare, health and safety.

On motion of Commissioner Parr, seconded by Commissioner Bercut, the following resolution was adopted:

. No. 725

Resolution No. 725

RESOLVED, this Commission expresses regret that, due to the expense involved, it cannot justify any supplemental request to provide funds for special Christmas lighting which, while desirable, cannot be considered as an improvement essential to the public welfare, health and safety.

(6) Kezar Stadium - Wheel-Chair Patients

The General Manager submitted estimates of Mr. T.M.Grabow, Engineer, for the construction of a shelter for hospitalized military personnel, indicating that 30 tons of steel would be required for the structure, construction cost estimated at $16,000.00, and Defense Production Authority approval would be required.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.728
Request for a Supplemental Appropriation of $16,000.00 for Hospitalized Military Personnel Shelter at Kezar Stadium

Resolution No. 728

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby request the Mayor, Board of Supervisors, and the Controller to approve a Supplemental Appropriation in the amount of $16,000 00 from the surplus in the Unappropriated Balance of Funds in the Real Property Account, to provide funds for the construction of a shelter for hospitalized military personnel to witness contests at Kezar Stadium, such a facility being necessary for the convenience and morale of these deserving military patients, many of whom are confined to wheel-chairs and are seriously disabled.

(7) Kezar Stadium - Press Stand, Television & Radio Facilities

The General Manager submitted estimates of Mr. T.M.Grabow, Engineer, for the construction of a press stand, television

and radio facilities, indicating that 20 tons of steel would be required for this structure, estimated cost $75,000.00, and DPA approval would be required.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 729 — Request for a Supplemental Appropriation of $75,000.00 for Press Stand, Television & Radio Facilities - Kezar Stadium

Resolution No. 729

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby request the Mayor, Board of Supervisors, and the Controller, to approve a Supplemental Appropriation in the sum of $75,000.00 from the surplus in the Unappropriated Balance of Funds in the Real Property Account, to provide funds for the improvement and/or provision of a press stand, television and radio facilities at Kezar Stadium, such facilities required to obtain maximum efficiency and best possible use of Kezar Stadium, so that major athletic contests may be attracted to and promoted for this stadium.

...iew Park

(1) From B. W. Booker, Assistant Highway Engineer, inquiring whether or not the removal of earth from Bay View Park, to the extent of from four to eight million yards, could be considered as a source of material to complete the fill on the proposed Bayshore Freeway across the water between Candlestick Point and Sierra Point.

The General Manager suggested that the proposed earth removal from Bay View Park might be a desirable method of imppoving the park area and correcting the present inaccessibility of the park to public use.

Mr. Kimbell stated that the report of the Municipal Government Survey Advisory Committee recommended consideration of the sale or other disposal of Bay View Park as surplus land, and offered the opinion that the Bay View Park land might be rendered more salable for commercial or industrial purposes if it were leveled in accordance with the State Highway proposal.

At the direction of President Sutter and with the Commission's concurrence, the General Manager and the Superintendent of Parks will confer with State Highway representatives for a more detailed proposal and report at the next regular meeting.

(2) From the Board of Supervisors, copy of Resolution #12165, adopted April 7, 1952, requesting the Commission to consider ways and means to provide a Fairyland in Golden Gate or other park in San Francisco.

The General Manager reported that the resolution had been by Supervisor McCarthy, who expressed concern that the Fairyland operated by the Oakland Park Department and financed by public subscription might become a mecca for San Francisco children.

Superintendent of Parks Girod related that the original Fairyland idea had been conceived and recommended by the Park Commission several years ago, but funds had not been appropriated.

After discussion of a garden or area symbolizing historic characters and other similar attractions, the intent of the

(1) Kathleen Norris Properties - Saratoga

President Sutter reported that, at the request of Mrs. Norris he had canceled his call for a special meeting on Wednesday, April 16, to consider the Norris properties and that Commissioners had postponed their visit to Saratoga until after that date.

Commissioners Bercut, Buckley, Dippel, Gallagher, and Sutter had personally inspected the properties and were enthusiastic regarding the site's possibilities for development as a children's municipal camp. Following detailed discussion of the Saratoga site's numerous advantages as compared with the Ike Dye location near Camp Mather, Tuolumne County, and the legal availability of bond funds to purchase the property, on motion of Commissioner Dippel, seconded by Commissioner Stern, the following resolution was adopted:

(2) Approval of Master Plan - Sutro Heights

The General Manager presented to the Commission the Master Plan for the development of Sutro Heights Park, as prepared by Mr. Kenneth F. Jones, Landscape Architect.

Mr. Jones had completed the Master Plan in March 1950 and had received payment under Resolution No. 1932 of the Park Commission; the plan is now being resubmitted for formal approval of the combined Recreation and Park boards.

Mr. Lewis reported that of the $50,000.00 original appropriated for the redesign and redevelopment of Sutro Heights Park in the 1948-1949 Budget, there now remains a balance of $14,900.18 as a result of transfers from the appropriation for other urgent and required work.

Mr. Grabow, Engineer, reported that with approval of the Art Commission, he was prepared to plan initial improvements on the park in the amount of available funds and recommended construction of a children's area and a portion of the irrigation system

MUNICATIONS

(1) From Mrs. Barbara McGilvray, Secretary of Sunset Heights Improvement Club, 1930 Tenth Avenue, requesting the Commission to consider acquiring tax deeded Lots Nos. 3, 4, 5A, 5B, 5C and 5D in Assessor's Block 2034A, said lots having been approved for public sale by the Board of Supervisors and the total minimum sale value having been established at less than $6,000.00.

President Sutter reported that he had personally inspected the properties with the General Manager and the Secretary. It was Mr. Sutter's opinion that unless all of the lots which constitute the base of the Grand View Park circumference were acquired, no particular gain or advantage would be had by purchase of the lots scheduled for public sale on May 28th.

Commissioners studied in detail the block book drawings and an aerial photograph of Grand View Park before determining that the acquisition of the individual lots would not be advantageous.

"AQUATIC PARK - Gerard vs. City -
Superior Court Action No.415907

"Gentlemen:

"Attached is a copy of my letter of April 24,1952, requesting the Western Title Insurance and Guaranty Company to furnish us an up to date title report covering Block 76 of North Beach Water Property, north of Lewis Street, between Van Ness Avenue and Franklin Street, San Francisco.

"This relates to information received from the City Attorney stating that the above court action has been filed against the City, claiming rent for two years from March 25, 1950 to March 25, 1952, in the amount of $104,812.80. The City Attorney has asked that we advise him with respect to the legal ownership of the property in question, and also what interest, if any, certain plaintiffs may have therein.

"Enclosed for your approval is a proposed service order, amount $350.00, in favor of the Title Company to furnish the required title report.

"I understand that the City's Aquatic Park Recreation Pier was built by Healy Tibbitts Construction Company, under a contract dated July 31, 1931. Please advise the date of completion of the pier, and cost thereof.

"We have in our file a copy of a letter dated August 3, 1931, addressed to the Secretary of the former Park Commission, from the local engineers' office; also a photostat copy of permit from the War Department, dated

MUNICATIONS (continued)

July 21, 1931, giving the City the right to use three parcels of land within Fort Mason, in connection with the Construction of the Recreation Pier.

"I would like to have you send me any other permits or data from your files which might be useful to the City Attorney and this office to determine the title and jurisdiction concerning this land, which land apparently lies in deep water as a part of the navigable portion of San Francisco Bay.

"Yours very truly,

/s/"EUGENE J. RIORDAN

"Director of Property."

The Secretary reported that the Service Order for title search would be included in the regular financial transactions to be considered later in the meeting.

On motion of Commissioner Buckley, seconded by Commissioner Bercut, the following resolution was adopted:

FINISHED BUSINESS

(i) Fort Funston Armory Site

The Secretary presented a drawing entitled "Plot Plan, Armory Site, California National Guard, Fort Funston, dated March 29, 1950" showing the location of a 40-foot road right-of-way, providing access from the Skyline Boulevard to the Armory tract.

Mr. Riordan, Director of Property, had requested under letter of April 9, 1952, that a revised Deed for 99 years and which contains a definite description of the 40-foot right-of-way, be approved to supersede the previous Deed.

On motion of Commissioner Bercut, seconded by Commissioner Buckley, the following resolution was adopted:

General Manager's Report - 1952-53 Budget Requests

(2) Report - 1952-1953 Budget Requests

The General Manager reported that the 1952-1953 Budget had been passed and adopted by the Board of Supervisors. It has been generally conceded that the budgets of all city departments, as adopted, reflected a program of rigid economy. Following deletions by the Mayor, the department budget had been adopted by the Board of Supervisors with relatively few deductions; the total budget figure, as finally adopted, will be reported at the next meeting.

1947 Recreation Bond Fund Supplemental Approp'ns

(1) 1947 Recreation Bond Fund Supplemental Appropriation

The General Manager presented to all Commissioners a detailed statement of a proposed request for a supplemental appropriation, the purpose of which will be to provide funds in the amount of $1,979.956.00 for expenditures and certification of contracts and related expenses in connection with the development and/or improvement of recreation areas and playgrounds under the 1947 Recreation Bond Fund Program during the 1952-1953 fiscal year.

Mr. Lewis explained the itemized schedules, and because of the extensive and complex nature of the program, action was postponed to the next regular meeting, to permit Commissioners' study and review.

(3) Sale of Surplus Ponies

The General Manager reported that, in accordance with the instructions of the Commission meeting of March 27, a study had been made of the pony ride situation, resulting in a finding that thirteen ponies are not needed, and he therefore recommended that thirteen of the least desirable ponies be declared surplus and offered for sale.

On motion of Commissioner Dippel, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.755

Sale of 13 Surplus Shetland Ponies Authorized

Resolution No. 755

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby declare a surplus of the Shetland ponies and authorizes that they be offered for sale through the office of the Purchaser of Supplies; and that for purposes of identification for sale, the following listed thirteen animals are identified as to name and age:

The Secretary read a letter from Mr. Roland Demarais, President, Dolphin Swimming and Boating Club, requesting permission to locate their storage boat-house on the shore of Lake Merced, the Dolphin Swimming and Boating Club having been given an eviction notice by the Board of Harbor Commissioners that they must vacate the present location of their boat-house at Waterfront Pier No.54, in order to permit construction of the Santa Fe Railway yards and ferry slip.

(1)b. A communication from Mr. Malcolm W. Steel, Secretary, Pacific Association of Amateur Oarsmen, 291 - 31st Avenue, supporting the Dolphin Club request, and outlining plans for the operation and development of rowing as a recreation activity at Lake Merced, including regular training sessions, shell racing, and regattas.

Commissioners generally approved the plan, the General Manager reporting that there was apparently no conflict between the rowing sport, on the one hand, the Fish and Game Commission, the Associated Sportsmen, or Mr. Aurie Kuntz, concessionaire, on the other.

On motion of Commissioner Dippel, seconded by Commissioner Buckley, the following resolution was adopted:

...No.756

...Agreement - ...in Swimming & ...ng Club - for ...tion of Boat-... at Lake Merced

Resolution No. 756

RESOLVED, that this Commission, in the interest of developing the recreational resources of the Lake Merced area, and in providing a maximum enjoyment of Lake Merced by the general public, does hereby express its general approval of the plan of the Dolphin Swimming and Boating Club to locate a boat-house on the shore of Lake Merced; and, be it

FURTHER RESOLVED, that the General Manager and the Secretary be and are hereby authorized to prepare the terms and conditions of a lease agreement to be entered into with the Dolphin Swimming and Boating Club, covering said boat-house and the activities relating thereto; the lease agreement to become effective upon approval of all terms and conditions by the City Attorney, the Art Commission, and the Board of Supervisors.

(2) From Vining T. Fisher, General Manager of the Parking Authority, requesting adoption of a resolution by the Commission which will authorize publication of the call for bids for the financing, construction, and operation of the St.Mary's Square Garage.

...IFICATIONS (continued)

Mr. Fisher appeared before the Commission to explain that the relaxation of credit controls has encouraged private enterprise to consider the financing of St. Mary's Square Garage.

On motion of Commissioner Bercut, seconded by Commissioner Dippel, the following resolution was adopted:

...No.757

...orizing Legal ...ments for Re-... of Joint Call ... Bids - ST.MARY'S ...E GARAGE

Resolution No. 757

AUTHORIZING PREPARATION OF NECESSARY LEGAL DOCUMENTS FOR RE-ISSUE OF JOINT CALL FOR BIDS BY CITY AND COUNTY OF SAN FRANCISCO AND RECREATION & PARK COMMISSION FOR LEASE OF ST.MARY'S SQUARE AREA AND CONSTRUCTION OF GARAGE THEREON

WHEREAS, the City and County of San Francisco, the Recreation and Park Commission, and the Parking Authority, have entered into a joint working agreement for the accomplishment of the construction of an off-street parking facility in the St.Mary's Square area, and the leasing of same,which agreement is on file in the office of the Clerk of the Board of Supervisors, and

WHEREAS, said working agreement sets forth the joint and respective powers and obligations of the parties in accomplishing said project, and

WHEREAS, certain real property described in said working agreement has been acquired by the City and County and added to the Square area for providing an enlarged parking facility, and

WHEREAS, Charter Section 42 provides that the Recreation and Park Commission of the City and County of San Francisco may lease to the highest responsible bidder for a term not to exceed 50 years and upon such other terms and conditions as it may determine, sub-surface space under any public park or square and the right to conduct and operate therein a public automobile parking station, and

WHEREAS, the real property owned by the City, and the Square which is under the jurisdiction of the Recreation and Park Commission, are to be joined for the purposes of the lease and for use as a garage, and a lease of said two parcels offered to the highest and best bidder for the purposes mentioned herein, and

WHEREAS, by reason of the above mentioned joint interests in said total parcel it will be necessary for the City and County and the Recreation and Park Commission to act jointly insofar as their respective rights and interests are concerned in calling for bids, in determining the highest bidder and in awarding the lease to the successful bidder, and

WHEREAS, the Parking Authority of the City and County of San Francisco has concluded that it is now feasible, and has therefore recommended and requested that the Recreation and Park Commission, acting with the City and County of San Francisco, jointly re-issue a call for bids for the lease of St.Mary's Square area and the construction thereon of an off-street parking facility, and has offered to furnish this Commission with the necessary data, terms, conditions and specifications derived and determined from its studies of said site, for use in inviting such call for bids; now, therefore,

BE IT RESOLVED, that this Commission does hereby request the City Attorney to prepare forthwith an appropriate Call for Bids, a form of Proposal or Bid, the form of Lease, the Specifications and Conditions, and such other documents as are necessary for this Commission to make such invitation for bids, all pertaining to the St.Mary's Square area, and

BE IT FURTHER RESOLVED, that said documents and procedure be in joint form with the City and County of San Francisco

rmission Granted Use of Palace Fine Arts for orage of Public gh School Stage enery and Props.

(6) From Arthur B. Gleditzsch, instructor, High School of Commerce, requesting permission to store, temporarily, in the Palace of Fine Arts, the stage scenery and properties of the public high schools which must be removed from Commerce High School before June 14, and expressing willingness to accept responsibility for use of the space.

On motion of Commissioner Dippel, seconded by Commissioner Bercut, the Commission, with the understanding that it accepts no responsibility for the safekeeping of the properties to be stored, authorized the General Manager to permit storage of public school stage properties in the Palace of Fine Arts Building, and to arrange with Mr. Gleditzsch for the departmental use and possible procurement of such stage sets if and when desired.

(7) From Dr. Harry B. Hambly, Chairman of the United Committees to Save and Restore the Palace of Fine Arts, 2215 Chestnut Street, advising that the Committees are considering the possibility of raising money from private sources for the rehabilitation of the Palace of Fine Arts, and asking the following: (1) They are desirous of receiving from the Recreation and Park Commission some written expression that should they undertake such a program and raise money toward this objective, that the Recreation and Park Department will accept these moneys for the specific purpose of rehabilitating the structure; and (2) They would like also to have the Commission tell them for what purposes the building could be used for, if restored; and whether there are any specific charter or departmental restrictions affecting its use.

After discussion of Dr. Hambly's inquiries, President Sutter directed the Secretary to reply by letter that, if the Committees were to undertake a program to raise funds for the rehabilitation of the Palace of Fine Arts, the Commission would accept funds on behalf of the City and County of San Francisco if the amount presented were sufficient to accomplish the complete restoration; but that an insufficient amount to accomplish the work would not be acceptable. It was to be suggested to the Committees that it seemed advisable to accept donations under a plan by which refunds could be made to donors if the total funds subscribed were not sufficient to accomplish the work.

COMMUNICATIONS (continued)

Place of Fine Arts Rehabilitation (cont'd)

In answer to the second question: uses of properties under jurisdiction of the Commission are limited to recreation and park purposes, as outlined in Section 42 of the Charter.

The Commission expressed willingness to discuss the questions with Dr. Hambly's Committees at some future meeting convenient to both parties.

Beach Chalet Lease

(8) From John R. Wiese, Legislative Director, Associated Taxpayers, 2378 Funston Avenue, requesting the Commission to order immediate cancellation of the lease to Joseph McQuaide Post, Veterans of Foreign Wars, for use of the Beach Chalet, a City property, alleging that the building had been improperly used to the extent that it constituted a breach of contract.

The General Manager reported that he had sought the opinion of the City Attorney, whether the present lease permits the Veterans of Foreign Wars to sub-lease or rent the building to groups other than veterans groups, and for purposes other than activities conducted by veteran groups.

Pending receipt of the City Attorney's opinion, President Sutter postponed further consideration of the Beach Chalet lease.

UNFINISHED BUSINESS

(1) Supplemental Appropriation - 1947 Recreation Bond Fund

President Sutter then called for consideration of the proposed program to establish the financing of planning and construction of several projects under the 1947 Recreation Bond Fund during the coming fiscal year.

Commissioners discussed, and the General Manager explained, the detail of the Supplemental Appropriation Request as presented to the Commission at the previous meeting.

President Sutter expressed the hope that Governmental Regulations would permit the accomplishment of all or some of the recreation projects included in the program for the coming year. He recommended that the Commission adopt the Appropriation Request, as presented, with the understanding that the General Manager and/or the Commission President

(1) Reduced Admission Rates for Children - Fleishhacker Pool "Learn to Swim" Campaign

The Secretary next read the recommendation of Mrs. Helen Center, Supervisor of Swimming, to establish a reduced rate of admission of five cents at Fleishhacker Pool for all children participating in the annual "Learn to Swim" Campaign of the American Red Cross.

Mr. Raymond Kimbell, Superintendent of Recreation, explained that this reduction would stimulate interest in the educational aspect of the swimming program; that class group instruction periods were normally of about one hour's duration, and that the reduced five-cent rate would be a fair charge, particularly to large families in which several children would be receiving instruction.

On motion of Commissioner Stern, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 768

Reduced Rates-Fleishhacker Pool-American Red Cross Annual "Learn to Swim" Campaign

Resolution No. 768

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby establish a reduction in the admission rate at Fleishhacker Pool for children participating in the annual American Red Cross "Learn to Swim" campaign, said reduced rate to be five cents per admission in all classes held week-day afternoons during the period June 16 to August 29, 1952.

(3) Land Purchase - Point Lobos

The Secretary read a letter from Mr. Eugene J. Riordan, Director of Property, in which he submitted for approval of the Commission a resolution to the Board of Supervisors transferring jurisdiction of Lot 7 in Assessor's Block No. 1313 from the Public Utilities Commission to the Recreation and Park Commission.

The Commission recalled that this transfer had been given preliminary approval at its meeting of January 10, 1952 under Resolution No. 618, and a Supplemental Appropriation of $25,000.00 had been initiated for the land purchase at that time.

On motion of Commissioner Dippel, seconded by Commissioner Buckley, the following resolution was adopted:

Res. No. 770

Land Purchase-Point Lobos

Resolution No. 770

RESOLVED, that this Commission does hereby approve and recommend to the Board of Supervisors the purchase of the following described property from the Public Utilities Commission, required for the shoreline development of Land's End and the Point Lobos area and required as a part of Lincoln Park:

That certain strip of land 30 feet in width, being the former Municipal Railway right-of-way, extending from a point near the intersection of 48th Avenue and Point Lobos Avenue, in a general westerly direction to and including the former Sutro Terminal site.

BEING San Francisco Parcels 1 and 21 as described in the deed from Market Street Railway Company to the City and County of San Francisco dated September 29, 1944; also being Lot 7 in Assessor's Block 1313; and, be it

FURTHER RESOLVED, that in consideration of such transfer, the sum of $22,500.00 shall be paid from Appropriation No. 112.600.08 to the credit of the Municipal Railway, and a Work Order in the amount of $500.00 be and is hereby approved, to cover the costs of the Real Estate Department services and expenses in connection with this land acquisition.

(4) Budget Requirements - To June 30, 1952

The General Manager next reported that there was a need for funds in various budget accounts totaling $15,469.00 to meet requirements for completion of the fiscal year operations. Such funds could be obtained through transfers from certain other accounts in which there remain surpluses totaling $37,422.95.

Mr. Lewis recommended Commission approval of intra-fund transfers from the surplus accounts in the amount of $15,469.00 either through the Controller's approval of such intra-fund transfers, or a supplemental appropriation request to the Board of Supervisors, if required.

On motion of Commissioner Dippel, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No. 771

Budget Requirements to June 30, 1952

Resolution No. 771

RESOLVED, that this Commission, in order to meet the departmental operation requirements for the fiscal year, does hereby authorize the Secretary and the General Manager to prepare Intra-fund Transfer Requests totaling $15,469.00, from existing surpluses in various accounts totaling $37,422.95; and if required to accomplish said transfers,

COMMUNICATIONS -

(1) From H. Oehlmann, Executive Vice-President, Yosemite Park and Curry Co., requesting approval of contract covering the operation of saddle horse service at Camp Mather during the 1952 season. Mr. Oehlmann advised that Mr. Joe Barnes will again be in charge of the operation and that only one alteration has been made in the rates of the contract of the previous year, the modification being an increase in the guide rate from $10.50 to $12.00, in accordance with the established schedule of the National Park Service.

On motion of Commissioner Dippel, seconded by Commissioner Buckley, the following resolution was adopted:

Res. No. 773

Approval - Contract Saddle Horse Service - Camp Mather - 1952 Season

Resolution No. 773

RESOLVED, that on recommendation of the General Manager, this Commission does hereby approve and authorize the renewal, with the rate modification of the contract with Yosemite Park and Curry Co., for operation of saddle horse service at Camp Mather for the 1952 season; and the General Manager and Secretary be and are hereby authorized to execute contract for and on behalf of this Commission.

(4) From His Honor, Mayor Elmer E. Robinson, forwarding the letter of Miss Lois Wall, 691 Post Street, protesting the use of Golden Gate Park for road races.

Guardsmen's Sports Car Road Races - Golden Gate Park

The Secretary presented other letters from (a) Mrs. William Bradford Bosley, 1904 Broadway, and (b) Mr. and Mrs. E. Colman, 501 Washington Street, also protesting the road races, and read in full Miss Wall's statement of opposition.

The Secretary then read the letter of Mr. Walter A. Haas, Jr., President of the Guardsmen, expressing to the Commission the thanks of his membership for making a portion of Golden Gate Park available for the road races held May 31, 1952, and for the excellent cooperation received from the department. The public acceptance and press comments regarding the races were all extremely complimentary and the letter expressed a desire to establish the road races as an annual event in Golden Gate Park. Particularly, an expression from the Commission was requested as to its willingness to co-sponsor similar races with the Guardsmen in 1953, subject to approval of final plans which would incorporate added safety features.

In the general discussion, the Commission expressed its satisfaction in having contributed to the financial success of the Guardsmen campership drive through the road races held in Golden Gate Park, at the same time recognizing its responsibility to the public to demand that the event's operation be examined to assure the greatest degree of safety and caution against serious accident.

On motion of Commissioner Stern, seconded by Commissioner Bercut, and carried, the Commission expressed its willingness

COMMUNICATIONS (continued)

(continued) to favorably consider the Guardsmen's request to stage sports car road races in 1953; actual permission to be subject to the submission to the Commission of detailed final plans that meet all safety requirements to the satisfaction of the Commission.

FINISHED BUSINESS -

(1) Additional Land - Aquatic Park

The Commission next considered the report of the Director of Property resulting from the request made to His Honor, Mayor Elmer E. Robinson, that a certain parcel of land adjacent to Aquatic Park be transferred from the Public Utilities Commission, to provide a greater land area for the location of the enclosed municipal swimming pool planned for Aquatic Park. (Commission action of November 1950 under Resolution No. 195.)

A resolution prepared by the Director of Property, for Board of Supervisor action, established the consideration for transfer of the property at $36,995.00. The Commission reaffirmed its desire to acquire the property for the improvement of Aquatic Park.

On motion of Commissioner Bercut, seconded by Commissioner Buckley, the following resolution was adopted:

UNFINISHED BUSINESS (cont'd)

Res. No.789

Additional Land-Aquatic Park

Resolution No.789

WHEREAS, the City and County of San Francisco, a municipal corporation, is the owner of certain real property situated in Assessor's Blocks 430 and 451, San Francisco, California, more particularly described as follows, which property is under the jurisdiction of the San Francisco Water Department:

BEGINNING at the point of intersection of the northerly line of Beach Street produced westerly with the easterly line of Van Ness Avenue; and running thence northerly along said easterly line of Van Ness Avenue 137 feet 6 inches; thence at right angles easterly 123 feet; thence at right angles southerly 171 feet 10½ inches to the center line of Beach Street; thence at right angles westerly along the center line of Beach Street produced westerly 123 feet to the easterly line of Van Ness Avenue, and thence at right angles northerly along the said easterly line of Van Ness Avenue 34 feet and 4½ inches to the point of commencement.
BEING a portion of Lot 1 in Assessor's Block 430 and Lot 2A in Assessor's Block 451; and

WHEREAS, the Recreation and Park Commission, under Resolution No. 195 (November 22, 1950) requested the Mayor to approve the transfer of said property for recreational and park purposes as a part of Aquatic Park; and, subsequently, the the Director of Property reported to the Mayor that said real property has a value of $36,995.00; the proposed transfer has been consented to by the Public Utilities Commission under its resolution No. 11471; is judged to be in conformity with the Master Plan; and is recommended by His Honor, the Mayor; and

WHEREAS, this Commission agrees that no permanent buildings or structures of any kind shall be constructed on the southerly 34 feet 4½ inches of the above described land; now, therefore,

BE IT RESOLVED, that this Commission approves submission to the Board of Supervisors of a resolution authorizing the above described land transfer upon the payment of $36,995.00 from Recreation and Park Appropriation No.112.600.07 to the credit of the Public Utilities Commission.

(6) From J. J. Allen, Secretary, Library Commission, requesting a transfer of a portion of Funston Playground property for a branch public library, and forwarding a copy of the Library Commission's resolution setting forth details relating to the proposed transfer, together with architectural sketches.

Mr. Lewis and Mr. Sutter both reported on an inspection of the Funston Playground area in question, with members of the Library Commission, and expressed satisfaction with the plan to allocate a larger area for the proper setting and orientation of the branch public library building.

UNICATIONS (cont'd)

Mr. Lewis reported that with his approval, the Engineering division had made certain modifications in the boundaries and had slightly reduced the land area requested by the Library Commission.

On motion of Commissioner Dippel, seconded by Commissioner Bercut, the following resolution was adopted:

. No.803

d Transfer to

scinded by
esolution 953 -
g. of 11-13-52)

Resolution No. 803

WHEREAS, the Recreation Commission on January 15, 1948, under Resolution No. 94, consented to a transfer of a portion of Funston Playground to the Library Commission, to be used as a branch library to serve the Marina District, and such transfer was then approved on April 5, 1948, by the Honorable Board of Supervisors under Resolution No.7352 (series of 1939), and subsequently approved by His Honor, Mayor Elmer E. Robinson; and

WHEREAS, the architectural advisors of the Library Commission have emphasized the need for an additional area of the Funston Playground to provide a setting and environment for the branch library in full and complete harmony with the surrounding playground area, and the Library Commission has therefore requested the transfer of an additional land area for branch library purposes within the Funston Playground; now, therefore,

BE IT RESOLVED, that the Recreation and Park Commission does hereby consent to the transfer of further Funston Playground land beyond that originally approved for transfer by the Recreation Commission under Resolution No.94, the parcel hereby approved for transfer being described as follows:

A portion of Funston Playground situated in Assessor's Block No, 469 and more particularly described as beginning on the north line of Chestnut Street at its intersection with the east line of Webster Street extended northerly, thence easterly along the northerly line of Chestnut Street 300 feet, thence at right angles northerly 96 feet; thence westerly at right angles 100 feet, thence northerly at right angles 59 feet; thence westerly at right angles 200 feet, thence southerly at right angles 155 feet along the easterly line of Webster Street extended northerly to the point of beginning.

AND, BE IT FURTHER RESOLVED, that said transfer is approved with the understanding that the property shall be used by the Library Commission for the purpose of erecting a branch library thereon to serve the Marina District; and PROVIDED, FURTHER, that said property shall revert to the Recreation and Park Commission if and when at any future time said property ceases to be used for public library purposes.

PRESENTATIVES AND DELEGATES

(1) McLaren Park Lands - District Request for Land Acquisition.

Laren Park Lands- strict Request Land Acquisition

A delegation comprised of Mrs. Ocean Jolly and Mr. Lou Jolly, Editors of the Guide Publications, a district newspaper, Mr. Joseph L. Cimino, Vice-president, Reis and Paul Improvement Club, and others, appeared before the Commission in the interests of the McLaren Park development.

The Secretary read three communications from the following organizations: Reis and Paul Tract Improvement Club, #9 Tioga Avenue; Visitacion Rod & Gun Club, Woodmen of the World Hall, Raymond Avenue; and Bon Vitas Club, 111 Raymond Avenue, all of which requested the Commission to take whatever steps may be necessary to insure reimbursement in cash from the Board of Education for the 16 acres to be transferred from McLaren Park for public school use as a result of the passage of Proposition "E" in the Municipal Election of June 3. They further asked that the moneys received be placed in a McLaren Park Fund for further land purchase, rather than remaining in a Land Reserve Fund.

Each of the three delegates spoke in behalf of their request, and following considerable exchange of viewsand discussion with Commission members, President Sutter assured the visitors that it was the Commission's intention to use whatever assets that might be derived from the sale of the McLaren Park properties for the purchase of other McLaren Park land which may be required. Mrs. Jolly thanked the Commission for the assurances given.

(2) Hamilton Playground Changes - Redevelopment of Western Add'n

ilton P/G nges

The Secretary read a letter from Mr. Morgan A.Gunst, Chairman of the Redevelopment Agency of the City and County of San Francisco, which summarized the recommendations of that agency for the redevelopment of the Western Addition and which directly concerned the location of a community recreation center in that area. In essence, the preliminary plan formulated by the City Planning Commission proposed the provision of a community playground south of Geary Street, and the reduction in the size of the present Hamilton Playground by the removal of a 78-foot strip for the widening of Geary Street. The plan estimated the recreation lands in the area to consist of 5.48 acres south of Geary Street and 1.86 acres remaining in Hamilton Playground. The letter elaborated on the methods and procedures whereby an equitable exchange of values could be arrived at in the acquiring of larger playground areas.

A delegation appeared before the Commission to express varying opinions and views regarding plans for the development of Hamilton Playground and the recommendations of the Redevelopment Agency.

Commissioners listened to the controversy over whether the proposed swimming pool and recreation center should be located within Hamilton Playground, or located in the area sug-

gested for redevelopment south of Geary Street. Spirited discussions centered around the proposed widening of Geary Street and the resultant reductions of Hamilton Playground for a distance of some 78 feet on the south side of Hamilton Playground.

Among those speaking for the retention of the plan to construct the community center and swimming pool in Hamilton Playground were: Mrs. Bryne Golic, Mrs. Ora Jones, Mrs. Meta Rothschild, Mrs. Evelyn Lewis, and Mr. Alfred C. Simmons.

The issue of greatest concern to these delegates was the length of time which would elapse before the redevelopment program could be carried out and the delay which the residents of the district might encounter before a community center and swimming pool could be provided for the district.

Direct questions were asked as to when the acquisition of land would commence and when complete accomplishment of the redevelopment program could reasonably be expected.

Mr. James E. Stratten, a member of the Redevelopment Agency, formerly Director of the Booker T. Washington Center, and long-time resident of the Hamilton district, informed the speakers that the Redevelopment Agency was both firm and sincere in its intention to commence land acquisition by the middle of 1953, but could give no definite answer on the time requirement for completion of the program. Mr. Stratten voiced strong opposition to the construction of the swimming pool and center at Hamilton Playground, basing his position on his years of professional experience in the recreation field and his firm conviction that separation of those facilities from the area planned for south of Geary Street would be the wrong type of planning, resulting in later incomplete service and public dissatisfaction.

President Sutter, speaking for the Commission, informed all delegates that it was the Commission's desire to act in accordance with the wishes of the community and to do what would be best for the district. He proposed that the people of the Hamilton district gather in public meeting and reach an understanding and then submit to the Commission a recommendation that would be representative of their wishes. Delegates fully endorsed this suggestion, and President Sutter, along with other Commission members, offered to be present and participate in the public meetings.

(3) Request for Telephone Booths - Union Square

Request for Telephone Booths at Union Square (Postponed to August 14 Meeting)

The Secretary read a letter from Mr. Roy N. Buell, Division Manager, Pacific Telephone & Telegraph Company, requesting the Commission to reapprove Resolution No.454 adopted on June 28, 1951, under which the Commission granted permission for the installation of 2 outdoor public telephone booths in Union Square. The application of the Telephone Company to install the booths had been subsequently disapproved by the Art Commission and resubmission of the request was being made by the Telephone Company on its premise that there exists a definite and urgent need for the service there.

Mr. N.A.DeStefano and Mr.P.I.Sullivan, representatives of the Telephone Co. stressed the need for services and the importance of the installations in the event of emergency, and as a supplement to Civil Defense.

Mr. Girod, Superintendent of Parks, informed the Commission that the Art Commission had found the phone booth structures incompatible with Union Square's purposes and objectionable from the artistic aspect.

On motion of Commissioner Buckley, seconded by Commissioner Gallagher, the General Manager was asked to ascertain from the Chief of Police whether or not a need exists for public phone booths in Union Square and to report on the Police Department's recommendation at the next regular meeting.

(2) From His Honor, Mayor Elmer E. Robinson, requesting the transfer to the Department of Public Works of a small part of Pine Lake Park, at the easterly side of 34th Avenue and Wawona Street intersection, to provide suitable street area and proper traffic control.

On motion of Commissioner Stern, seconded by Commissioner Dippel, the following resolution was adopted:

...No.826

...sfer of Part ...Pine Lake Park ...Dept.Public Wks. ...Street Purposes

Resolution No. 826

WHEREAS, the Director of Public Works has requested that a small part of Pine Lake Park be transferred to the Department of Public Works to provide suitable street area at the intersection of Thirty-fourth Avenue and Wawona Street, and His Honor, Mayor Elmer E. Robinson, in accordance with Sections 160 and 161 of the Municipal Code, recommends and requests the said transfer as a matter of public convenience; now, therefore, be it

RESOLVED, that this Commission does hereby consent to the transfer of jurisdiction to the Department of Public Works of a parcel strip of land situated at the easterly side of the intersection of Thirty-fourth Avenue and Wawona Street, approximately ninety (90') feet long, with a maximum width of ten (10') feet (a legal description to be incorporated in the official transfer to be submitted to the Board of Supervisors); and, be it

FURTHER RESOLVED, that this Commission consents to said land transfer without monetary or other consideration, the Director of Property having placed a nominal value on the small parcel in question.

(3)a. From John H. Cronin, Jr., President, South End Rowing Club, requesting permission to erect a rowing shell boat-house on the shore of Lake Merced; outlining the advantages of the lake for promoting and increasing the popularity of crew racing, and enclosing a tentative sketch of the structure propcsed.

COMMUNICATIONS (cont'd)

(3)b. From Malcolm W. Steel, Secretary, Pacific Association of Amateur Oarsmen, a letter in support of the foregoing request.

...e Merced - ...w Racing & ...t-Hours

Commissioners wholly supported the idea of developing the rowing and sailing resources of Lake Merced. Commissioner Buckley endorsed the character of the rowing and crew members who have locally identified themselves with the sport for many years.

President Sutter and Commission members desired further detailed information before taking firm action, and referred the request to the General Manager to discuss details of location, financing, and leasing with the rowing representatives, for later presentation.

(4) From Harold W. Purser, Chairman, District Council No. 7, Associated Sportsmen, requesting permission to lease a parcel of land in the Lake Merced area for the purpose of constructing a sportsmen's center thereon.

Both Mr. Purser and Mr. James Fox, representing the Associated Sportsmen, were present and addressed the Commission, explaining the purposes of their organization in promoting the interests of fishing and game conservation.

As in the case of the preceding matter, Commissioners were most favorable toward the idea of further developing Lake Merced and accommodating the sportsmen's groups, but desired more preliminary planning before acting. The request was referred to the General Manager for further development and consolidation of the ideas and plans of both the rowing and sportsmen's groups.

Redevelopment of Hamilton P/G Area and Location of Swimming Pool

(6) Redevelopment of Hamilton Playground Area

The Secretary read two communications relating to the redevelopment of the Hamilton Playground Area:

(a) From Morgan A. Gunst, Chairman of the Redevelopment Agency of the City and County of San Francisco, namely, that the tentative plan for the commercial shopping area at the E. end of Hamilton Playground had been changed and would now permit the use of that section for playground purposes. Also that properties south of Geary Street, presently designated for purchase and development by the Recreation and Park Department (according to the Redevelopment Plan) had a fair value estimate of $350,000.00

(b) From Dr Herbert C. Clish, Superintendent of Schools, a copy of his letter of June 30, 1952 to the Redevelopment Agency, outlining the Board of Education's views that the Recreation and Park Department should construct the swimming pool south of Geary Street and adjacent to the Benjamin Franklin Jr. High School.

A large delegation of interested residents of the Hamilton Playground District appeared before the Commission in anticipation that final action on the proposed location of the swimming pool might be taken by the Commission.

Following a broad and free discussion of the Hamilton problem, with many delegates addressing the Board, President Sutter explained that several questions remained unanswered on the Hamilton improvement, including the National Production Authority restrictions on such improvements, the traffic plan for a 78-foot reduction of the play area, and lack of funds for land purchase south of Geary Boulevard. President Sutter deemed it proper and in the best interests of the Commission to postpone action.

Commissioner Buckley requested that the record be made clear regarding the recent neighborhood meeting held at the Hamilton Playground. He urged a clear understanding that the Commission's sole purpose in attending was to obtain an expression of the sentiment in the neighborhood, and that the Commission had made no commitment nor taken any official action at the time of that neighborhood meeting. All present were in general agreement on Commissioner Buckley's point.

The Secretary was instructed to notify the Hamilton delegates when final consideration of the swimming pool location is placed on the calendar for final action.

Swimming Pool Facilities - South of Market Street

(7) Swimming Pool Facilities - South of Market Street

The Secretary read a communication from Philip Dindia, President, Bernal Boosters, Inc., calling attention to the lack of swimming pool facilities in the south half of the city, and again suggesting that Garfield Square be considered as a suitable location.

The Secretary was directed to reply that Garfield Square is one of three locations being given primary consideration as a possible site for the Mission District swimming pool, and that NPA restrictions are continuing in effect, thus delaying the development and adoption of final plans.

(3) Rejection of Bids - Reconstruction of Sea Wall and Other Improvements to Yacht Harbor

The Secretary reported that bids for the Reconstruction of Sea Wall and other improvements to Yacht Harbor were received on Friday, July 18, 1952, as follows:

(1) HEALY-TIBBITTS CONSTRUCTION CO. $92,900.00
411 Brannan Street, S. F. 7

(2) PACIFIC BRIDGE COMPANY $89,500.00
333 Kearny Street, S. F. 8

Subsequent to the receipt of the bids, a letter was received from Punnett, Parez & Hutchison and J. E. Hayes, Consulting Engineers for the above work, expressing the opinion that the bids received were unjustifably high and that the interests of the City would be best served by rejecting said bids and calling for new bids. This recommendation was concurred in by Mr. T. M. Grabow, department engineer.

On motion of Commissioner Dippel, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.852

Rejection of Bids - Reconstruction of Sea Wall and Other Improvements to Yacht Harbor - Authorization to Call for New Bids.

Resolution No. 852

RESOLVED, that this Commission, on recommendation of the consultant and department Engineers, does hereby reject all bids received on Friday, July 18, 1952, for the Reconstruction of the Sea Wall and Other Improvements to Yacht Harbor, said bids being excessively high and beyond cost estimates; and, be it

FURTHER RESOLVED, that the General Manager and the Secretary be and are hereby authorized and directed to call for new bids under four separate contracts for the following categories of work: (a) Reconstruction of seawall; (b) Repairing floats and constructing new floats; (c) Piling work, pedestrian pier, gangway, and replacing braces in existing piers; and (d) Dredging.

(6) Art Commission Use of the Palace of Fine Arts.

The Secretary read a letter from Mr. Joseph H. Dyer, Jr., Secretary of the Art Commission, requesting permission to use the Palace of Fine Arts from September 15 to October 18, 1952, for presentation of the Art Festival from October 7 to October 12.

Messrs. Dyer, Snipper and Merriwood appeared before the Commission to explain the details of the written request.

On motion of Commissioner Buckley, seconded by Commissioner Dippel, the following resolution was adopted:

Resolution No. 854

WHEREAS, under Resolution No. 610, the Recreation and Park Commission closed the Palace of Fine Arts to public assemblage until such time as the structure could be repaired and installations made in accordance with the recommendations of the Chief, Division of Fire Prevention and Investigation, San Francisco Fire Department; and

WHEREAS, the Art Commission has requested permission to use the Palace of Fine Arts for a public Art Show, upon condition that said Art Commission shall make all necessary repairs and installations as set forth in its Resolution No.3162; now, therefore, be it

RESOLVED, that this Commission does hereby grant permission to the Art Commission to use the Palace of Fine Arts from September 15 to October 18, 1952, for the purpose of conducting an Art Show, PROVIDED AND IT SHALL BE A CONDITION PRECEDENT TO THIS RESOLUTION, that the Art Commission shall make all repairs and installations as set forth in the Superintendent of the Bureau of Building Inspection's letter of July 16, 1952, and the Division of Fire Prevention and Investigation's letter of December 26, 1951; and that written clearances be obtained from these departments and delivered to the Recreation and Park Commission prior to public use of the structure.

(8) Invitation Declined - International Flower Fiesta

The Secretary read a letter from Mr. Roger E. Montgomery, Managing Director, San Francisco International Flower Fiesta, inviting the Recreation and Park Department to participate as an exhibitor in the non-commercial group.

The Commission considered the importance and responsibility attached to creating and staging a worthy display. With no funds provided in the 1952-1953 budget to meet the labor, materials, and other expenses required for this event, President Sutter, therefore, in prudence and with regret, directed that the invitation be declined.

(4) From Harlan B. Watkins, Chief, Real Estate Division, Corps of Engineers, U.S.Army, requesting permission to continue occupancy of two small parcels of Marina land, adjacent to Fort Mason.

The Secretary explained that these parcels of land had been used by the Army since July 23, 1943 as part of the governmental operation of Fort Mason. The leases entered into by the former Park Commission will terminate October 28, 1952. Continued use would be arranged under a five-year lease agreement, to be approved by His Honor, Mayor Elmer E. Robinson, under emergency powers vested in him pursuant to Section 25 of the Charter, File #6838, enacted by the Board of Supervisors September 18, 1942.

(5) From Mr. Morgan A. Gunst, Chairman, Redevelopment Agency, forwarding a resolution of that board requesting early action on the proposed transfer to the Recreation and Park Department of the land now owned by the Housing Authority in the Diamond Heights area, and hoping for Commission concurrence at an early date.

The General Manager recalled to the Commission the proposal whereby certain Glen Park property now owned by the Housing Authority would be transferred to the Commission in consideration of the release of the Housing Authority from its obligation to restore the Crocker-Amazon property when vacated. At present, the City Attorney's office has been asked to investigate the legality of the proposition and to draw up the proper papers to effect transfer. Mr.Gunst's letter was, in effect, a request for prompt action.

St. Mary's Square Garage - Award of Bid Postponed to Special Meeting

Mr. Albert H. Jacobs, Chairman of the San Francisco Parking Authority, and Mr. Vining T. Fisher, General Manager, appeared before the Commission to submit the recommendation that the award of the bid for the financing, construction and operation of the St.Mary's Square Garage be made to S. E. Onorato, Inc. and W. & B. Realty Company, as the highest responsible bidder.

Others present in support of the Parking Authority recommendations were Mr. Onorato (bidder), Mr. Cole and Mr.Thomas Wasser, engineer and architect, respectively, Mr. Haas and Mr. Heeney, contractors.

For the reason that the Commission had no prior opportunity to study or review the three plans submitted by the bidders, or to consider the reports of the City Attorney, City Engineer and Controller, Chairman Parr suggested a postponement of action and a full and complete hearing on the subject at a special meeting to be held when the full membership of the board could be present.

The Secretary was instructed to arrange the time and meeting place after having conferred with President Sutter.

(3) Duboce Park Designated as Site of Central Activities Bldg.

The General Manager reported that under the 1947 Recreation Bond Fund, $200,000.00 had been earmarked for the construction of a Central Activities Building in which to conduct such activities as photography, folk dancing, orchestra, weaving, hand-craft and other related forms of recreation. Much attention had been given to the requirements of the proposed structure and the selection of a suitable location by the staff members who would be directly concerned.

Results of these studies which have been in preparation since August 1950 indicate that Duboce Park is the most centrally located property and the one which would, geographically, give the best service to the public. Mr. Lewis, therefore, recommended that the Commission designate Duboce Park to be the site on which the Central Activities structure would be constructed.

On motion of Commissioner Bercut, seconded by Commissioner Buckley, the following resolution was adopted:

(9) Architectural Services Assigned to Various Bond Fund Projects

The General Manager reported that announcements had been made by the National Production Authority that restrictions on recreation construction would in all probability be entirely removed by April of 1953.

In anticipation of this permission to renew the 1947 Recreation Bond Fund Construction Program, Mr. Lewis asked the Commission to authorize first steps toward a preparation of plans on certain projects so that work might be started as soon as Federal restrictions were lifted.

On motion of Commissioner Bercut, seconded by Commissioner Buckley, the recommendations of the General Manager were approved by adoption of the following resolution:

. No.874

chitectural Services Assigned to rious Bond Fund jects

Resolution No. 874

RESOLVED, that this Commission, in order to accomplish the early preparation of plans and specifications for recreation improvements, and thus avoid delay in the construction of said contemplated improvements following the lifting of NPA restrictions scheduled for April, 1953, does hereby designate and assign the following architectural firms to perform work on the respective projects as follows:

Aquatic Park Swimming Pool	Fred H. Riemers
Central Activities Building	Wm. Mooser & John W. Gloe
Laurel Hill	Paul A. Ryan
Junipero Serra	Wm. Mooser
Eureka Valley	A. Appleton
Hayward	Chas. F. Strathoff

AND, BE IT FURTHER RESOLVED, that the General Manager and the Secretary be and are hereby authorized to negotiate for submission to this Commission, for final approval, contracts covering the architectural services to be employed on the projects listed above.

A Special Meeting of the Recreation and Park Commission, for consideration of bids and award of contract for the St.Mary's Square underground garage, was called to order on Wednesday, September 3, 1952 at 11:00 A.M. in the Commission Offices, McLaren Lodge, Golden Gate Park, San Francisco - President Sutter presiding.

The following Commissioners were present:

Mr. Louis Sutter, President
Mr. Peter Bercut
Mr. Michael J. Buckley
Mrs. Henry J. Dippel
Mr. Fred D. Parr
Rev. Eugene A. Gallagher

Mr. Albert H. Jacobs, Chairman of the Parking Authority, City and County of San Francisco, addressed the Commission and submitted a written recommendation of the Authority that award of bid for the financing, construction, and operation of St. Mary's Square Garage be made to S.E.Onorato, Inc. and W.& B. Realty Company as the highest responsible bidder.

Officers, attorneys and architects of the Union Square Garage, Incorporated and St. Mary's Square Garage Corporation, the other two bidders, presented arguments supporting their proposals and submitted sketches of their proposed garage structures for comparison with the Onorato structure.

During the ensuing two and one-half hours of spirited debate all interested parties were given full opportunity to present their views and recommendations.

Mr. Ralph Wadsworth, City Engineer, resolved an important part in the discussion when he assured the Commission that the proposed treatment of the restoration of the surface of St. Mary's Square, in all three plans, was substantially in accord with the general plan furnished by the Commission; and that the elevation of the restored park surface, in all three plans, would not exceed the maximum permitted by the Call for Bids.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was unanimously adopted:

APPROVING AND ACCEPTING BID OF S.E.ONORATO, INC. AND W.& B. REALTY CO. IN RESPONSE TO JOINT CALL FOR BIDS BY THE CITY AND COUNTY OF SAN FRANCISCO AND THE RECREATION AND PARK COMMISSION, FOR LEASE OF ST.MARY'S SQUARE SUB-SURFACE AND ADDITIONS THERETO FOR CONSTRUCTION OF OFF-STREET PARKING GARAGE AND AWARDING SAID LEASE TO SAID BIDDER AS HIGHEST RESPONSIBLE BIDDER.

WHEREAS, the City and County of San Francisco, a municipal corporation, and the Recreation and Park Commission of the City and County of San Francisco, and the Parking Authority of the City and County of San Francisco, entered into a joint working agreement dated November 9, 1950, the original of which is on file in the office of the Clerk of the Board of Supervisors of said City and County of San Francisco, the purpose of which was to establish the respective duties and powers of said three bodies in connection with the leasing of the sub-surface area of St.Mary's Square and certain additions thereto for the purpose of constructing and operating an off-street public garage thereon, and

WHEREAS, the Board of Supervisors of the City and County of San Francisco, on the 16th day of June, 1952, adopted Resolution No. 12339 and the Recreation and Park Commission, on the 12th day of June, 1952 adopted Resolution No.780, wherein each body respectively approved the legal documents required to be used in connection with a joint call for bids for the leasing of said land and the construction of said contemplated garage, copies of which legal documents are on file in the office of the Clerk of said Board, and respectively authorized and directed the publication of said joint call for bids for the lease and construction of said off-street public garage, as aforesaid, and

WHEREAS, said joint call for bids by the City and County of San Francisco and the Recreation and Park Commission was published in The San Francisco News, the official newspaper of the City and County of San Francisco, the date of first publication being June 21, 1952, and the joint call for bids having notified prospective bidders, among other things, that on June 21, 1952 and for 44 days thereafter sealed bids would be received for a lease not to exceed 50 years of said sub-surface space beneath St.Mary's Square and the sub-surface, surface and above-surface space of said additions thereto, for the purpose of constructing and operating therein a public automobile garage and parking station, and

WHEREAS, said joint call for bids notified prospective bidders of the availability to them of all official, approved and adopted legal documents proposed to be used in connection with the said lease, and set forth certain minimum specifications and requirements to be observed by prospective bidders in connection with the preparation and submitting of bids for said lease, and notified said prospective bidders of certain conditions to be observed in connection with said bids and referred said prospective bidders to the contract documents which consisted of:

(a) Public Call for Bids;
(b) Bid;
(c) Lease;
(d) Surface Plan and Elevations of St.Mary's Square;
(e) Specifications for Restoration of Surface of St.Mary's Square;
(f) Affidavit of Non-Collusion;

and

WHEREAS, the Director of Property of the City and County of San Francisco at the office of the Parking Authority of said City and County, at 500 Golden Gate Avenue, San Francisco, pursuant to the provisions of said joint call for bids and immediately following the hour of 10 o'clock A.M. on the 44th day after June 21, 1952, (being August 4, 1952) opened and published three sealed bids being the only bids which has been filed during said authorized period, submitted by the following named bidders:

1. S.E.Onorato, Inc. and W.& B. Realty Co.
2. Union Square Garage, Inc.
3. St.Mary's Square Garage Corporation

and

WHEREAS, bidder S.E.Onorato, Inc. and W.& B. Realty Co. proposed entering into said lease for a term of 33 years and offered a monthly rental of 4% of the gross revenue as defined in said lease, said rental not to be less than $1,225.00 per month as a minimum rental, and

WHEREAS, Union Square Garage, Inc. proposed entering into a lease for a term of 40 years, paying 3½% of the monthly gross revenue but not less than $1,170.00 per month as a minimum rental and offered as additional consideration to add an additional 1% of said monthly gross revenue commencing on the first day of the 325th month of the lease, conditioning its bid upon financial assistance by the City and

County of San Francisco in an amount not to exceed $250,000.00, and

WHEREAS, St.Mary's Square Garage Corporation proposed a lease of 50 years, offering a rental of 4½% of the monthly gross revenue but not less than $1,250.00 as a minimum monthly rental, and

WHEREAS, copies of each of said three bids, and all respective supporting documents thereto, have been filed heretofore with the Secretary of the Recreation and Park Commission, and

WHEREAS, the City Attorney of the City and County of San Francisco at the request of said Parking Authority, on August 13, 1952, rendered his opinion No. 596 entitled "ST.MARY'S SQUARE GARAGE - SECOND CALL FOR BIDS," a copy of which is on file in the office of the Clerk of the Board of Supervisors, that each of said three bids submitted in response to said joint call for bids was and is in due and legal form and completely responsive to said joint call for bids, and that the provisions of Section 12 of said joint call for bids will permit the Board of Supervisors and the Recreation and Park Commission to consider the bid of Union Square Garage, Inc. only in the event that the other two bids are deemed unacceptable by them, and

WHEREAS, the City Engineer of the City and County of San Francisco, in response to the request of said Parking Authority, on August 12, 1952 and after consideration and study of each said three bids and the plans, designs and specifications of the respectively proposed garage structures, the proposed treatment of the restoration of the surface of St.Mary's Square and the proposed elevation of the restored park surface, all in response to the minimum specifications contained in said call for bids and contract documents, rendered his opinion, a copy of which is on file in the office of the Clerk of the Board of Supervisors, that the plans accompanying each of said three bids contemplated first-class construction conforming with the San Francisco Building Code and met with the requirements of the call for bids as to number and size of parking stalls, width of aisles and arrangements of entrances and exits and that the proposed treatment of each bidder of the restoration of surface of St.Mary's Square is adequate and substantially in accord with the general plan required by the Recreation and Park Commission, and that the elevation of the restored park surfaces proposed by each of said bidders does not exceed the maximum permitted by said call for bids and determined that each of the three bids is acceptable from an engineering and construction standpoint, and

WHEREAS, the Controller of the City and County of San Francisco, after an analysis, consideration and study of each of said three bids in respect to their advantages and benefits financially to the City and County of San Francisco and the Recreation and Park Commission, submitted to said Parking Authority his financial analysis of each of said three bids and his conclusions in connection therewith, copies of which analyses are on file in the office of the Clerk of the Board of Supervisors, and

WHEREAS, the Director of Property of the City and County of San Francisco, after study, consideration and analysis of each of said three bids, has submitted his conclusions and recommendations in connection therewith, copies of which analyses are on file in the office of the Clerk of the Board of Supervisors, and

WHEREAS, copies of the opinions of the City Attorney and the City Engineer and copies of the analyses and conclusions of the Controller and the Director of Property have been filed heretofore with the Secretary of this Commission, and

WHEREAS, the Parking Authority of the City and County of San Francisco has considered each of said three bids, the plan, design and engineering detail submitted in connection

therewith, and has considered said opinion of the City Attorney, said opinion of the City Engineer and the conclusions and analyses of the Controller and the Director of Property, as well as all other information available pertaining to said lease and project, including the written advice of bidder Union Square Garage, Inc. dated August 14, 1952, that it was prepared to withdraw the said condition in its bid referring to financial assistance by the City and County of San Francisco in the event that it was awarded the lease, and

WHEREAS, the Parking Authority at a special meeting held on August 25, 1952 adopted Resolution No.70 wherein it determined that each of said three bidders is financially sound, completely responsible and thoroughly able to lease and construct said garage and operate said garage on the aforementioned site, and found and determined that each of said three bidders has submitted plans, designs and specifications for a satisfactory and acceptable garage and found and determined by comparison with the two other bids that the bid of S. E. Onorato, Inc. and W. & B. Realty Co. is the highest responsible bid and recommended that the bid of said S. E. Onorato, Inc. and W. & B. Realty Co. be accepted and that said lease be awarded to this bidder as the highest responsible bidder, and

WHEREAS, the Recreation and Park Commission has studied, compared and considered each of said three bids, and every part thereof, including the said offer of Union Square Garage, Inc. to withdraw its said condition and has studied and considered the aforesaid opinions, recommendations and conclusions and the financial statements of each of said three bidders, including their respective responsibility and ability to lease, construct said garage and operate said garage on the aforementioned site, and all other available pertinent information in respect to the St. Mary's project, and

WHEREAS, the use of any part of St.Mary's Square which will be made by virtue of the construction or operation of said garage or in any way in connection with off-street parking or otherwise in relation to said entire project is in no material respect or degree detrimental to the original purposes for which said Square was dedicated, nor in contravention of the grant or other act by which said Square was received by the City and County, nor is such use in any manner or to any degree inconsistent with full enjoyment by the public of said Square for park purposes.

NOW, THEREFORE, BE IT RESOLVED:

Section 1. The Recreation and Park Commission finds and determines that each of said bidders is financially sound, completely responsible and thoroughly able to lease, construct said garage and operate said garage on the aforementioned site.

Section 2. The Recreation and Park Commission finds and determines that each of said three bidders has submitted plans, designs and specifications for a satisfactory and acceptable garage.

Following full discussion by Commission members, and a report by the Superintendent of Recreation, Mr. Kimbell, the Secretary was instructed to reply to the effect that: (1) at the present time Garfield Square has the highest priority and staff recommendation as the site on which an enclosed swimming pool would be constructed to serve the Mission District; (2) that it is most unlikely that a 1953 budget request would be approved for the construction of a recreation center at Garfield Square; therefore, if a recreation center

were to be built at Garfield Square, the Commission would seek funds from other sources--possibly from the Recreation Bond Fund; (3) the Commission cannot, at this time, give a definite answer on the construction of a community center at Garfield Square. This is presently a matter of staff study to prepare recommendations on recreation improvements for the entire inner Mission District.

(3) From Janet Pomeroy, 25 Ninth Avenue, San Mateo, United Cerebral Palsy Association, requesting the use of recreation facilities, including a building for use in conducting a continual program for children having cerebral palsy.

Recreation Superintendent, Mr. Kimbell, reported that the Cerebral Palsy program would in no way interfere with regular department activities and would add no additional cost to his division's operation. He recommended the Wawona, West Portal or J. P. Murphy clubhouses as suitable locations, the final selection to be made with Cerebral Palsy authorities.

ISHED BUSINESS

(1) From Mrs. Helen Winckelman, 61 Park Plaza Drive, Daly City, requesting permission to keep two horses in the Polo Stables in Golden Gate Park.

idual Rentals-
Stables -
Gate Park

The Secretary reported that a formal opinion had not yet been received from the City Attorney regarding the stabling of privately owned horses at the Polo Stables, but that he had been informally advised that park and recreation facilities may not be turned over to private parties for their use.

Commissioner Bercut stated that no past consideration had ever been given to stable rentals on a part-time basis during the 6-months' period when the stalls were empty. He was of the opinion that if such a rental were judged legal, it would then be up to the Commission to decide, as a matter of policy, whether it would then rent the stables to the public, provide the necessary personnel for proper operation and services, also provide adequate safeguards and insurance, and establish proper fees and charges.

(2) Hamilton Playground Designated as Swimming Pool Site

President Sutter reported that he and Mr. Lewis had met with Public Works' officials to ascertain whether a reduction could be made in the contemplated 78-foot narrowing of Hamilton Playground, to provide for the widening of Geary Boulevard.

The result of the meeting showed that the entire 78-foot strip would be required to permit construction of eight 12-foot lanes, a 6-foot center strip and sidewalk areas, for a total overall Geary Boulevard width of 126 feet.

The Commission again reviewed and discussed the question whether the enclosed swimming pool planned for the Western Addition should be located on Hamilton Playground or on the property to be acquired from the Redevelopment Agency, located south of Geary Boulevard.

On motion of Commissioner Dippel, seconded by Commissioner Stern, the following resolution was adopted:

...lo.885

Proposed Sidewalk Cafe - Union Square

Mrs. Kathleen G. Pile, 57 Tunnel Road Berkeley, appeared before the Commission to present her proposal for a sidewalk cafe in Union Square.

Mrs. Pile submitted sketches of a glass-enclosed eating area and gave a word picture depicting a gay and attractive refreshment service.

The Secretary informed the Commission that Mrs. Pile had presented a similar proposal to the former Park Commission at the meeting of April 26, 1950, at which time the request was denied without prejudice toward any future proposal submitted by the applicant.

The Secretary also read a letter from Mr. C. F. DeLano, Executive Vice-President of the Golden Gate Restaurant Association, strongly objecting to any attempt being made for the establishment of a food service operation in Union Square. Representatives of the following down-town restaurants: Poodle Dog, Townsend's, Golden Pheasant, Campbell's and Bunny's, comprised the delegation accompanying Mr. De Lano, who acted as spokesman for those opposing the plan.

Following a spirited and lengthy discussion, in which Commissioners recognized several dubious aspects of the plan, President Sutter postponed final action to the next regular meeting, to permit a full board to consider and rule on the matter.

(2) Maritime Museum Fund Raising Campaign

Maritime Museum Fund Raising Campaign, February 1953

The Secretary reported that, in accordance with Commission action at the September 11th meeting, he had made inquiry of Karl Kortum, Director of the Maritime Museum, concerning the fund raising plans. Mr. Kortum had replied by letter that it was the intention to conduct solicitation of the shipping and other interested industries in February 1953 and that no public solicitation was contemplated.

The Secretary reported further that a check of the agreement with the Maritime Museum and with city ordinances indicated that there was no conflict in conducting such a campaign for funds.

(7) Reduction of Kezar Rental - City College

The Secretary read a letter from Louis G. Conlan, President, City College of San Francisco, requesting a reduction of the rental guarantee for day games to be played at Kezar Stadium.

Mr. Hoyt, Business Manager, explained that the present $250.00 rental guarantee had been charged in error and should apply only to night games -- a $100.00 guarantee being the proper amount for day games.

On motion of Commissioner Dippel, seconded by Commissioner Buckley, the following resolution was adopted:

Res. No.908

(9) Model Backyard Gardens

The Secretary read a memorandum prepared by Mr. Girod, Superintendent of Parks, outlining his proposal to establish a group of backyard designs in Golden Gate Park, which would show various treatments of the typical San Francisco backyard.

The memorandum set forth the steps recommended for initiating the plan and noted that the idea had the approval of the Gen.Manager, as well as the landscape architects and educators who were asked to participate.

Commissioner Buckley suggested that this plan might be a means to exploit and publicize the Golden Gate Park Arboretum if the backyard designs were placed in the now undeveloped section of the Arboretum.

Commissioner Parr proposed that a committee composed of the President, Commissioner Buckley, the General Manager and Superintendent Girod, be appointed to actively direct the promotion and recognizion of the Arboretum in conjunction with the backyard design project. President Sutter declared the committee so appointed.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

NEW BUSINESS (cont'd)

Res. No.909

Commission Approves Series of Model Backyards in Portion of Arboretum, G.G. Park

Resolution No. 909

WHEREAS this Commission, recognizing the interest and pride which San Franciscans take in their homes, and desiring to assist in the beautification of these homes through attractive landscaping, and particularly by pleasant and useful backyards; now, therefore, be it

RESOLVED, that this Commission does hereby approve the plan and recommendations submitted by the Superintendent of Parks under memorandum of September 25, 1952, and authorizes and directs that the following steps be taken:

(a) That an area in the Arboretum be set aside for the establishment of a series of model backyards;

(b) That the cooperation of the University of California School of Landscape Architecture be requested in the preparation of a master plan of the area selected, and, further, in the preparation of detailed plans for individual backyards;

(c) That the cooperation of the City College of San Francisco be requested in establishing the individual backyards on the detailed plans as submitted by the University;

(d) That the cooperation of the Association of Landscape Architects be requested in assigning a group of landscape architects to assist this project in an advisory capacity;

(e) That a committee of interested persons be appointed to guide this project;

AND, BE IT FURTHER RESOLVED, that this Commission does hereby record its intention to approve the transfer of funds for materials and supplies necessary for the establishment of the model backyards in the Spring of 1953; such funds not to exceed $1500.00, said amount being the cost estimate of the Superintendent of Parks.

The Secretary was directed to arrange with Mr. Simons for the final release to all media of the announcement data relative to the model backyard project.

(7) From Eugene J. Riordan, Director of Property, requesting Commission to adopt a resolution authorizing the purchase of Lots 3 and 8 in Assessor's Block 6028, for the sum of $2100., required for McLaren Park.

The Secretary reported that funds in the Land Purchase Account for McLaren Park had been completely expended and encumbered.

Mr. Hoyt, Business Manager, recommended adoption of the resolution, subject to availability of funds, stating that he would obtain from the Director of Property an estimate of cost for land yet to be purchased, as well as an estimate of the funds which may be derived from the sale of City-owned properties outside the present boundaries.

On motion of Commissioner Bercut, seconded by Commissioner Buckley, the following resolution was adopted:

(2) a. From Mitsui Tanaka, Consul General of Japan, 346 California Street, offering favorable comment on returning the Oriental Tea Garden to its original designation of Japanese Tea Garden.

b. From Herb Caen, San Francisco Examiner, urging restoration of name of Japanese Tea Garden.

c. From Mrs. Flora L. Smith, 100 Laguna Street, and Mrs. William D. McGuigan, Rte. 2, Box 886B, Los Altos, individual letters favoring the name change from Oriental to Japanese Tea Garden.

The following representatives of the Japanese colony appeared before the Commission in the interests of the request: Michi Onuma, of the Japanese Newspaper "Hokuber Mainichi", 1737 Sutter Street; Haruo Ishimaru, of the Japanese Citizens League, 2031 Bush Street; Sim Togasaki, Mutual Supply Co., 200 Davis Street; and Kazuo Ishii. of the Bank of Osaka, Ltd., 440 Montgomery Street, San Francisco.

Mr. Ishimaru acted as spokesman and told the Commission that the grief into which the nation and the whole world was plunged in 1941 has been overcome, and he cited the services performed by Japanese-American soldiers in World War II as evidence of the courage, loyalty and devotion of Japanese-Americans. He further added that the restoration of the Tea Garden's original name would be another significant indication of San Francisco's historic friendliness to the Orient.

President Sutter replied to the delegation with a personal endorsement of the request, explaining that the sole reason for deferring the restoration of the name during the past months had been prompted in the best interests of the lessee who had purchases and shipping commitments under the ...me

On motion of Commissioner Dippel, seconded by Commissioner Stern, the following resolution was adopted:

Res. No.924

Commission Approves Changing Name of Oriental Tea Garden to Its Original Designation of Japanese Tea Garden.

Resolution No. 924

WHEREAS, conflicts which more than a decade ago served as the occasion for the changing of the name of the Japanese Tea Garden were terminated by the signing of the Peace Treaty with Japan; and

WHEREAS, the Consulate General of Japan and the local Japanese Community have urged that the garden be returned to its former designation, maintaining that such an act will serve as a lasting contribution toward a better understanding and friendly relations between the United States and Japan; now, therefore, be it

RESOLVED, that this Commission does hereby unanimously approve the request that the name of the Japanese Tea Garden be restored; PROVIDED, further, that Mr. and Mrs. Alan Agnew, lessees and operators be so advised of this action, which will legally take effect April 7, 1953, upon renewal of their agreement for an additional four-year period.

Request for Swimming Pool in West Portal District Referred to General Manager for Staff Consideration and Survey.

(3) From Edward A. Barry, President, West Portal Home Owners' Association, San Francisco, requesting consideration for the construction of a swimming pool in the area west of Twin Peaks.

Mr. Lewis, General Manager, reported that it was part of the Board of Education's planning to construct an enclosed swimming pool at the Sunset Community Center, which would surve the surrounding area, but he questioned whether its service would be expected to extend to the residents of the West Portal District. Mr. Lewis stated that construction of a swimming pool in that district was not contemplated under the Bond Fund Program.

President Sutter, with Commission concurrence, referred the request to the General Manager, for staff consideration and survey in connection with the construction of future swimming pools. (Secretary to reply accordingly.)

SENTATIVES AND DELEGATES

(1) A delegation representing the Hayes Valley Parents' Association, with Mrs. J. A. Wooley as spokesman, appeared to present a request that a new recreation center be built on the present site of the Hayes Valley Center.

The Secretary read a resolution of the Association, adopted September 10, 1952, urging that bond funds be made available for the construction of a new recreation center at the Hayes and Buchanan Streets location.

Following Mrs. Wooley's address, Mr. Lewis recommended that Alamo Square, Hayes and Steiner Streets, be considered as an alternate site for construction of the recreation center on the basis that it would make possible a large supervised outdoor area adjacent to the center, and that funds derived thru the sale of the property at Hayes and Buchanan Streets could be credited to the Alamo Square development.

Delegates continued to favor the Hayes and Buchanan Streets location, considering Fillmore Street to be a dangerous barrier in the use of Alamo Square, and further proposed that additional land be purchased adjoining the present Hayes Valley Center.

Mr. Kimball, Recreation Superintendent, spoke in support of the present location.

Following discussion, during which the Commission reviewed and compared the development cost of Chinese Recreation Center with the funds allocated for the Hayes Valley Center, on motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Resolution No. 925

RESOLVED, that this Commission, in response to the formal request of residents of the Hayes Valley District, and having studied the factors involved, does hereby designate the southeast corner of Hayes and Buchanan Streets to be the location upon which the recreation center for the Hayes Valley District shall be constructed, directing that the question of whether additional land should be acquired for a proper recreation establishment and the location be referred to the General Manager and the Superintendent of Recreation, for investigation and recommendation.

(2) A delegation of officials and engineers of the Division of Highways District IV, including Messrs. B. W. Booker, G.S. Pingry, J. S. Daniels, J. C. Black and Frank J. Kane, appeared to present a proposal for the free removal of earth from the crest of Bay View Park.

REPRESENTATIVES AND DELEGATES (cont'd)

Mr. Booker explained that the earth removal in the amount of some 1,000,000 cubic yards would assist in the establishment of an experimental fill in San Francisco Bay's submerged lands as a part of the program to straighten the Bayshore Highway route between Candlestick and Sierra Points.

Mr. Lewis explained that the earth removal would improve Bay View Park by increasing its accessibility and providing a large, level area for recreation development.

Mr. Booker described the proposal in detail on a contour map, explaining that proper drainage would be provided the graded area and that roadways would be re-established following the earth removal.

The Secretary read the letter of Mr. T. D. Harney, 98 Post Street, owner of property adjoining Bay View Park, objecting to the contemplated earth removal if it would have any unfavorable effects on his property. It was the Commission's considered opinion that consideration of the effects on Mr. Harney's property was outside its purview.

On motion of Commissioner Bercut, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.926

Commission Approves Removal of 1 Million Cu.Yds. from Crest of Bay View Park, to be Used as Fill on Bayshore Highway

Resolution No. 926

WHEREAS, the California Division of Highways, District IV, has proposed the free removal of earth from the crest of Bay View Park to the extent of 1,000,000 cubic yards; and

WHEREAS, this Commission recognizes the mutual advantages to be obtained by the City and County of San Francisco, as well as the State Highway System through the adoption of this proposal; now, therefore, be it

RESOLVED, that the Recreation and Park Commission does hereby express its intention of availing itself of the opportunity to improve the Recreation and Park properties of Bay View Park by authorizing the State Division of Highways to proceed with the levelling of Bay View Park to the extent of 1,000,000 cubic yards, PROVIDED that such removal shall be made in the manner and in accordance with restoration specifications to be set forth by the Recreation and Park Department and that such removal and restoration shall be the subject of an agreement to be negotiated by the General Manager and Secretary for and on behalf of this Commission.

(2) Phelan Beach Improvements

The Commission next considered the Plans and Specifications prepared by the Department of Public Works for Improvement of the Phelan Beach Recreational Area (second contract).

In his accompanying letter, Mr. Sherman P. Duckel, Director, Department of Public Works, reported that the Specifications covered all repairs and new work, including utilities necessary and covered by Work Orders No.130 of April 14, 1952 and No.145 of July 8, 1952. He enclosed a detailed cost estimate covering the contract and incidental expenses in the amount of $70,000.00.

Mr. Lewis recommended approval of the Plans and Specifications, with the one exception that the erection of the concrete lighting standards along the perimeter of the service road be deferred until the building is constructed. However, all other necessary parts of the road lighting system, including the conduit wiring, would be installed now.

On motion of Commissioner Bercut, seconded by Commissioner Dippel, the following resolution was adopted:

No.935

Commission Approves Plans & Specifications #21060 as Prepared by D.P.W. for Improvement of Phelan Beach

Resolution No. 935

RESOLVED, that this Commission, having reviewed Plans and Specifications No.21060 as prepared by the Department of Public Works for the Improvement of the Phelan Beach Area (second contract), does hereby approve said Plans and Estimate of Cost; such approval to serve as notice to the Department of Public Works to issue a modified Invitation for Bids; and a Work Order to be furnished the Department of Public Works following receipt of bids and determination of the successful bidder.

(4) McLaren Park

Mr. Lewis, General Manager, submitted the Plot Map of John McLaren Park prepared by the Department of City Planning, proposing that the existing boundaries be revised, such revision resulting in an increase of the proposed park area to 354.6 acres. The proposal involved the acquisition of property between Raymond Avenue and Delta Street, southeast of the existing boundary, as well as property needed to widen Mansell Street from the Park to San Bruno Avenue. Included in the proposed plan was the provision for a pedestrian entrance to the park at Delta Street and Tucker Avenue.

Following a full review and discussion of the existing and proposed boundaries, on motion of Commissioner Parr, seconded by Commissioner Bercut, the following resolution was adopted:

A Special Meeting of the Recreation and Park Commission was called to order in the offices of the Anglo California National Bank, No.1 Sansome Street, on Thursday, October 30, 1952, at 11:00 A.M., for the purpose of considering the boundaries of McLaren Park. President Sutter called the meeting to order.

ROLL CALL

The following Commissioners were present:

Mr. Louis Sutter, President
Mr. Peter Bercut
Mrs. Henry J. Dippel
Rev. Eugene A. Gallagher
Mr. Fred D. Parr
Mrs. Sigmund Stern

* * * * * * * * *

President Sutter opened the meeting with an explanation of the purpose for which it had been called. He referred to the Commission's action of Thursday, October 23rd under Resolution No.939, by which the recommendations of the Department of City Planning for the revision of the boundaries of McLaren Park were given general approval. He recalled that final approval was to be considered at this Special Meeting, to definitely determine the new boundaries involving the acquisition of property southeast of the existing boundary between Raymond Avenue and Delta Street, and to definitely delineate the course of the proposed perimeter driveway.

In outlining the revised boundaries on the City Planning map, President Sutter showed that the boundaries now to be adopted exclude a 14.5 acre parcel at the corner of Raymond and Elliot Sts. scheduled to be purchased by the Board of Education for a Junior High School building site.

Mr. Sutter estimated the additional lands to be acquired to be approximately 40 acres more than the present park boundaries, increasing the acreage to approximately 340 acres.

Following complete and detailed review of the proposed boundary revisions, on motion of Commissioner Parr, seconded by Commissioner Stern, the following resolution was adopted:

Res. No.941

Commission approves the Proposed Revised Boundary Lines of McLaren Park

Resolution No. 941

RESOLVED, that this Commission does hereby approve and adopt the revised boundaries of McLaren Park, as proposed and recommended by the Department of City Planning and as submitted by that Department under its map titled "Proposed New Boundaries-McLaren Park", dated October 30, 1952 (File No.712.1-11) and reviewed by this Commission at the time and adoption of this resolution; and, be it

FURTHER RESOLVED, that upon completion of the finished drawings and written legal descriptions of the boundaries as revised, this Commission shall forward to the Board of Supervisors its recommendation for the adoption of said new boundaries for McLaren Park.

* * * * * * * * *

Mr. Lewis, General Manager, reported that the office of the Director of Property is currently engaged in obtaining estimates of the cost of acquiring all land located within the revised boundaries; also, an estimate of the funds to be derived from the sale of city-owned property now located outside the revised boundaries. Mr. Lewis explained that such estimates would be obtained as soon as possible.

...NICATIONS

(1) From Harlan B. Watkins, Chief, Real Estate Division, U. S. Army Engineers, submitting for approval a supplemental agreement relating to Lease No. SFRE-260 covering the use and occupancy by the Department of the Army of a portion of Fort Funston.

The Secretary explained that the amendment would modify the existing lease agreement by excluding one barracks building No. T-406 and Battery Howe from the lease, and adding to the lease Building No. T-408, and described the location of the buildings on a plot map of Fort Funston.

On motion of Commissioner Dippel, seconded by Commissioner Gallagher, the following resolution was adopted:

MUNICATIONS (cont'd)

(3) From John R. McGrath, Clerk of the Board of Supervisors, forwarding Supervisor George Christopher's request for information on the Commission's plans for the rehabilitation or demolition of the Palace of Fine Arts.

President Sutter reviewed the so far unsuccessful efforts of certain citizens' groups to initiate restoration of the Palace of Fine Arts, the action of the Civic Development Committee of the Chamber of Commerce disapproving such restoration, and the excessively high cost estimates which the Commission had received from architects and engineers for such rehabilitation.

On motion of Commissioner Dippel, seconded by Commissioner Bercut, the following resolution was adopted:

Resolution No. 943

olition or Restor- ion of Palace of e Arts Submitted Board of Super- sors for Considera- n, Suggesting that claration of Policy Sought from the alified Voters the City and Co. San Francisco

Resolution No. 943

RESOLVED, that this Commission, in the interests of determining the wishes of the people of San Francisco regarding the Palace of Fine Arts, does hereby submit to the Board of Supervisors, for its consideration, the suggestion that a declaration of policy as to the demolition or restoration of the Palace of Fine Arts be sought from the qualified voters of the City and County of San Francisco at a forthcoming election; and PROVIDED FURTHER, that upon notification from the Board of Supervisors that a declaration of policy on this matter will not be submitted to the voters, this Commission will thereupon place in the next departmental budget a request for funds in an amount sufficient to effect the demolition of the Palace of Fine Arts structures and the restoration of the area as a public park.

(4) From John R. McGrath, Clerk, Board of Supervisors, forwarding the request of Supervisor George Christopher that the following be submitted to the Commission for consideration and action:

(a) Discuss possible resetting of boundaries as presently contemplated. Consider further consolidation of boundaries in interest of more useability.

(b) Determine estimate of costs involved in completing the Park under boundaries agreed upon.

(c) Determine a policy designed to expedite the completion of the Park at earliest possible moment.

mission to Submit Board of Supervis- s Full Information , Revised Boundar- s, Estimates of st of Acquisition Properties Within vised Boundaries, nds to be Derived rom Sale of Proper- ies Outside Boundar- es of McLaren Park, r Its Consideration

President Sutter instructed the Secretary to inform the Board of Supervisors (1) that the Commission under Resolution No. 941 at the Special Meeting of October 30, 1952, approved and adopted the revised boundaries of McLaren Park as proposed and recommended by the Department of City Planning; (2) that the Director of Property is currently engaged in obtaining estimates of the cost of acquiring all land located within the revised boundaries of McLaren Park, as well as an estimate of the funds to be derived from the sale of city-owned property now located outside the revised boundaries; and (3) that a complete and detailed map describing the revised boundaries of McLaren Park is currently being prepared by the Department of City Planning, and upon completion it will be submitted to the Board of Supervisors for review and adoption.

It is the intention of the Commission to submit the detailed map of the revised boundaries of McLaren Park, with the accompanying cost estimates as prepared by the Director of Property, in order that the Board of Supervisors may have the benefit of full information on the McLaren Park matter at the time it is to be considered.

UNFINISHED BUSINESS

(1) Request for Supplemental Appropriation - Temporary Salaries

The Secretary reported that some months ago the City Attorney had advised the Department of its legal responsibility to provide Lifeguards at Phelan Beach if that recreation area were to be made available to the public.

Provision of this Lifeguard service had not been anticipated in the current budget and has therefore resulted in an early deficiency in Appropriation 212.120.04 - Temporary Salaries, Recreation Units. A Supplemental Appropriation in the amount of $4,482.00 had been recommended by the Business Manager and approved by the General Manager.

On motion of Commissioner Bercut, seconded by Commissioner Dippel, the following resolution was adopted:

Resolution No. 951

Res. No.951

Request for Supplemental Appropriation - Temporary Salaries $4,482.00

RESOLVED, that this Commission, recognizing the public necessity of providing Lifeguards at Phelan Beach, does hereby request the Mayor, the Board of Supervisors, and the Controller to approve as an emergency ordinance, a Supplemental Appropriation in the amount of $4,482.00 from the Compensation Reserve Fund to the credit of Appropriation 212.120.04 - Temporary Salaries, Recreation Units, in order to provide Lifeguard Service for Phelan Beach and Janitorial Service for Kezar Stadium, both services necessary to make these recreational units available to the public.

Modification to Contract No.65A, Hart & Hynding, Inc., Contractors for Visitacion Valley P/G & Fieldhouse Grounds & Extension of Time - Over to the 11th Meeting

The Secretary read the letter from Hart & Hynding, Inc., General Contractors for the Visitacion Valley Playground and Fieldhouse under Contract No.65A, advising that the 60-inch water main located on Department property had delayed the start of construction, and requesting that the necessary time extension be granted. A report from Mr. Harman, Supervising Engineer, on the matter explained that the necessary architectural modifications were being made so that construction would not be further delayed, and that the recommendation for extension of time to the contract would be made at the next regular meeting. (2) Branch Library - Funston Playground

The Secretary reported that the proposed legislation for the transfer of a portion of Funston Playground to the Library Commission had been withdrawn from the Board of Supervisors, for the reason that a City Attorney ruling held such transfer of park land to be illegal. However, it is legal and proper for the Commission to permit the use of such land for library purposes without actually effecting a transfer of jurisdiction.

On motion of Commissioner Dippel, seconded by Commissioner Gallagher, the following rewolution was adopted:

Res. No.953

Rescinding Resolutions Nos. 803,849, and 891 - Jurisdiction Transfer of Land- and Granting Permission to Library Commission to Erect & Maintain Br.Public Library at Funston Playground.

Resolution No. 953

WHEREAS, the Library Commission has requested the transfer of a certain parcel of land in FUNSTON PLAYGROUND to be used advantageously as a Branch Public Library; and

WHEREAS, this Commission has been advised by the City Attorney under Opinion No.250 that the transfer of such park land is prohibited, but recognizes the desirability of establishing a Branch Library at FUNSTON PLAYGROUND: therefore, be it

RESOLVED, that this Commission does hereby rescind its action under Resolutions No. 803 (June 26, 1952), No. 849 (August 14, 1952), and No. 891 (September 25, 1952), relating to such land transfer, but does hereby grant to the Library Commission permission to erect and maintain, at no expense to this Commission, a Branch Public Library on that portion of FUNSTON PLAYGROUND described as follows:

A portion of Funston Playground situated in Assessor's Block No.469 and more particularly described as beginning on the north line of Chestnut Street at its intersection with the east line of Webster Street extended northerly, thence easterly along the northerly line of Chestnut Street 300 feet, thence at right angles northerly 96 feet; thence westerly at right angles 100 feet; thence northerly at right angles 200 feet, thence southerly at right angles 155 feet

(3) Renewal of Permit - Coffee Service Co.

The Secretary reported that the Coffee Service Co., operators of coin-operated coffee vending machines at the Golden Gate Park Golf Course and Fleishhacker Playfield, had requested renewal of their permit. He explained that the company's operation had been completely satisfactory and that during the past eight months' period the revenue to the City had totaled $2,038.61.

On motion of Commissioner Bercut, seconded by Commissioner Dippel, the following resolution was adopted:

(2) Mayor's Recommendation for Survey of This Department's Requirements With View Toward Development of An Additional Bond Issue

The Commission next considered a letter from His Honor, Mayor Elmer E. Robinson, recommending a complete survey of Recreation and Park requirements, with a view toward the development of a bond issue, for submission to the voters, to supplement the 1947 Bond Issue.

The Mayor's letter made the following points:

(a) That the 1947 Recreation Bond Issue was restricted to facilities under control of the former Recreation Department.

(b) The Korean War has resulted in strict controls on critical materials so that approximately one-half of the 1947 Bond Fund remains unexpended.

(c) Steadily rising construction costs since 1947 may result in a downward revision of the recreation facilities remaining to be constructed.

(d) Population centers have changed and new districts have been built, which require additional recreation facilities.

(e) Final establishment of the boundaries of McLaren Park now make it possible to proceed with a plan for its development.

On motion of Commissioner Bercut, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.957

mission Approves yor's Recommenda- ion for Complete rvey of Park and creation Facilities r Purpose of Devel- ing & Submitting Voters in 1953 New Bond Issue Sup- lementing 1947 Bond nd

Resolution No. 957

RESOLVED, that this Commission, in full and complete agreement with the recommendations of His Honor, Mayor Elmer E. Robinson, does hereby direct the General Manager and his staff to make a complete survey of the Recreation and Park facilities not now provided in those areas where the need exists and which were not contemplated in the 1947 Bond Program, with a view to developing and submitting to the voters at the next municipal election to be held in 1953, a bond issue to further provide needed Park and Recreation facilities.

(4) Construction of Children's P/G - Portsmouth Square

Mr. Lewis, General Manager, reported that the plan for the establishment of a Mothers and Small Children's section in

Portsmouth Square had been approved by the Art Commission and, inasmuch as this facility had been unduly delayed, recommended that the funds required to perform the work be transferred from the Real Property Account.

On motion of Commissioner Bercut, seconded by Commissioner Gallagher, the following resolution was adopted:

s. No.959

questing Approval Supplemental Appropriation of $4,000. Construction of thers' and Small ildren's Play Area Portsmouth Square

Resolution No. 959

RESOLVED, that this Commission does hereby request the Mayor, the Board of Supervisors and the Controller to approve a Supplemental Appropriation in the amount of $4,000. from Appropriation 4990 - Unappropriated Balance of Funds - Real Property, to provide funds required for the construction of a Mothers' and Small Children's Play Area in Portsmouth Square.

(4) From the Honorable Board of Supervisors, suggesting that a park or recreational area in the North Beach sector be named in honor of Frank Marini, civic leader of the North Beach District.

COMMUNICATIONS (continued)

The Honorable John B. Molinari, presiding judge of the Municipal Court, appeared before the Commission as chairman of the North Beach Citizens' Marini Memorial Committee, and formally presented a plan for the establishment of a Marini memorial which included the proposal to place a pedestaled bust of the late Frank Marini in the detached triangular portion of Washington Square, bounded by Columbus Avenue, Union and Powell Streets. The committee further proposed the naming and dedication of that small triangular park to be known henceforth as the Frank Marini Memorial.

Judge Molinari was accompanied by two committee members, Messrs. James and Armand DeMartini.

On motion of Commissioner Parr, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No. 960 — Frank Marini Memorial

Resolution No. 960

RESOLVED, that this Commission, in recognition of the many worthy contributions which the late Frank Marini made to the community life of the people of North Beach, and the numerous civic activities to which he gave most generously of his leadership and support, does hereby approve the proposal of the North Beach Citizens' Marini Memorial Committee, to place a pedestaled bust of the late Frank Marini in the detached triangular portion of Washington Square, bounded by Columbus Avenue, Union and Powell Streets; and that said small triangular park be named and dedicated in his memory, to be known henceforth as the Frank Marini Memorial; PROVIDED, FURTHER, that the design of the bust, the pedestal, and the inscription for the Marini Memorial shall be prepared by the aforementioned Committee for submission to and approval by the Art Commission.

(6) From the Education, Parks and Recreation Committee, Board of Supervisors, forwarding the letter of Mr. A.B.Chase, Jr. to permit the operation of privately owned boats on a portion of Lake Merced south of the causeway.

Mr. Raymond S. Kimbell, Superintendent of Recreation, reported that boating, if permitted in that section, could be most dangerous, and that supervision of that section south of the causeway would be both necessary and costly.

On motion of Commissioner Bercut, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 961 — Commission Continues in Effect Restriction Prohibiting Use of Privately Owned Boats or Craft-Lake Merced

Resolution No. 961

RESOLVED, that this Commission, in the interests of public safety, does hereby direct that the restriction prohibiting the use of any boat or craft in the southern portion of Lake Merced, located south of the causeway, shall continue in effect.

Action on Palace of Fine Arts Postponed Pending Receipt of Recommendations and Report from American Institute of Architects

(9)a. From the Board of Supervisors, resolution requesting the Commission to submit recommendation for either the restoration or demolition of the Palace of Fine Arts, together with an itemization of the costs involved;

b. From Dr. H.B.Hambly, President, Marina Civic Improvement Association, forwarding a resolution of his organization asking that the Commission submit estimates of cost for the rehabilitation of the Palace of Fine Arts to the Board of Supervisors; and

c. From Mr. Albert I. Williams, President, California Chapter, American Institute of Architects, advising that his organization is currently conducting a study of the Palace of Fine Arts question and that its reports and findings would be ready within two weeks.

Following a lengthy discussion of the Commission's previous action, President Sutter instructed the General Manager to obtain detailed cost estimates covering the Palace of Fine Arts structures and the restoration of the area, and instructed Mr. Julius Girod, Superintendent of Parks, and Mr. Raymond Kimbell, Recreation Superintendent, to investigate, report and recommend on the park and recreational developments of the entire area. No further action was taken pending receipt of the American Institute of Architects' report.

Possibilities for Establishment of a New P/G in Cow Hollow Area, Within Presidio Wall, to be Investigated.

(10) From Henry R. Rolph, Chairman, Playground Development Committee, Cow Hollow Improvement Club, requesting that steps be taken toward the establishment of a playground for residents of the Cow Hollow District, and suggesting its location west of the Lyon Street wall, within the Presidio.

Members reviewed the experience which the Recreation Commission had in previously requesting Army permission to construct a playground within the Presidio reservation at the Lyon Street location. With Commission concurrence, President Sutter referred to the General Manager and the Secretary the matter of properly ascertaining from the United States Army officials the possibilities of obtaining permission to construct a municipal playground there.

REPRESENTATIVES AND DELEGATES

(1) Hamilton Playground Community Group

Hamilton P/G Community Group Reassured that Swimming Pool Will Be Located in Present Hamilton P/G

Representatives of the Hamilton Playground Community Group appeared before the Commission regarding the location of the swimming pool. There have been several hearings with this group before the Commission in the past, and the Commission, by Resolution No. 885 (Meeting of Sept. 11, 1952) had definitely designated Hamilton Playground to be the swimming pool site. However, the group, with Mrs. Ella Hutch as spokesman, informed the Commission they were seeking further assurances supporting the Commission's action as a result of rumors circulating to the effect that forces were acting contrary to that plan.

President Sutter assured the committee that he had received no requests or recommendations for a change of the pool's location and that it was not the Commission's intention to make any change from the present Hamilton Playground site.

Thanking the Commission for the assurances given, the committee submitted letters on the subject, to be filed with the Secretary.

UNFINISHED BUSINESS

(1) Lake Merced-Lakeshore Park Districts Playground

Lake Merced - Lakeshore Park Districts Playground Site

President Sutter explained that he had instructed the Secretary to send written notices to the representatives of the Lake Merced and Lakeshore Districts, informing them that the Commission would have under consideration at this meeting the playground development for that district.

Those present and their affiliations were: Mr. Rudolph Rauh, Lakeshore Park Club, Inc.; Oscar F. Fisher, Jr., West of Twin Peaks Council; and Hawley Fleming, President, Lakeshore Improvement Club.

President Sutter set forth the proposal to locate the playground on property bordering on Lake Merced, pointing out that many residences had been constructed in that area, and that the Board of Education could then receive the property at 26th Avenue and Eucalyptus Drive for a future school site. Mr. Sutter pointed out that the School Department would also provide a playground at that location, so that the end result would be two playgrounds for the district rather than one.

He further explained that the Lake Merced location would be properly fenced, that an overpass would be constructed, and that the playground would be larger in area than the Eucalyptus Drive-26th Avenue site.

Mr. Fisher responded, stating that his group had recorded and filed, in writing, their protest against the location of the playground on the neck of land protruding into Lake Merced; that aerial photos of the area had been submitted showing the traffic dangers of the boulevard; and that any location within their own district would be acceptable as long as it was not located on the other side of Merced Boulevard. Messrs. Rauh and Fleming supported the statements made by Mr. Fisher, adding that the School Department had no funds with which to proceed on the construction of the school at 26th Avenue and Eucalyptus Drive, while the Recreation and Park Department had the land and funds with which to proceed.

Mr. Stoneson, builder, supported Mr. Sutter's statements that the home development in the lake area had greatly increased in the last year.

Following lengthy discussion of the points involved, on

COMMUNICATIONS

(1) From Philip L. McClure, President, San Francisco Junior Chamber of Commerce, requesting the use of Kezar Stadium for presentation of a "Youth Circus" on Sunday afternoon, April 19 or April 26, 1953, proceeds to be distributed to youth organizations.

The General Manager recommended disapproval of the dates requested for the reason that Kezar Stadium must undergo re-seeding and re-turfing during the spring months of the year.

Mr. Joseph E. Sheeks, representative of the San Francisco Junior Chamber of Commerce submitted in writing an alternate request for Sunday dates in October 1953, which Mr. Lewis recommended for approval subject to the final adoption of the Forty-Niner professional football schedule.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 982

Commission Approves Use of Kezar Stadium for "Youth Circus" & Pageant in October 1953 for Charitable Purposes

Resolution No. 982

RESOLVED, that this Commission does hereby approve the request of the San Francisco Junior Chamber of Commerce for the use of Kezar Stadium for a Sunday date in October 1953 for the charitable purpose of presenting a "Youth Circus" and pageant; dates, hours, terms, and other conditions to be determined by the General Manager.

Request for New Tennis Clubhouse in G.G.Park Referred to General Mgr. for Investigation and Report

(2) From Thomas P. Brown, Jr., Secretary, Golden Gate Tennis Club, informing the Commission of its efforts to promote tennis, its recently enlarged membership, and requesting that a new clubhouse and other facilities be erected at the earliest practicable date.

Mr. Lewis suggested that, if warranted by investigation, a new tennis clubhouse could conceivably be included as a new project of the new bond issue.

On motion of Commissioner Bercut, seconded by Commissioner Dippel, the needs and requirements of the tennis area in Golden Gate Park were referred to the General Manager for staff investigation and report.

(3) From James B. Davy, President, San Francisco Rifle Association, submitting three recommendations for extending the usefulness of the Municipal Rifle Range, and offering the services of a committee to discuss their proposals.

Following discussion of the facilities, President Sutter referred the matter to the General Manager to obtain estimates of the costs involved in carrying out the recommendations of the San Francisco Rifle Association.

(4) The following letters relating to the Palace of Fine Arts were read by the Secretary:

(a) From Albert R. Williams, President, Northern California Chapter, The American Institute of Architects, 369 Pine Street, submitting their report and findings on the future of the Palace of Fine Arts, recommending (1) demolition of the rotunda and colonnades; (2) rehabilitation of the main exhibit hall; and (3) acquisition of adjoining Presidio land for parking purposes.

(b) From Alfred F. Smith, Director, San Francisco Bureau of Governmental Research, 58 Sutter Street, taking the following exceptions to the report of The American Institute of Architects (1) that the "nominal expense" is estimated to amount to $1,000,000; (2) that the Bureau does not believe the Palace of Fine Arts to be the proper area for the development of a convention center; and (3) that the proposed acquisition of additional land within the Presidio, for a parking area, is impracticable and unworkable.

(c) From Dr. Harry B. Hambly, Chairman of the Citizens' Committee for the Rehabilitation of the Palace of Fine Arts, registering objections to The American Institute of Architects' report, deploring the suggestion that the colonnades and rotunda be destroyed, and urging the rehabilitation of the entire structure.

Mr. Ehrenthal and Mr. Williams of The American Institute of Architects appeared before the Commission to explain details and answer Commission inquiries regarding the A.I.A. report.

Considerable discussion gave emphasis to the fact that if the colonnades and rotunda are to be demolished, that which would remain would in nowise be characteristic of the Palace of Fine Arts structure.

Commissioner Parr said that, in his opinion, more than a year's time had elapsed since the Mayor had appointed a committee to find ways and means to restore the Palace of Fine Arts and that no final report or recommendations had been made by that committee. He further expressed interest in the unusually low cost estimates mentioned by Dr. Hambly, commenting that if such estimates could be substantiated by actually interested contractors or engineers, it would definitely reduce the financing problem.

On motion of Commissioner Parr, seconded by Commissioner Stern, the following resolution was adopted:

...o. 983

Resolution No. 983

...eral Manager Di-...ted to Write Mayor ...inson Requesting ...rt & Recommenda-...n of His Citizens' ...mittee Be Filed ...later than 1/24/53.

RESOLVED, that this Commission hereby directs the General Manager to write to His Honor, Mayor Elmer E. Robinson, requesting that the report and recommendations by the Mayor's Citizens Committee as to the disposition of the Palace of Fine Arts be received by the Commission not later than January 24, 1953, in order to permit its consideration before submission of the Budget to the Controller on the required date, February 2, 1953.

COMMUNICATIONS (continued)

(5) From John R. McGrath, Clerk, Board of Supervisors, informing that the Board of Supervisors adopted a unanimous resolution on December 29, 1952 that the cross atop Mount Davidson should be lighted during the Christmas season as well as at Easter time.

On motion of Commissioner Bercut, seconded by Commissioner Parr, the following resolution was adopted:

Res. No. 984

Lighting of Mt. Davidson Cross During Christmas Week to Be Provided For in Yearly Budget

Resolution No. 984

RESOLVED, that this Commission does hereby unanimously approve the lighting of the cross atop Mount Davidson during Christmas week of each year, as well as Eastertide; and it is hereby further authorized and directed that budgetary provisions be made so that such lighting of Mount Davidson may become a part of the San Francisco Christmas tradition.

Selection of May Day Queen & Crown Bearers Explained

(7) From Mayor Elmer E. Robinson, forwarding an excerpt from the letter of Mr. E. M. McAuliffe, 2971 - 25th Avenue, and a copy of his reply thereto, urging the selection of a San Francisco child as Queen of the annual May Day Celebration at Kezar Stadium.

Mr. Kimbell, Superintendent of Recreation, explained to the Commission that the selection of the Queen and Crown Bearers was made in accordance with an established rotation procedure which had proved entirely satisfactory to all the participating dancing schools. (Secretary to reply in detail, with copy to the Mayor's office.)

(3) Award of Architectural Contract - ROSSI RECREATION CENTER and SWIMMING POOL

Mr. Lewis reported that the National Production Authority had lifted building restrictions on four (4) municipal swimming pools, notice having been received Jan.2, 1953. Architects having been appointed on three (3) of the pools, namely, Aquatic Park, Mission, and Hamilton, Mr. Lewis recommended award of the Rossi contract to Mr. H. C. Baumann, 251 Kearny Street.

Commissioner Stern inquired as to the status of a contract which Mr. Merchant had with the former Recreation Commission and whether payment had been made for his services in connection therewith, and this matter was referred to the General Manager for appropriate action.

Following discussion bearing on the advisability of distributing the architectural services amongst qualified firms in order to expedite the planning and blueprint stages of recreation projects, on motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 995

Award of Architectural Contract - ROSSI REC.CENTER & SWIMMING POOL - to H. C. Baumann

Resolution No. 995

WHEREAS, the Recreation and Park Commission intends to construct a Recreation Center and Swimming Pool at Rossi Playground, Arguello Boulevard and Edward Street, in the City and County of San Francisco; therefore, be it

RESOLVED, that the Recreation and Park Commission, on recommendation of the General Manager, hereby approves the agreement with Mr. H. C. BAUMANN, Architect, for the performance of professional services in preparing plans for the construction of a recreation center and swimming pool at an estimated total cost of $370,000.00, the architectural fee not to exceed seven (7%) per cent of the total cost, or $25,900.00, for preparing plans for the construction of said recreation center and swimming pool; and,

(4) Location of Proposed New Corporation Yard

Commission Decides Present Corporation Yard in G.G.Park Permits Greatest Efficiency in Operations of M. & P. Department

Mr. Lewis reported that extensive study and investigation had been made for providing additional facilities for the maintenance and storage of rolling stock and heavy equipment and the location of the machine and metal shops.

The Commission concurred in his findings, that the most practical location and the most efficient from the standpoint of cost and future operation, is the present location of the corporation yard in Golden Gate Park. Previous suggestions for the decentralization of shops and equipment to more than one location was not considered a good operation policy in this instance.

COMMUNICATIONS

(1) From Eugene J. Riordan, Director of Property, submitting for approval by resolution the latest proposed deed, for a period of 99 years, from the City and County of San Francisco to the State of California of certain land and roadway easement required for the Fort Funston Armory Site. The letter explained that two previous deeds had been executed on this particular property and that the deed now submitted will permit the widening of the entrance way leading to Skyline Boulevard.

On motion of Commissioner Bercut, seconded by Commissioner Dippel, the following resolution was adopted.

Res. No.1000 — Revised Deed-99 Years - Ft.Funston Armory Site-Approved

Resolution No. 1000

RESOLVED, that this Commission, on recommendation of the Director of Property, does hereby approve the deed from the City and County of San Francisco to the State of California submitted under date of December 16, 1952, said document to supersede the two earlier deeds executed by the City, as follows:

(7) From the City Attorney, his requested Opinion No.642 of January 7, 1953, advising that Section 511 of the Vehicle Code of the State of California is the controlling statute in the matter of the speed limit of motor vehicles in Golden Gate Park.

The following is quoted from the City Attorney's opinion as a matter of record:

"The state, having reserved to itself the exclusive jurisdiction of the establishment of speed limits of the State of California, it now becomes necessary to review the pertinent provisions of the California Vehicle Code.

"Section 81, Chapter 3, Div.I of the California Vehicle Code defines streets or highways as follows:

"'Street' or 'highway' is a way or place of whatever nature, publicly maintained and open to the use of the public for purposes of vehicular travel."

"Section 510, Chapter 3, Div.IX of the Vehicle Code of the State of California, which provides for the basic speed law, reads as follows:

"S510. BASIC SPEED LAW. No person shall drive a vehicle upon a highway at a speed greater than is reasonable or prudent having due regard for the traffic on, and the surface and width of, the highway, and in no event at a speed which endangers the safety of persons or property."

"Section 511 (b) subsection (4) of the Vehicle Code of the State of California is controlling in the instant matter, and it reads as follows:

"(b) Twenty-five miles per hour:". . .

"(d) Upon that portion of any highway within or bordering upon any public park which passes through or borders upon any public playground or passes any building or other place of public assemblage when signs giving notice of the speed limit have been erected. The authority having jurisdiction over the highway may erect such signs whenever considered necessary for the protection of life or property."

"I believe it is advisable for the Recreation and Park Commission to make a specific finding that all open areas of Golden Gate Park are "public playgrounds" or "other places of public assemblage" within the meaning of the aforesaid section of the Vehicle Code. Any such determination by your Commission should be based on a map which clearly

COMMUNICATIONS (continued)

"demonstrates the uses to which various areas of the park are put.

"You are therefore advised that under said Section 511 (b) subsection (4) of the Vehicle Code of the State of California, the speed limit for practically all of Golden Gate Park is 25 miles per hour.

"You are further advised that signs should be erected at each automobile entrance to Golden Gate Park, specifying the aforesaid 25 mile per hour speed limit. In addition thereto, where in the reasonable exercise of discretion, the Recreation and Park Commission considers it necessary for the protection of life or property to erect other signs within the park proper, the same should be done."

On motion Commissioner Bercut, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1002

Commission Directs General Manager to Install Speed Limit Signs of 25 m.p.h. at All Auto Entrances to G.G.Park

Resolution No. 1002

RESOLVED, that this Commission, in accordance with Opinion No. 642 of the City Attorney, does hereby designate Golden Gate Park to be a public playground and place of public assemblage within the meaning of Section 511 (b) of the California Vehicle Code, and hereby authorizes the erection of signs at each automobile entrance to Golden Gate Park specifying a speed limit of 25 miles per hour; and that the General Manager be and is hereby directed to give full force and effect to the purpose of this resolution.

President Sutter welcomed a large delegation representing home owners and organizations from the Lakeside-Lake Merced District, including Mr. Oscar H. Fisher, Jr., Lakeshore Park Improvement Club, Paul Vlautin, Jr., Lakeshore Park Home Owners Inc., Mrs. J. E. Tinney, St.Stephen's Mothers' Club, Mr. Hawley Fleming, and Mrs. Esther F.Born of the San Francisco Planning and Housing Association; and invited Mr. Oscar H. Fisher, Jr., Lakeshore Park Improvement Club spokesman, to report on the Commission's committee meeting held in the Merced District on Saturday morning, January 17.

Mr. Fisher thanked the Commission's committee for the full consideration which had been given to their requests that the playground development plan in the Merced District be re-studied, and reported to all present that he believed a satisfactory compromise had been reached. Many of the delegates present entered into the discussion which followed, and emphasis was placed on the fact that the Commission's action would be conditional upon certain recommendations being favorably acted upon by the Board of Education.

REPRESENTATIVES AND DELEGATES (continued)

Mr. Fleming gave a very clear report and explanation to all representatives on the land requirements of the Board of Education, quoting Dr. Clish and stating that a Senior High School requires 25 acres of land and a Junior High School 15 acres.

He clarified a point which previously had not been completely understood by some of the interested delegates. He explained that Stoneson Company was seeking only to have their private property released from condemnation and restored to them for automobile parking purposes, and that Stoneson Company was not and would not acquire City property to be used for parking.

With the agreement of all present, on motion of Commissioner Dippel, seconded by Commissioner Berçut, the following resolution, which outlined in principle the agreement which had been reached, was adopted:

Res. No. 1005

Temporary P/G facilities for Younger Children to be Immediately installed E. of Lakeshore Sch. at Eucalyptus Dr. & Middlefield Rd.

Plans for 2nd P/G for Adults & Older Children on Shores of Lake Merced Blvd. to Proceed

Resolution No. 1005

RESOLVED, that this Commission will, in the immediate future install temporary playground facilities for younger children on a parcel of land located east of the Lakeshore Elementary School now under construction near Eucalyptus Drive and Middlefield Road; PROVIDED that, with the cooperation of the Board of Education, these temporary facilities will be replaced with more complete and permanent playground and recreation installations when, in the future the Board of Education proceeds with plans for the construction of a Junior Highschool and a Senior Highschool on its property; and, be it

FURTHER RESOLVED, that this Commission proceed with plans for the ultimate construction of recreational facilities for adults and older children on that portion of City-owned land on the shores of Lake Merced Boulevard; said recreation center to be provided with maximum pedestrian safeguards by the provision of traffic signals and an overpass, as well as a perimeter fence.

Mission Park Development

Mr. Jay Pfotenhauer appeared as representative and counsel for residents of the Mission Park area. Mr. Pfotenhauer recalled to the Commission the presentation by his group at the meeting of August 9, 1951, formally opposing the installation of recreation facilities or a swimming pool in Mission Park.

Mr. Pfotenhauer explained that he was appearing before the Commission because of the announcement that swimming pool construction had been approved by the National Production authority, and he wished to be notified when any plan affecting Mission Park would be considered.

(c) Construction of Parking Area - Merrie Way & Pt.Lobos Ave.

President Sutter reported that the unimproved property at the juncture of Merrie Way and Point Lobos Avenue represented an eyesore and a police problem at a location which is exposed to the view of sightseers and tourists who visit Land's End and the Ocean Beach. He made the recommendation that the area be cleared, graded and paved, to provide needed parking accommodations for approximately 400 cars, thus converting a detrimental condition into an asset.

On motion of Commissioner Stern, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No.1012

Request for A Supplemental Appropriation to Construct Parking Area at Merrie Way & Pt.Lobos Avenue - $36,000.

Rescinded by Res. No. 1394- Adp. of 1-14-54. ($36,000 retd. to Real Property Acct.)

NEW BUSINESS

(1) Approval of Preliminary Plans-Pinelake Pumping Station

The Secretary presented prints of plans prepared by Sherman P. Duckel, Director, Department of Public Works, for the construction of a new pumping station at Pinelake Park, funds for this project having been appropriated in the 1952-53 Budget.

The Commission reviewed the plans, which indicated the pumping station location to be on the northwest shoreline of Pine Lake.

Mr. Lewis explained that the Department plans for this area include comfort stations which will also be serviced by this pumping station.

On motion of Commissioner Stern, seconded by Commissioner Bercut, the following resolution was adopted:

No.1017 — Commission Approves Preliminary Drawings Submitted by D.P.W. for New Pumping Sta. at Pinelake Park - Subject to Art Commission Approval

Resolution No. 1017

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby approve the Preliminary Plans SD-2226.1, SD-2228.3 and SD-2232, Pinelake Park Pumping Station, as prepared and submitted by Mr. Sherman P. Duckel, Director, Department of Public Works, under date of January 12, 1953; PROVIDED, that in accordance with Section 46 of the Charter said Preliminary Plans be submitted by the Department of Public Works to the Art Commission, for its approval.

(2) Ft. Funston Designated as Site for Model Midget Auto Races

Mr. Lewis reported that, in accordance with the Commission's previous instructions, a study had been made which resulted in the selection of an approved site for the location of a track and other facilities for Model Midget Auto Racers, whose activities had been discontinued at Lake Merced. Mr. Lewis described the new location within the Fort Funston properties and reported that the financing of the improvements would be considered after the site had been prepared by the dumping of large quantities of earth material for fill.

On motion of Commissioner Stern, seconded by Commissioner Dippel, the following resolution was adopted:

No.1018 — Ft Funston Designated as Site for Model Midget Auto Racers

Resolution No. 1018

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby approve the designation of an area within the Fort Funston Properties for the establishment of Model Midget Auto Racers' facilities.

(3) Change in Date-Guardsmen's Sports Car Road Races-G.G.Park

The Secretary reported that Dr. Philip R. Westdahl, President of the Guardsmen, had requested a change in the date scheduled for the Sports Car Road Races in Golden Gate Park because the present date would be in conflict with the Junior Chamber of Commerce's Harbor Day Celebration. The Guardsmen requested a one week advance in their date to Sunday, May 17, 1953.

On motion of Commissioner Bercut, seconded by Commissioner Dippel, the following resolution was adopted:

No.1019 — Date of Guardsmen's Races Advanced to Sun. May 17, 1953

Resolution No. 1019

RESOLVED, that this Commission, does hereby authorize and approve a change in the date of the Guardsmen's Sports Car

COMMUNICATIONS

Palace of Fine Arts Matter Referred to Board of Supervisors

(1)a. From Norman K. Brooks, Secretary, Northern California Tennis Association, 2455 Bush Street, advising that his association has unanimously gone on record to the effect that everything possible should be done to restore the Palace of Fine Arts as a tennis center.

(1)b. From Dr. Harry B. Hambly, forwarding a copy of the Final Report of the Mayor's Committee for the Restoration of the Palace of Fine Arts. The report favors complete restoration, and suggests the submission of a bond issue of approximately $4,000,000 be placed before the voters.

(1)c. From John R. McGrath, Clerk, Board of Supervisors, requesting a report to the Public Buildings, Lands and City Planning Committee, giving the Commission's recommendation on the proposal to submit a $4,000,000 bond issue to the people for the purpose of reconstructing the Palace of Fine Arts.

Mr. Francis V. Keesling, President, San Francisco Art Association, appeared before the Commission to present his independent thinking regarding a possible future use of the Palace of Fine Arts. He submitted for the Commission's consideration the idea that the San Francisco Museum of Art, the California School of Fine Arts, and similar organizations might be interested in converting the structure to their special uses if the major portion of funds for restoration could be obtained from state, local, and public subscription sources.

General Manager to Investigate State Legislative Bills

At the suggestion of Commissioner Parr, Mr. Lewis, the General Manager, was directed to investigate the bills being introduced and pending before the State Legislature which in any way might affect the financing of the Palace of Fine Arts' restoration.

Mr. Lloyd Simmons and Mrs. Eli Freed of the Unified Committee for Saving the Palace of Fine Arts appeared before the Commission in the interests of saving the Palace of Fine Arts.

Commissioner Parr asked the Board that, in view of the fact that the Commission has no funds whatsoever for restoring the Palace of Fine Arts, would the Board feel justified in recommending such a large bond issue when so many conflicting opinions and recommendations have been made regarding the structure.

In the discussion that followed, the Commission recalled that during the past year there has been received a variety of reports and recommendations regarding the future disposition of the Palace of Fine Arts, some advocating restora-

tion either whole or partial, and others favoring complete demolition. Especially cited are the following:

Civic Development Committee, S.F.Chamber of Commerce ...	- no restoration
American Institute of Architects	- restoration of main hall; demolition of rotunda and colonnades
S.F.Bureau of Governmental Research	- no restoration
Northern California Tennis Association	- restoration if it provides indoor tennis
Mayor's Citizens Committee	- complete restoration

Because of the many conflicting recommendations regarding the Palace of Fine Arts and the very evident public interest in the merits of either demolition or restoration, the Commission believed that the decision might best be made by the electorate. City Attorney's Opinion No. 528, dated April 17, 1952, ruled that a proposal for rehabilitation of the Palace of Fine Arts may not be submitted to the voters as a declaration of policy, but that the Board of Supervisors has the power to submit to the voters a proposition for a bond issue for the rehabilitation of the Palace of Fine Arts.

On motion of Commissioner Parr, seconded by Commissioner Dippel, it was directed that the Secretary prepare a reply to the Board of Supervisors, submitting the foregoing information but giving no endorsement to the proposed bond issue, and inform the Board that the matter of submission to the voters of a bond proposal is being left to the discretion of the Board of Supervisors.

Objection to Parking Areas-Upper Great Highway

(2)a. From Mrs. Thomas R. Best, Secretary, the Great Highway Club, requesting removal of the two parking lots recently completed, on the Upper Road of the Great Highway, between Lincoln Way and Sloat Boulevard.

(2)b. From Mr. M. C. Isaksen, Secretary, Central Council of Civic Clubs, advising that his organization unanimously supports the foregoing request.

Mr. Lewis, General Manager, asked that this matter be referred to him so that the recommendations of Director of Traffic, Police Captain Jack Eker, may be obtained.

President Salter directed that the matter be referred to the General Manager for report at the next regular meeting.

P.A.A.OARSMEN Recommendation That (1) Rejoin Merced Lakes; (2)Master Plan for Lake Merced; & (3)Lake Merced in 1953 Bond Issue

(3)a. From Mr. Malcolm W. Steel, Secretary, Pacific Association of Amateur Oarsmen, submitting the recommendations of the association for the improvement of Lake Merced rowing facilities, and requesting that they be considered in the November 1953 bond issue for the extension of recreation and park improvements.

(3)b. From Mr. Everett P. Rowe, Financial Secretary, San Francisco Rowing Club, expressing their desire to obtain a site for a boat house on Lake Merced.

Mr. Steel appeared before the Commission as spokesman for a delegation of rowing club representatives. He explained to the Commission that his association wished placed on the record their recommendation that the north and south lakes of Lake Merced be rejoined so that the more advantageous de-

velopment of the area could be eventually accomplished. He requested that the Commission undertake proper engineering studies to definitely determine the feasibility of joining both lakes and obtaining the cost estimates of the project.

Mr. Steel pointed out that if the north and south lakes are to be rejoined, it will create a 2,000 meter Olympic rowing course and provide an additional location for the development of rowing and shell racing sports.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the above request of the Pacific Association of Amateur Oarsmen, together with the maps, drawings and recommendations submitted were order to be made a part of the permanent records for the plans of Lake Merced, and that consideration be given to the inclusion of rowing facilities in the 1953 bond issue.

President Sutter explained to the Rowing Club representatives that no permanent location could be set aside for the San Francisco Rowing Club until such time as the City Attorney's opinion on leases of the Lake Merced area had been finally rendered.

(4)a. From Mr. John J. Gould, Consulting Engineer for St.Mary's Square Garage, a copy of his letter to the San Francisco Parking Authority on the final construction drawings, as noted on page 3 of the report, listing four (4) classes of items not to be furnished and installed by the Lessee, i.e. trees, toilet facilities on the park surface, certain electric lights, and benches.

(4)b. From Thomas J. O'Toole, Secretary of the Parking Authority, submitting for approval by Commission resolution, the Final Plans and Specifications for the construction of the St.Mary's Square Garage.

Mr. Lewis, General Manager, reported that all matters set forth in the letter of Mr. Gould, Consulting Engineer, had been satisfactorily negotiated with the contracting firm, it being agreed that the contractor would construct the tool house and convenience station, and that the department would install and maintain the landscaping.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1021

Approval of Final Plans & Specs. - St.Mary's Square Garage

Resolution No. 1021

WHEREAS, the lease dated the 30th day of September, 1952, between the City and County of San Francisco, the Recreation and Park Commission, as lessors, and S.E.Onorato, Inc. and W. & B. Realty Company, Inc., as lessees, requires, among other things, that final working drawings and detailed specifications for the St. Mary's Square Garage project be submitted within 120 days from the date of execution of said lease for the approval of the City and County of San Francisco and its Recreation and Park Commission; and

WHEREAS, said lessees have complied with said requirement of the lease and within said period have submitted final working drawings and detailed specifications to the Parking Authority of the City and County of San Francisco, asagent of said lessors, and for the examination and consideration of said Authority; and

WHEREAS, the City Engineer of said City and County of San Francisco has examined and considered said final working drawings and detailed specifications and has issued his opinion to the effect that same are responsive to the requirements of the call for bids and lease and conform to the requirements of the various building codes of said City and County of San Francisco, and has given unconditional approval of said final working drawings and detailed specifica-

tions; and

WHEREAS, the Parking Authority of the City and County of San Francisco, after considering and studying said final working drawings and detailed specifications of said garage structure and the restoration of the surface of St. Mary's Square, adopted its Resolution No. 79 at a special meeting held February 4, 1953 finding that said final working drawings and detailed specifications for the garage structure and the restoration of the surface of St. Mary's Square had been filed within the said contractual period and were completely responsive to the requirements of the call for bids and lease and were satisfactory and should be approved by this Commission and the Board of Supervisors of the City and County of San Francisco; now therefore,

BE IT RESOLVED:

1. That the Recreation and Park Commission of the City and County of San Francisco hereby approves said final working drawings and detailed specifications for the garage structure and for the restoration of the surface of St. Mary's Square.

(5) From Mrs. Ernest Born, Chairman, Parks, Playgrounds and Public Buildings Committee, San Francisco Planning and Housing Association, expressing general opposition to the practice of locating branch libraries on limited park and recreation properties--mentioning in particular the Washington Square location, Columbus Avenue and Union Street.

President Sutter recalled that the Commission had previously rejected the proposal to permit a Branch Public Library in Washington Square.

On motion of Commissioner Parr, seconded by Commissioner Bercut, the Secretary was instructed to inform the Library Commission, by letter, that this Commission is opposed to a Branch Public Library in Washington Square.

ENTATIVES AND DELEGATES

(1) Hayes Valley Recreation Center

A delegation representing the Hayes Valley Parents' Club appeared before the Commission, with Mr. Duane Anderson as their spokesman.

Mr. Anderson explained to the Commission that their proposed recreation center was a long delayed project of the 1947 Recreation Bond Fund and that the need for its construction is becoming urgent. He asked the Commission to proceed immediately with the appointment of an architect, so that the plans and specifications for the recreation center might be obtained and construction begun.

Mr. Lewis, General Manager, reported that the delay in the construction of the Hayes Valley Recreation Center had been based on information from the State Highway Commission that two freeways were planned to pass through the Hayes Valley District and bisect each other at the center's proposed location. This plan has now been reported on by the State Highway Commission to be sufficiently flexible as to be no obstruction to the construction of the center.

A Bond Fund appropriation, including the Hayes Valley project is currently being prepared, and as soon as funds are available under that appropriation an architect will be appointed.

On motion of Commissioner Parr, seconded by Commissioner Bercut the report of the General Manager was approved

(2) Barney Gould's Show-Boat

Location of Barney Gould's New Show-boat at Aquatic Park to be Further Studied. Mr.Lewis to Report at Next Meeting

Mr. Philip Hunter of the South End Rowing Club, and Mr.M.E. Heymes of 465 California Street, appeared before the Commission to protest the beaching of the river boat FT. SUTTER at Aquatic Park by its owner, Mr. Barney Gould, reporting to the Commission that the boat had been brought in that very day. They objected to the amount of beach area taken up by the boat and the vessel's appearance of general neglect.

Mr. Lewis explained that he had permitted the beaching of the boat on the basis of previous Commission action granting the Maritime Museum's request to bring a river boat into Aquatic Park, and also based on the department Engineer's report and survey recommending the location.

Following considerable discussion, at the Commission's direction Mr. Lewis was instructed to have another engineering study made of the Aquatic Park Lagoon to determine if any other location might be considered; and to report at the next regular meeting.

Board of Supervisors and referred to the Education, Parks and Recreation Committee. He explained that acquisition of the required park lands had been estimated at $715,000 by the Director of Property and that the Board of Supervisors had requested suggestions on the financing of the land purchase.

As a result, the Director of Planning, the Director of Property, and Mr. Lewis had set forth a proposal under which four costly city blocks would be excluded from the park area, and the remaining land to be purchased would be acquired through use of the Recreation and Park Land Reserve Fund, and a budget appropriation of the Board of Supervisors. The Commission accepted the recommendation, adopting the following resolution on motion of Commissioner Parr, seconded by Commissioner Dippel:

(8) Request for Land Transfer - Crocker-Amazon - from Public Utilities Commission to Recreation and Park Commission

Mr. Lewis said he had been informed that the Public Utilities Commission was declaring Crocker-Amazon Reservoir Site to be surplus property, and recommended that the Commission seek to purchase a sufficient portion of the property to meet public recreational needs.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

BUSINESS (continued)

...No.1039

...est for Land
...sfer - Crocker-

...ities Commis-
... to Recreation
...rk Commission

Resolution No. 1039

WHEREAS, for many years, prior to World War II, the Crocker Amazon District reservoir site was used for recreation purposes under written agreement between the Public Utilities Commission and the former Recreation Commission; and

WHEREAS, the war years saw these 55 acres set aside for military purposes and in more recent years converted to public housing uses; and the San Francisco Housing Authority's lease of this property from the Public Utilities Commission has expired and has not been renewed; and,

WHEREAS, the Recreation and Park Commission has a vital need for a portion of the Crocker Amazon property in order to provide public recreational facilities for the outer districts of our City and also to supplement the large baseball diamonds and athletic fields such as Father Crowley Playground that have been lost to the public by construction of the Bayshore Freeway and bridge approaches; and

WHEREAS, the Public Utilities Commission has indicated its willingness to transfer the desired property to the Recreation and Park Commission, and the Director of Planning has reviewed the land transfer and reported favorably, but informally on the plan, and a description of the property to be acquired is more particularly described as follows:

BEGINNING at the intersection of the northerly property line of Geneva Avenue and easterly property line of Moscow Street; thence northerly along said easterly property line of Moscow Street 820 feet plus or minus to the intersection of the northerly line of Kassarine Street (a street wholly within the Housing Project); thence easterly 1870 feet plus or minus, along said northerly line of Kassarine Street and its easterly projection to where it intersects the common property line of John McLaren Park and the Crocker Amazon Reservoir site; thence southerly along said boundary line 900 feet plus or minus; thence deflecting 94^0 more or less, to the right and running 377 feet plus or minus westerly along the southerly property line of the Crocker Amazon reservoir site to where it intersects the northerly property line of Geneva Avenue; thence running westerly 1722 feet plus or minus along said northerly property line of Geneva Avenue to the easterly property line of Moscow Street, and the point of beginning.

NOW, THEREFORE, BE IT RESOLVED, that this Commission does hereby authorize and direct that in accordance with Sections 159-161, Part I, San Francisco Municipal Code, this request be submitted to the Honorable Mayor Elmer E. Robinson for transfer of the above property now under jurisdiction of the Hetch Hetchy Division of the Public Utilities Commission to the Recreation and Park Commission for the specific purpose of establishing and operating public recreation facilities.

(10) Permission Granted to California Highway Commission, District IV to Use Portion of Bay View Park as Haul Road

The Secretary read a letter from Mr. Frank J. Kane, Division of Highways, District IV, requesting permission to use a portion of Bay View Park and its roadways in order to gain access to fill material to be used in the construction of the Bayshore Freeway. The fill material is not located on Bay View Park property, but is in the vicinity of the park. A map attached to the request showed the portion of the park to be used, and indicated a roadway to be constructed and maintained as a haul road.

On motion of Commissioner Farr, seconded by Commissioner Bercut, the following resolution was adopted:

(11) Department of City Planning to Assist in City-wide Recreation and Park Survey

Mr. Lewis reported that he had discussed the proposed survey to determine the need for recreation and park facilities throughout the City as a basis for the 1953 Bond Issue, with Mr. Paul Oppermann.

Mr. Paul Oppermann, Director of Planning, City Planning Commission, when asked, had confirmed that his Board would offer staff assistance in such a survey, and it was recommended that the Commission authorize a formal request for such cooperation.

On motion of Commissioner Dippel, seconded by Commissioner Bercut, the General Manager was authorized to request and accept the cooperation and assistance of the Department of City Planning in the conduct of a survey of recreation and park facilities as a basis for the 1953 Bond Issue.

REPRESENTATIVES AND DELEGATES

Showboat Location - Aquatic Park

Approximately 100 interested persons were in attendance at the Commission meeting to observe or participate in the open hearing regarding the river-boat "Fort Sutter" which had been brought in and beached at Aquatic Park by its owner, Barney Gould. The Commission room, normally quite adequate for attendance at regular meetings, was crowded to capacity. The meeting room doors remained open to permit persons standing in the corridor to hear the discussion.

The Secretary reported the listing on the calendar of communications received during the past two weeks, either approving or disapproving the location of the "Fort Sutter" in Aquatic Park. Some letters took strong positions on the proposition that the river-boat would ultimately be converted into a showboat with a restaurant, cafe-theater operation.

The following letters were presented:

President Sutter then announced to all present that no final action would be taken by the Commission at this meeting, but that all persons wishing to speak on the matter would be heard, and the question taken under advisement. He requested speakers to confine their remarks to the subject at hand, and because of the large number of spokesmen, the voluntary time limit of 3 minutes per speaker was to be observed to.

Mr. Pat Frayne, 1818 Francisco Street, spoke first in support of the showboat and, speaking for Mr. Gould, outlined plans for its use as an adjunct to the Maritime Museum, as well as a restaurant-theater.

Mr. Salvatore Reina, North Beach Merchants and Boosters, Mr. Philip Hunter, San Francisco Citizens Committee for Aquatic Park, and Mr. Francis Carroll, Chairman of the San Francisco Citizen's Committee for Aquatic Park, spoke in opposition.

Mr. Carroll presented a formal petition and interrogation to the Commission, urging the removal of the vessel.

Mr. George Johns, as an unofficial representative of the San Francisco Labor Council, was a supporter.

PRESENTATIVES AND DELEGATES (continued)

Showboat Location-Aquatic Park (continued)

Objections could be summarized as opposing the alleged unsightliness and inappropriateness of the river-boat at Aquatic Park, its restriction of the use of the beach, and its proximity to the rowing clubs. Arguments in support of the showboat plan emphasized its asset as an historic museum item, its possible contribution to the recreation, entertainment and enjoyment of the general public, and its potentialities as a tourist attraction.

Other speakers for and against were as follows:

Opposing: Mrs. Born, San Francisco Planning and Housing Association; Mrs. Angus Gordon Boggs, California Historical Society; Mr. Frank Gallagher, President of the South End Rowing Club; Mr. George Brady, member of the South End Rowing Club, Mrs. Elisabeth Roantree, San Francisco Federation of Women's Clubs; Mr. Thomas R. Murphy, San Francisco Rowing Club; Mr. Dan Kennedy, President of the San Francisco Rowing Club; and Mr. John H. Potass, boat builder.

Those speaking in behalf of it were: Mrs. Nona Burt Harwick, Mr. Tom Anderson, Mr. Charles Rosenthal, Wallace White, an entertainer, and Mr. James Murray, 56 Macondray Lane.

Mr. Anderson, Printer, of Berkeley, part owner of the "Fort Sutter" outlined plans for the refurbishing and operation of the vessel, stating that the owners recognized their obligation to conform to all local regulations relating to buildings, safety, fire, health and sanitation. He submitted to President Sutter a letter from the Rose Exterminator Company, 626 Potrero Avenue, advising that rodent control services were in effect, that results were satisfactory, and that services would continue.

Mr. Barney Gould arrived midway in the public hearing, and as he entered, a process server handed him a summons to answer a taxpayer's suit by Attorney Andrew Badisco, seeking the abatement of the "Fort Sutter." Mr. Gould read a 3-page written statement outlining his plan for the operation of the showboat "San Francisco" and charging as false all derogatory statements made regarding his ventures.

At the conclusion of the hearing, which exceeded two hours in duration, Commissioners Buckley and Parr asked President Sutter to take the matter under advisement pending the receipt of engineering studies of the Aquatic Park lagoon area, so that definite action based on sound recommendations could be taken at an early meeting.

President Sutter explained that the Commission had granted permission to the Maritime Museum Association in 1951 to allow the berthing of a river-boat at Aquatic Park, and that any future action regarding the "Fort Sutter" would necessarily concern the Maritime Museum Association. No representatives of the Maritime Museum Association were present at the meeting.

NEW BUSINESS

(1) Approval: Preliminary Plans and Specifications - JUNIPERO SERRA PLAYGROUND AND FIELDHOUSE

Mr. William Mooser, Architect, presented to the Commission the perspective sketches and preliminary plans of the playground and fieldhouse, and the preliminary specifications and cost estimates of the proposed Junipero Serra project.

Mr. George S. Harman, Supervising Engineer, explained the design and accommodations to be provided, reporting that the plans had been thoroughly reviewed, and recommended their acceptance and approval.

On motion of Commissioner Dippel, seconded by Commissioner Parr, the following resolution was adopted:

Res. No.1052

Commission Approves & Accepts Prelim. Plans, Specs. & Cost Estimates for Grnd. Impvts.- J. SERRA P/G & FIELDHOUSE

Resolution No. 1052

RESOLVED, that this Commission, on recommendation of the Supervising Engineer, does hereby approve and accept the Preliminary Plans, Specifications and Cost Estimates for the Ground Improvements and Structures on Junipero Serra Playground, as prepared and submitted by Architect William Mooser (Res. 899 - Mtg. of 9-25-52).

* * * * * * * * * * *

In connection with the above, Mr. Lewis explained that because of the increased cost estimates on the Junipero Serra project, it would be necessary to modify the original architectural contract in order to carry out the project, and that the Architect's fee would be based on his estimate of $120,691.00, rather than on the original contract construction estimates of $75,000.00. A detailed schedule was presented which, on motion of Commissioner Dippel, seconded by Commissioner Parr, was incorporated in the following adopted resolution:

(3) 1947 Recreation Bond Fund Appropriation - BASEBALL FACILITIES - BALBOA PARK

Mr. Lewis reported that, as previously planned and approved by the Commission, the construction of baseball facilities at Balboa Park would be partly financed with 1947 Recreation Bond Funds, such use of bond moneys having been ruled legal and proper by City Attorney, Dion R. Holm under Opinion No. 305, dated Dec. 29, 1950.

Mr. Lewis submitted an estimate of cost prepared by Mr. T. M. Grabow, department engineer, which summarized cost estimates as follows:

Complete construction of baseball diamond	$124,390.00
Complete bleacher assembly, including fencing and softball backstops (4000 seating capac.)	51,715.00
Total -	$176,105.00

Funds now being available in the amount of $47,775.00, an appropriation from the 1947 Recreation Bond Fund in the amount of $130,000.00 was recommended.

On motion of Commissioner Parr, seconded by Commissioner Gallagher, the following resolution was adopted:

MINUTES

The Fifty-sixth Regular Meeting of the Recreation and Park Commission was called to order on Thursday, March 12, 1953 at 3:00 P.M., President Sutter presiding.

The following Commissioners were present:

Mr. Louis Sutter, President
Mr. Fred D. Parr, Vice-President
Mr. Peter Bercut
Mr. Michael J. Buckley
Mrs. Henry Dippel
Rev. Eugene A. Gallagher
Mrs. Sigmund Stern

* * * * * * * * * * *

Referring to the minutes of the previous meeting of February 26, 1953, the Secretary reported that Mr. Neil Cunningham, President, California Marine Parks and Harbors Association, 318 California Street, had been incorrectly included in the list of persons and organizations favoring the location of the Showboat in Aquatic Park. Mr. Cunningham and his organization are opposed to the Showboat location in Aquatic Park. With the foregoing deletion and correction, the minutes of the meeting of February 26th were approved.

(5) From Mrs. James A. Hamilton, Chairman, Street Tree Planting Committee, S.F.Planning and Housing Association, recommending that a specific sum be allotted annually in the Commission's budget for the maintenance and extension of the street tree planting program and/or that program be transferred to the Department of Public Works.

Mr. Lewis reported that he had discussed with Mr. Sherman P. Duckel, Public Works Director, the proposal of transferring the responsibilities of the street planting program to the Department of Public Works; and that Mr. Duckel had expressed willingness to assume jurisdiction of the street tree planting program if the appropriate ordinance were enacted.

Mr. Lewis stated further that there would apparently be a definite advantage in transferring the tree planting program to the Department of Public Works, through that department's ability to use State gasoline tax funds for the tree planting

program.

On motion of Commissioner Bercut, seconded by Commissioner Buckley, the following resolution was adopted:

Res. No.1058

Commission Authorizes the Transfer of Municipal Street Tree Planting Program to Department of Public Works

Resolution No.1058

WHEREAS, the Street Tree Planting Committee of the San Francisco Planning and Housing Association has made specific recommendation regarding the Municipal Street Tree Planting Program, and responsible and representative public officials have ~~not~~ and concurred in such committee recommendations; and

WHEREAS, the recommendation that the program of street tree planting and maintenance be transferred from the Recreation and Park Commission to the Department of Public Works appears to be in the best interests and to the advantage of the City and County of San Francisco; now, therefore, be it

RESOLVED, that this Commission does hereby approve the recommendation for the transfer of the Street Planting Program to the Department of Public Works, and hereby authorizes and directs that proceedings be instituted for the repeal of the existing Ordinance No. 3845, Bill No.4000 (finally passed by the Board of Supervisors on May 20, 1946) and the enactment of a new street tree planting ordinance, the effect of which will place the street tree planting and maintenance program under the Jurisdiction of the Department of Public Works; and, be it

FURTHER RESOLVED, that the General Manager and the Secretary are hereby authorized and directed to confer with the proper officials of the Department of Public Works, City Attorney's office, and the Board of Supervisors, to the end that the above legislation be enacted.

REPRESENTATIVES AND DELEGATES

Showboat "San Francisco" - Aquatic Park

Approximately 80 persons were in attendance to observe or participate in the discussion regarding the location of the river-boat S.S. FORT SUTTER in Aquatic Park.

President Sutter announced that marine engineering studies and reports had not yet been obtained and that the Commission would reach no conclusive decision this day; but that any person who wished to speak on the subject would be permitted to do so.

There was little change in the arguments for or against the river-boat's location, and it was apparent that most persons favored the idea of a showboat in San Francisco, but many were opposed to its location on the beach at Aquatic Park.

REPRESENTATIVES AND DELEGATES (continued)

Showboat "San Francisco" - Aquatic Park

Speakers endorsing the showboat at its present location were as follows:

Mr. Spivock, representing the Russian Hill Improvement Assn.
Mrs. Emily Martin, Committee Chairman, San Francisco Women's Chamber of Commerce
Mrs. Austin Kelly of the Civic Center Women's Club
Mr. Milton Steinberg, representing himself to be a delegate of the Polk Street and Mission Street Merchants
Mr. Jack Battle
Mrs. Virginia Montgomery Johnson)
Miss Elinor Montgomery) - 46 Kearny Street

Speakers in opposition were:

Mr. John Potasz: Mr. John Potasz, who represented himself to be a ship's carpenter and boat builder and who predicted that the hull of the boat would rot out if it were to remain on the beach. (In rebuttal, Mr. Tom Anderson, co-owner of the boat, said he had permitted Mr. Potasz to thoroughly inspect the ship; that it was contemplated to refurbish the vessel to the extent of $100,000.00 improvements, and that he welcomed any responsible marine surveyor's inspection.)
Mr. Philip Hunter of the San Francisco Citizens Committee for Aquatic Park
Mrs. Roantree of the San Francisco Federation of Women's Clubs
Mr. Francis Carroll, Chairman of the San Francisco Citizens Committee for Aquatic Park. (Mr. Carroll offered the assistance of his organization in the studies to be made, and then urged removal of the vessel.)

Mrs. Ernest Born of the San Francisco Planning and Housing Association then voiced her organization's approval of a show-boat when properly placed and operated, but expressed opposition to the boat in its present location.

The concluding speaker was Mr. Barney Gould. Mr. Gould read a prepared written statement in defense of the Showboat San Francisco as a legitimate San Francisco recreation activity, appealed for fair treatment from the public and the City, and assured all that he would be guided by public opinion.

Commissioner Parr then expressed his position on the controversial subject through three direct questions to which he sought answers:

(1) What restrictions and conditions bind the Commission in the original bond issue for Aquatic Park?

(2) What recommendations on the river-boat's location will be made by competent marine engineers?

(3) How can the Commission act on this matter when the Maritime Museum Association, who fostered the idea, have not made their present position known, and have not attended the hearings?

Commissioner Parr expressed his personal feeling that the Commission should obtain the facts and act intelligently; and that if the river-boat should not remain on the beach, a place should be found for it within the Aquatic Park area. He asked the direct question of Mr. Tom Anderson, "Is there any place at all in Aquatic Park that, at not too great expense, could be used for the berthing of the Fort Sutter?" Mr. Anderson replied that the location near the Sea Scout

PRESENTATIVES AND DELEGATES (continued)

Base, on the west side of the lagoon, could be used but that it would involve a big engineering job, there being no beach at that location, and the tide elevation presented an additional problem.

All speakers having concluded, President Sutter stated that the General Manager would have the necessary engineering reports and recommendations by the next regular meeting and that definite action would then be in order.

Mrs. Meta Rothschild, representing the San Francisco League of Women Voters, was present at the meeting.

UNFINISHED BUSINESS

Motion on Closing of Parking Bays - Upper Great Highway- Postponed to Next Meeting

(1) Upper Great Highway Parking Bays

The request of the Great Highway Club that the parking lots on the upper road of the Great Highway be closed was next considered by the Commission, this matter having been put over at the previous meeting for report of the General Manager.

Mr. Lewis reported that all of the low fencing on the Upper Great Highway had been installed to save the planted areas and to prevent random parking, and that the parking bays had been suggested by Police Captain Jack Eker, Director of Traffic. Because of the carelessness of the public and the abuses, he recommended that one of the three bays be closed on a trial basis.

Mrs. Thomas R. Best, Secretary of the Great Highway Club, voiced a vigorous protest to all three parking bays, as did Mrs. Lillian Wagner, representing the Parkside Improvement Club.

It was Mr. Lewis's suggestion that the complaints, as outlined by the objectors, be addressed also to the Police Department.

On motion of Commissioner Farr, seconded by Commissioner Buckley, the matter was again referred to the General Manager for investigation and report, so that final action might be taken at the next regular meeting.

Golden Gate Clubhouse & Facilities-Inclusion in 1953 Bond Issue

(3) New Clubhouse and Facilities requested for Golden Gate Tennis Club (Over from meeting of January 8, 1953)

The Secretary read a letter from Mr. Edward Murray, President of the Golden Gate Tennis Club, referring to the earlier written request, and again setting forth the needs for improvements, particularly a practice back-board.

UNFINISHED BUSINESS (continued)

Mr. Lewis reported that clubhouse facilities and the backboard, as previously requested by the tennis organization's committee, would be included in the list of recreation and park improvements comprising the Bond Issue for November 1953, which is in the preparatory stage and will be presented to the Commission when completed.

(4) Palace of Fine Arts

Palace of Fine Arts

The Secretary reminded the Commission that the San Francisco Planning and Housing Association had requested that no final action be taken regarding the Palace of Fine Arts pending the submission of a report and recommendation of its committee. This request was made by letter at the meeting of February 26th, and to date no report has been received.

(5) Extension of Time - Architectural Contract #189 - Ward & Bolles

The Secretary read the report and recommendation of Mr. George S. Harman, Supervising Engineer, setting forth reasons for the granting of an extension of time to the Architects, Ward & Bolles, on the Animal Quarters at the Zoological Gardens. The reasons set forth for the protracted delay of more than two (2) years from the original completion date of April 25, 1950 were: (1) that a master plan of the Zoological Gardens had to be completed before the Art Commission would approve the animal quarters plans and (2) that the original contract was modified and the work increased to include the construction of sewers, walks and other necessary facilities.

On motion of Commissioner Dippel, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.1066

Commission Approves Retroactive Time Extension on Ward & Bolles Contract #189-Primate, Panther & Leopard House.

Resolution No. 1066

RESOLVED, that this Commission, in consideration of the extenuating circumstances which prevented Architects Ward and Bolles from completing professional services under Architectural Contract No. 189 - San Francisco Zoological Garden Primate, Panther and Leopard House, does hereby grant the required retroactive extension of time under said contract for a period of 2 years and 7 days from April 25, 1950, bringing the completion date to May 2,1952.

NEW BUSINESS

(1) Modification and Renewal of Lease - Calvin V. Tilden - Stow Lake Boathouse.

The Secretary read the letter of Mr. Calvin V. Tilden, boating concessionaire at Stow Lake, reporting on his trial operation of the refreshment booth, and requesting that it be included in his boating contract as a permanent concession based on a ten (10%) per cent return to the City on the gross sales. Mr. Tilden stated that during the past 6 months, revenue to the City from the operation of this stand has amounted to $672.14.

On motion of Commissioner Bercut, seconded by Commissioner Stern, the following resolution was adopted:

(2) Beach Chalet Lease - Veterans of Foreign Wars.

Commission Action Re Beach Chalet Lease Renewal to Veterans of Foreign Wars Postponed to Next Regular Mtg.

The Secretary presented the application of Joseph P. McQuaide Post No. 1205, Veterans of Foreign Wars, for a renewal of the current agreement governing the leasing of the Beach Chalet, said lease scheduled to expire April 14, 1953.

Mr. Jack Klein, Vice-Commander and Mr. William McCarthy appeared before the Commission in support of their request and asked the Commission to consider modification of their agreement, to permit the sub-rental of the Beach Chalet quarters to groups other than veteran organizations, reference specifically being made to paragraph 5 of the existing agreement. It was the Commission's desire to have the modification proposal thoroughly reviewed and all other conditions of the existing lease checked before acting upon the case.

On motion of Commissioner Parr, seconded by Commissioner Buckley, the proposed revisions were referred to the General Manager for review and recommendation, so that final action would be in order at the next meeting.

COMMUNICATIONS

(1) The Secretary read the following Resolution No. 13119, adopted by the Board of Supervisors at its meeting of March 9, 1953:

"REQUESTING RECREATION AND PARK COMMISSION TO STUDY AND REPORT ON PROPOSAL TO BUILD GOLF COURSE IN McLAREN PARK.

Resolution No. 13119.
(Series of 1939)

"WHEREAS, it is reported that a proposal has been submitted to the Recreation and Park Commission by a private association, which contemplates the development of a golf course in McLaren Park, which would be built and maintained at no expense to the City and County, would be operated and maintained as a municipal golf course under existing standards, and fees for municipal courses, and which would revert to the City and County at the expiration of a twenty-year period; and

"WHEREAS, San Francisco needs additional golfing facilities and the proposal appears to have considerable merit from the standpoints of providing additional recreational facilities, and ultimately, revenue; now, therefore, be it

"RESOLVED, That the Recreation and Park Commission be and it is hereby urged to give consideration to said proposal and to submit to this Board of Supervisors, after due study, its report and recommendation in connection therewith."

"I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco at its meeting of March 9, 1953.

"JOHN R. McGRATH, Clerk.

"Approved March 11, 1953.

"ELMER E. ROBINSON, Mayor"

COMMUNICATIONS (continued)

Mr. Lewis, General Manager, reported that future use of McLaren Park is included as a part of the comprehensive study being made of all recreation and park areas with the cooperation of the staff of the Department of City Planning.

President Sutter directed that a copy of Board Resolution No. 13119 be transmitted to the Director of City Planning, and be given the fullest consideration and attention as a part of the McLaren Park study; Mr. Lewis to report the results of the study at a later date, so that the Board of Supervisors may be duly informed.

Secretary Directed to Inform Board of Supervisors That Children's P/G Closes at 5:30 P.M. and That Apparatus & Equipment Are Constantly Being Checked by Attendant & Maint. Crew

(3) From the Board of Supervisors, the request of Supervisor Christopher that the Children's Playground in Golden Gate Park remain open after 5:00 P.M., and that the apparatus, equipment, and grounds be checked.

Mr. Lewis reported that the Children's Playground is open daily until 5:30 P.M., but that the Commission could extend this time to a later hour during the summer months or when the daylight saving time schedule is placed in effect. The Secretary was instructed to inform the Board that at the present time and during the next few months the Commission considered the 5:30 P.M. closing hour appropriate.

In the matter of the apparatus and other equipment, he was instructed to reply that these items are checked daily by the attendant, and at regular intervals by the maintenance crew, and that as a result it is occasionally necessary to remove a piece of equipment for shop repair.

Report to Board of Supervisors re. Condition of Ocean Beach and Beach Cleaning Equipment

(4) From the Board of Supervisors, transmitting Supervisor Ferdon's request for the maintenance of cleanliness along the beach and asking for a report on the condition and activity of beach-cleaning equipment purchased some years back.

The Secretary was instructed to reply that the unsightly beach condition had resulted from the severe wind and storm conditions and the heavy holiday attendance during the subsequent calm week-end, and that the beach cleaning equipment is undergoing its first extensive overhaul in the department's repair shop since the date of purchase. It will be returned to operation in about three or four weeks.

Commission Votes Itself On Record As Being Opposed To Changing Present Legislation Transferring Jurisdictional Land Trans-fers

(5) From John R. McGrath, Clerk of the Board of Supervisors, advising that at the meeting of Friday, March 27, the Public Building, Lands and City Planning Committee will consider proposed legislation which would change the procedure of transferring jurisdiction of land from one department to another by eliminating the requirement that either the Mayor, or the department concerned, give consent to the transfer. The Committee requested representation at the meeting, so that it will have the Commission's opinion.

In the Commission's discussion it was made clear that the proposed legislation would deprive the department owning property from the opportunity of protesting its loss to another department, and all members disapproved the proposed ordinance.

President Sutter directed the Secretary to attend the committee meeting and express the Commission's opposition to the measure.

REPRESENTATIVES AND DELEGATES

(1) Showboat "San Francisco"

With the Commission Chambers again crowded to capacity with persons interested in whatever action was to be taken regarding the river-boat Fort Sutter, located on the beach at Aquatic Park, President Sutter opened the hearing by directing the Secretary to read a letter from the Maritime Museum Association, written in 1951, in which the original plan for bringing a river-boat into Aquatic Park as a living Maritime Museum exhibit was outlined in detail.

The Secretary also read another letter from the Maritime Museum Association dated March 25, 1953, in which the Association disclaimed any part in the beaching of the Fort Sutter. The letter stated, however, that "if the boat is moved to an agreeable location afloat, or a firm commitment

REPRESENTATIVES AND DELEGATES (cont'd)

"is made that it will be so moved, the Association will proceed immediately toward negotiation of an agreement with its owners for the operation of the boat as an historic exhibit and as a first class restaurant with possibly some entertainment."

President Sutter then called upon Mr. Barney Gould who, in a prepared written statement, agreed to abide by whatever decision the Commission reached, including his promise to move the river-boat off the beach if the Commission so ordered.

The Secretary then read in full the report of Marine Surveyor, Captain A. J. Moyes, 7 Front Street, San Francisco, giving the opinion that the vessel is in sound condition and that it would be suitable for its intended trade when the recommended repairs listed in the report have been made. The report stated further:

"Further, if the vessel was to remain in her present location and under the existing condition she would be subject to damage and deterioration similar to untreated piling of which the following is noted: 'United States Department of Agriculture - Wood Handbook:

> "Damage by marine boring organisms to fixed or floating structures of wood in salt or brackish waters is practically world-wide and has called forth all the protective measures known to man from ancient times to the present. Along the Pacific, Gulf, and South Atlantic coasts of United States attack is rapid, and untreated piling may be completely destroyed in a year or less."'

There then followed considerable discussion by the Commissioners in which there was general agreement that the vessel must be removed from the beach at the next high tides in May or that an extension of time could be granted if necessary; that the vessel would be permitted to remain in the Aquatic Park harbor in a floating location and that the general plan for its development as a restaurant and theater was still approved.

Commissioners Parr and Gallagher clarified the foregoing points through detailed questioning.

On motion of Commissioner Parr, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No. 1070

Commission Directs the Removal and Relocation of the S.S. FORT SUTTER in Aquatic Park

Resolution No. 1070

WHEREAS, the report of Captain A. J. Moyes, Marine Surveyor, No. C & C. No. 1-53, under date of March 23, 1953, states that the river-boat St.W. FORT SUTTER would be subject to damage and deterioration if that vessel were to remain on the beach of Aquatic Park; and

WHEREAS, the San Francisco Maritime Museum Association has offered written assurance that its officers will proceed immediately toward negotiation of an agreement with the owners of the St.W. FORT SUTTER when a firm commitment is made that said vessel will be moved to an agreeable location afloat in Aquatic Park; now, therefore, be it

RESOLVED, that this Commission does hereby order and direct Mr. Barney Gould and/or the owners of the river-boat S.S. FORT SUTTER to remove the said vessel from its present location on the beach sands of Aquatic Park at the earliest practicable time, with due consideration to be given to the tide conditions; and, be it

FURTHER RESOLVED, that Mr. Barney Gould and/or the owners of the Stern Wheeler FORT SUTTER are hereby granted permission to berth the FORT SUTTER in an alternate location within the waters of Aquatic Park, provided a suitable and acceptable location can be selected and recommended by the General Manager and approved by this Commission; and, be it

FURTHER RESOLVED, that in consideration of the San Francisco Maritime Museum's original and principal interest in the addition of a river-boat to its collection of historic exhibits, the officers and directors of the San Francisco Maritime Museum Association be formally notified of this Commission's order to Mr. Barney Gould and/or the vessel's owners for the removal and relocation of the S.S. FORT SUTTER.

Mr. Philip Hunter, San Francisco Citizens Committee for Aquatic Park, voiced his committee's approval of the Commission's action and offered their services in the development of a greater Aquatic Park.

Mr. Raymond Crumney, representing the San Francisco Hotel Association, placed his organization on record as not being opposed to the river-boat in its proper location.

Mrs. Angus Gordon Boggs, California Historical Society, expressed her displeasure of the Commission's action approving the river-boat's continued occupancy of any part of the Aquatic Park Lagoon.

(2) Angel Island Acquisition

Mr. Neil Cunningham, President, California Marina Barks and Harbors Association, Mr. Jack Landis, Angel Island Foundation, and Mr. Raymond Hoyt of the National Park Service, appeared before the Commission to urge the officials of the City government to act promptly in the acquisition of Angel Island.

Mr. Cunningham presented the report and recommendations of the Angel Island Foundation under date of February 24, 1953, copies of which had been mailed to all Commissioners, and asked that the Commission take definite action in assuming responsibility for administering the island as recommended in the report.

Mr. Raymond Hoyt informed the Commission that Secretary of the Interior McKay had requested information from his office regarding San Francisco's interest in Angel Island, because private groups had made representations in Washington that they wished to acquire the island for home development.

President Sutter explained that the Commission was interested in Angel Island, but considered it only good business to obtain professional engineering reports and surveys before making definite commitments. President Sutter said he would entertain a motion placing the Commission on record as interested in Angel Island to the extent that the engineering surveys would permit.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

to institute proceedings toward the acquisition of Angel Island; and

WHEREAS, the Board of Supervisors Committee designated the Recreation and Park Commission as the agency to undertake a thorough survey of Angel Island, assembling all factual data relative to operation, maintenance, and the purposes for which the island could be used; and

WHEREAS, the Commission has directed its General Manager to proceed without delay in the selection of competent professional engineering personnel to conduct the survey; now, therefore, be it

RESOLVED, that in the interests of the people of San Francisco, and to the end that the Federal Government may promptly be informed of San Francisco's sincere intentions regarding Angel Island, this Commission does hereby urge and direct that the engineering study proceed at the earliest possible date and that the General Manager submit to this Commission his recommendations and estimates of costs on the Angel Island Survey.

...del Airplanes (3) Model Airplanes

...Continued to ...eeting of Apr.9, ...953 as a Special ...rder of Business)

Several persons representing model airplane hobbyists and enthusiasts appeared before the Commission requesting that a future and permanent location be set aside in one of the park areas for their activity.

Mr. Lewis reported that during the past year several locations had been tried experimentally, but that no satisfactory location had been found, the noise of the planes and their danger potential being disturbing factors in site selection; at the present time the model airplane activity is being temporarily accommodated at the east end of the Polo Stadium, but would have to be discontinued when the polo season schedule commences on May 2nd.

Mr. Bill Gunther, representing Mr. John Pond, Treasurer of the San Francisco Vultures, gave a brief and impressive historical account of the growth in popularity of the model airplane hobby and asked for a location within Golden Gate Park.

Mr. Girod, Park Superintendent, explained to the Commission the incompatibility of the model plane activity within the confines of Golden Gate Park because of the noise, the danger, and the particularly disturbing fact of annoyance to equestrians.

Lengthy discussion resulted in President Sutter's continuance of the matter as a special order of business at the next regular meeting, at which time the General Manager was instructed to report further on the search for an area which would be suitable for model plane flying and that would not interfere with the public good.

...Lewis to Meet.. ...h Pioneer Women ...Determine Route ...Pathway to Fulton ...eet.

Mr. Lewis reported that an investigation revealed that one of the flagpoles in front of the Pioneer Clubhouse had been damaged and broken and would be repaired, repainted and re-installed. In the matter of an access pathway to Fulton Street, four possible routes had been suggested by Mr. Bart Rolph.

Mr. Lewis has scheduled a meeting with Mrs. Landerville and Mrs. Siggins of the Pioneer Women's Association to determine which Pathway would be best in consideration of both convenience and cost.

The Commission referred the matter to the General Manager with full power to act.

(3) Request of Great Highway Club That Parking Bays on Upper Great Highway Be Abandoned

This matter having been co tinued from the March 12th meeting, the Secretary gave the information that a formal petition had been received, containing more than 300 signatures, urging removal of the parking bays.

Mr. Lewis reported that it was now his recommendation that all of the parking areas be closed, and on motion of Commissioner Dippel, seconded by Commissioner Bercut, the following resolution was adopted:

...n No.1080

(4) Beach Chalet Lease - Veterans of Foreign Wars

This matter having been postponed to permit the General Manager to thoroughly review and recommend on the terms and conditions of a lease renewal, Mr. Lewis now reported that a monthly rental of ten (10%) per cent of the gross revenue with a guaranty of $50.00 per month was recommended, and that the lessee be permitted to sublet the building or portions thereof, PROVIDED such applications be approved in writing, in advance, by the department.

On motion of Commissioner Bercut, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No. 1081

Beach Chalet Lease to VFW for 3-Yr. Period Commencing 4-15-53 - With Privilege to Sublet

Resolution No. 1081

RESOLVED, that this Commission does hereby approve the request of Joseph P. McQuaide Post No. 1205, Veterans of Foreign Wars, for a continued leasing of the Beach Chalet, such approval to be subject to the fulfillment of the following terms and conditions:

(1) That the lease shall be for a 3-year period commencing April 15, 1953;

(2) That the monthly rental shall be ten (10%) per cent of the gross receipts of all of the revenues to the lessee in connection with the sub-rental of the Chalet, with a minimum guaranteed rental of $50.00 per month;

(3) That the lessee be permitted to rent the building, or portions thereof, to bona fide groups or organizations for social or recreational purposes, provided that all such rentals shall be arranged by written applications which shall be submitted in advance to the General Manager of the Recreation and Park Department and shall not be effective or valid of execution without his affixed written approval;

PROVIDED FURTHER, that the City Attorney be requested to prepare a lease agreement containing the preceding terms and conditions and that upon his approval as to form, the agreement be submitted and approved by the Board of Supervisors.

(5) Admission Charges-Tennis Tournament, G.G. Park - Denied

Next considered was the request of the Golden Gate Exchange Club to charge admission to the finals of the Northern California Tennis Championships on April 25-26, all proceeds being intended for donation to the Boys' Club Program, "Fun For A Day."

This matter had been under consideration at a previous meeting, but was held over because a matter of policy was involved. All Commissioners recognized the meritorious purpose which motivated the Golden Gate Exchange Club's request but considered the restrictive nature of admission charges as being in conflict with the use of public parks.

On motion of Commissioner Gallagher, seconded by Commissioner Bercut, the following resolution was adopted:

(2) Policy on the Balance of Purchasable Land Adjacent to Kezar Stadium

...mission Policy ... Purchase of ...d Adjoining ...ar Stadium on ... East

Mr. Lewis reported that the former Park Commission had set forth a program for the acquisition of both the improved and unimproved property lying east of the Kezar Stadium for use in the event the stadium would be enlarged an/or for parking purposes. There still remains some improved properties and some funds are available, although more would be required to complete purchases. The Commission previously considered the matter, members declaring that future enlargement of the stadium was unlikely, and use of additional land seemed questionable. (Commission Mtg.1-8-53 -Garage Property)

President Sutter directed that consideration of the matter be put over to the next meeting or until such time as there would be a full membership of the Commission present.

Res. No.1084

Commission Approves Preliminary Plans, Specification, & Cost Estimates for Laurel Hill Playground & Fieldhouse

Resolution No. 1084

RESOLVED, that this Commission, on recommendation of the Supervising Engineer, Mr. Harman, does hereby approve and accept the Preliminary Plans, Specifications and Cost Estimates for the Ground Improvements and Fieldhouse on the Laurel Hill Playground site, as prepared by Architects Paul A. Ryan and John M. Lee; and, be it

FURTHER RESOLVED, that on recommendation of the Supervising Engineer, the preliminary cost estimates for the Laurel Hill Playground, as computed and submitted by Ryan and Lee, Architects, are hereby approved and accepted in accordance with the following schedule:

	ORIGINAL CONTRACT		ARCHITECTS' ESTIMATES	
	Amount	Fee	Amount	Fee

(4) Settlement of Suit-Jean E. Merced, Etc. v. City & County of San Francisco - Superior Court No. 389922 - $2,000.00

The Secretary then read the letter from W. F. Bourne, Deputy City Attorney, enclosing a proposed ordinance (AUTHORIZING COMPROMISE OF THE CLAIM OF JEAN ESTHER MERCED FOR MONEY DAMAGES SUFFERED BY REASON OF PERSONAL INJURIES SUSTAINED DUE TO AN ALLEGED DANGEROUS AND DEFECTIVE CONDITION OF A TREE IN GOLDEN GATE PARK).

Mr. Lewis stated that he agreed with the City Attorney that under the attendant circumstances the settlement appeared to be an advantageous one from the City and County of San Francisco's standpoint.

Mr. Bourne's letter stated, "that it would be advisable, from the standpoint of possible future legal liabilities in connection with the unstable blue gum eucalyptus, that attention be given to some remedying action with regard to the presence of such class of tree in park and playground areas normally frequented by the public."

On motion of Commissioner Bercut, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1085

Commission Authorized Compromise Settlement of $2000. in Case of MERCED v. CITY & CO. OF S.F. Sup.Ct. #389922

Resolution No. 1085

RESOLVED, that on recommendation of the City Attorney and the General Manager, this Commission approves the proposed ordinance for adoption by the Board of Supervisors, authorizing a compromise in the amount of $2,000.00 in the case of JEAN E. MERCED, ETC. v. CITY AND COUNTY OF SAN FRANCISCO, SUPERIOR COURT NO. 389922.

Mr. Lewis reported that attention is being given to the condition of the trees throughout park areas, with particular

Action for Use of Ocean View Rec.Ctr. by Co-op.Nursery School Group Postponed to Next Meeting

(2) Mr. Robert Denmark and Mrs. Lili Osborne, with others, appeared before the Commission in the interests of their proposal that the Ocean View Recreation Center be made available as a co-operative nursery school unit on a part-time basis.

Mr. Denmark explained that such nursery schools must be licensed by the State Department of Social Welfare and that each individual school has its own papers of incorporation. An invitation was extended to all Commissioners to visit and investigate the program conducted at any similar nursery schools throughout the city.

Because the proposal involved a matter of future and continuing policy, at the direction of President Sutter consideration and possible action were postponed to the next meeting.

NEW BUSINESS (continued)

(2) Discontinuance of Operation - Michelangelo Playground

The General Manager reported that this playground has presented a problem to the Activities Staff for a number of years, because the building has never been maintained in a safe condition and the retaining wall in the rear of the building has a decided bulge which may break down at any time. Further, because of the location, the number of children in daily attendance at this playground has been too small to warrant its continuance.

It was therefore recommended that Michelangelo Playground be vacated by this department and the property be returned to the Board of Education.

On motion of Commissioner Gallagher, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No.1102

Resolution No. 1102

Commission Directs that Michelangelo P/G Be Vacated by R. & P. Department & Property Be Returned to Bd. of Ed.

WHEREAS, the structure on the Michelangelo Playground has deteriorated to such an extent that it is presently in an unsafe condition; and

WHEREAS, the attendance at the Michelangelo Playground in recent years has decreased so much that the repair of the structure and the continued operation of this playground by the Recreation and Park Department is not justified; now, therefore, be it

RESOLVED, that on recommendation of the General Manager, this Commission hereby directs that the Michelangelo Playground be vacated and that the property be returned to the Board of Education.

(4) Request for A Supplemental Appropriation of $1125.00 to Provide Funds for Position of A-20 Sup't Struc'l & Mech.Repair

Mr. Lewis, General Manager, reported the necessity of requesting funds to permit Mr. Bart Rolph's occupancy of the new position of A-20, Superintendent of Structural and Mechanical Repair, resulting from his successfully passing a civil service promotive examination. The new assignment will result in the vacancy of the position of W-4, Assistant Superintendent of Parks, which Mr. Lewis therefore recommended be abolished, explaining that the civil service rights of both Mr. Girod and Mr. Rolph to the position are preserved and safeguarded through the civil service provisions of the Charter, and that the position would be reestablished at any future time in the interests of such civil service rights.

On motion of Commissioner Bercut, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.1104

Requesting Approval of Supplemental Approp. $1125.00-Salary for A-20, Supt. Structural & Mechanical Repair

Resolution No. 1104

RESOLVED, that this Commission, for the best interests and proper conduct of the Recreation and Park Department, hereby requests the Mayor, Board of Supervisors, and the Controller, to approve a Supplemental Appropriation in the amount of $1125.00 from Appropriation 212.199.00 (Compensation Reserve) to Appropriation 212.110.01 (Permanent Salaries - General Division) to provide funds for the established position of A-20 Superintendent of Structural and Mechanical Repair, Recreation and Park Department, at the monthly rate of $750.00, through June 30, 1953, and abolishing position of W-4 Assistant Superintendent of Parks, with monthly range of $550-$650; and, the Civil Service Commission be and is hereby requested to amend the Annual Salary Ordinance to properly reflect the foregoing changes.

PRESENTATIVES AND DELEGATES

President Sam M. Markowitz of the Library Commission, Mrs. J.H. Mohr, Library Commissioner, City Librarian Lawrence J. Clarke, and J. Joseph Allen, Secretary to the Library Commission, appeared in behalf of the proposed public library on the Funston Playground property.

REPRESENTATIVES AND DELEGATES (cont'd)

Mr. Clarke requested consideration of the possibility of relocating the playground area, in connection with the proposed Library, from the site previously approved in Resolution No. 953, to another location on a portion of Funston Playground bordering on Chestnut Street, which would be more suitable from an aesthetic, as well as a practical and utilitarian point of view.

Both the General Manager and the Superintendent of Recreation expressed themselves as being in complete agreement with the change in location.

On motion of Commissioner Dippel, seconded by Commissioner Gallagher, the following resolution was adopted:

Commission Rescinds Its Action Under Resolutions Nos. 803, 849, 891, and 953 - Designates Land on Chestnut Street as Site for Branch Public Library (Funston Playground)

Resolution No. 1112

WHEREAS, the Library Commission has requested the transfer of a parcel of land in Funston Playground to be used advantageously as a Branch Public Library; and

WHEREAS, this Commission has been advised by the City Attorney under Opinion No. 250 that the transfer of such park land is prohibited, but recognises the desirability of establishing a Branch Library at Funston Playground; therefore, be it

RESOLVED, that this Commission does hereby rescind its action under Resolutions No. 803 (June 26, 1952), No.849 (August 14, 1952), No.891 (September 25, 1952), and No.953 (November 13, 1952), relating to such land transfer, but does hereby grant to the Library Commission permission to erect and maintain, at no expense to this Commission, a Branch Public Library on a portion of Funston Playground bordering on Chestnut Street; and, be it

FURTHER RESOLVED, that the use of this property shall continue as long as it is used by the Library Commission for Public Library purposes; and be it

FURTHER RESOLVED, that the Board of Supervisors be and are hereby requested to rescind their action under Resolution No. 7352 adopted April 5, 1948, and to approve in lieu thereof the permit to be issued to the Library Commission for the use of a portion of Funston Playground.

...inal Action on ...quest for Access ...ad to W. B. Tyler ...roperties Postponed ...nding Opinion From ...ity Attorney

The General Manager and Mr. Bart Rolph reported on the request of Mr. George Lagomarsino, realtor, for the use of the old park road which passes through the Sharp Park Rifle Range on the north side of the canyon and behind the targets, as access to the W. B. Tyler property, which borders the Sharp Park property on the north.

Since the right to pass over private or public property to gain access to an otherwise inaccessible piece of property is governed by State laws, the General Manager recommended that the Commission delay action in this matter until he has received an opinion from the City Attorney.

On motion of Commissioner Parr, seconded by Commissioner Stern, the request of Mr. Lagomarsino was referred back to the General Manager for further study.

(3) McLaren Park Boundaries

Mr. Lewis, the General Manager, reported that the Board of Supervisors, at its meeting of April 20, 1953, had adopted a policy establishing the boundaries of John McLaren Park in Resolution No. 13245 (Series of 1939). He explained that the action of the Board of Supervisors excluded certain property in Assessor's Block No. 6062, and that the boundaries now contained a net area of 326 acres, more or less.

Mr. Lewis further reported that the new boundaries, as established by the Board of Supervisors, had been recommended by the City Planning Commission and the Director of Property. He recommended approval by the Recreation and Park Commission of the amended boundaries of McLaren Park:

Following the report and recommendation of the General Manager, on motion of Commissioner Parr, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No.1119

Final Boundaries of McLaren Park Established and Accepted by R. & P. Commission

Resolution No. 1119

WHEREAS, by its action under Resolution No. 941, meeting of October 30, 1952, this Commission approved and recommended to the Board of Supervisors the adoption of a definite boundary for McLaren Park, as prepared and set forth on Department of City Planning Map dated October 30, 1952 (File No. 712-1-11); and

WHEREAS, by its action under Resolution No. 1037, meeting of February 12, 1953, the Commission approved an amendment of the McLaren Park boundaries described in the aforementioned map, consisting of the exclusion of Assessor's Blocks Nos. 5995, 5996, 6034, and 6147 from the McLaren Park Area; and

WHEREAS, the Board of Supervisors, under Resolution No.13245, meeting of April 20, 1953, adopted this Commission's above mentioned recommendations to be the Board of Supervisors' policy regarding the boundaries of the proposed John McLaren Park, with the further exclusions of land as follows: the northerly 300 feet of Assessor's Block No. 6062; also excepting the portions of Cambridge Street and Yale Street adjoining said excluded part of Block No.6062; now, therefore, be it

RESOLVED, that the Recreation and Park Commission, in confirmation of the Board of Supervisors' Resolution No.13245, does hereby adopt and approve the boundaries of the proposed McLaren Park as finally amended; said boundaries being those described on Department of City Planning Map dated October 30, 1952 (File No. 712-1-11), less Assessor's Blocks Nos. 5995, 5996, 6034, 6147, and the northerly 300 feet of Block No. 6062, and those portions of Cambridge Street and Yale Street adjoining said excluded part of Block No. 6062, the full and complete description of said boundaries being set forth in the details of Board of Supervisors' Resolution No. 13245 (Series of 1939), adopted April 20, 1953.

(4) Request for A Supplemental Appropriation of $1500.00 - Aquatic Pier Damage by S.S. HARRY LUCKENBACH

The General Manager reported that the City Attorney had recommended an engineering inspection of the damages to the Aquatic Park Pier resulting from the collision of the S.S. HARRY LUCKENBACH on or about February 3, 1953, in order that a proper estimate of the repair costs could be obtained.

On recommendation of the General Manager, and on motion of Commissioner Bercut, seconded by Commissioner Stern, the following resolution was adopted:

Res. No.1120

Request for A Supplemental Appropriation of $1500. for employment of Engineers, Punnett, Pares & Hutchison, In Connection with Damage by S.S.HARRY LUCKENBACH to Aquatic Park Pier, Feb.3.1953

Resolution No. 1120

RESOLVED, that this Commission, for the best interests and proper conduct of the Recreation and Park Department, hereby requests the Mayor, the Board of Supervisors, and the Controller to approve a Supplemental Appropriation in the amount of $1500.00 from such funds as are legally available, to Appropriation No. 212.265.01 (Engineering Services), such funds being necessary for the employment of Punnett, Pares & Hutchison, and J. E. Hayes, Associated Consulting Engineers, for the purpose of inspection of damages to the Aquatic Park Recreation Pier, and a proper estimate of the costs to repair same, resulting from the collision of the S. S. HARRY LUCKENBACH on or about February 3, 1953; said services to cover preparation of plans and technical specifications for repair of the pier, and engineering supervision and inspection services required during the repair operations.

COMMUNICATIONS

(a) From His Honor, Mayor Elmer E. Robinson, recommending the installation of an elevator on the north side of Kezar Stadium, by which disabled veterans and wheel-chair patients could be lifted to the top rows of the stadium, thereby viewing the football games from the sunniest and most desirable location and with the greatest safety.

Mr. Lewis, General Manager, reported that the Mayor's suggestion had been discussed with officers of the American War Veterans organizations and had received enthusiastic approval. He recommended that an engineering contract for the preparation of plans be awarded to Thomas F. Chace, both staffs of departmental engineers being currently occupied in budget and bond construction planning. Mr. Lewis reported that the amount of $37,028.00 (Approp.212,500.88) has been appropriated for this project and appears sufficient to meet the entire costs of the first unit.

On motion of Commissioner Parr, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No.1126

Award of Contract-Engineering Plans & Specs.-Spectator Platforms & Elevator-Disabled Veterans-Kezar Stadium-to THOS.F.CHACE

Resolution No. 1126

RESOLVED, that this Commission does hereby award to THOMAS F.CHACE, Consulting Engineer, 268 Market Street, the contract for professional services in the preparation of final engineering plans and specifications for the construction of a passenger elevator and for the first and second units of construction of spectator platforms for disabled veterans on the north rim of Kezar Stadium; the fee for such services, including engineering, inspection, and supervision of all construction, shall not exceed $5,000.00; and in the event construction is not undertaken following completion of said final plans and specifications, the fee for said services shall be $3,600.00, said amount representing a deduction of $1,000.00 for unperformed engineering inspection, plus a further deduction of ten (10%) per cent of $4,000.00 ($400.00) for unperformed supervision of construction.

(3) From Dr. Herbert C. Clish, Superintendent of Schools, forwarding a copy of Resolution No. 34-28W15 adopted April 28, 1953, authorizing a grant of permission to the Recreation and Park Commission to operate temporary recreational facilities at the Lakeside School sites. The resolution is quoted:

Resolution No. 34-28W15

"RESOLVED, that the Superintendent be and is hereby authorized to enter into an agreement with the Recreation and Park Department which would permit the operation and maintenance of temporary recreational facilities by that department on the Lakeside school sites until such time as the property is needed for school purposes with the understanding that there will be no expense accruing to the school district."

President Sutter reviewed the land exchange negotiations entered into with the Board of Education regarding the establishment of recreational facilities in the Lakeside-Merced areas, and which include the release of the property to the School Department and the development of a recreation center near Lake Merced Boulevard.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

(12) From the Art Commission, requesting use of the Palace of Fine Arts for the forthcoming Art Festival.

President Sutter stated that the Art Commission was most desirous to stage the annual Art Festival in the Palace of Fine Arts again this year, but that all building fire and safety regulations must of necessity be complied with.

Mr. Bart Rolph reported that the Art Festival would make necessary the removal of the large quantities of farm implements stored in the Palace of Fine Arts by the Lions International under previous Commission permission.

On motion of Commissioner Parr, seconded by Commissioner Buckley, the following resolution was adopted:

Res. No.1129 — Permission Granted Art Commission to Hold Art Festival in Palace of Fine Arts-Provided All Fire & Safety Regulations Are Met

Resolution No. 1129

RESOLVED, that this Commission does hereby grant permission to the Art Commission to stage its annual Art Festival this coming September, in the Palace of Fine Arts Exhibit Hall, provided that, as in the past, written clearances are first obtained from the Bureau of Building Inspection and the Division of Fire Prevention and Investigation of the San Francisco Fire Department; all details pertaining to its occupancy, concessionaires and exhibits to be finally determined by the General Manager. REPRESENTATIVES AND DELEGATES

Supervisor Francis McCarty appeared before the Commission to present his plan for the creation of a "Storyland" in San Francisco. He was accompanied by Mr. Don Clever, Designer, and Mr. J. Francis Ward, who submitted the preliminary plans for "Storyland" which they had voluntarily prepared.

Mr. McCarty made a brief presentation, outlining his ideas and requesting that the Commission approve a 2-acre site adjoining the San Francisco Zoological Gardens. He expressed confidence that there would be no great operational costs involved, and that revenues would assist materially in offsetting maintenance costs.

He gave much credit to Mr. Clever, Mr. Ward, and Landscape Architect Mr. Prentiss French, for their civic-minded contributions in working out the plans.

Mr. Clever presented and explained several colorful sketches of proposed exhibits, and Mr. Ward described in detail the perspective plot plan showing "Storyland" in its final development. He offered what he considered a very preliminary cost estimate of $125,000.00 for construction and preparation of the site before installation of the exhibits.

On motion of Commissioner Bercut, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1131

Commission Approves Preliminary Plans and Trust Fund for "Storyland."

Resolution No. 1131

WHEREAS, the Board of Supervisors by Resolution No. 12165, April 7, 1952, requested this Commission to consider and report on ways and means for the creation of a fairyland exhibit for the delight of the children of San Francisco, and

WHEREAS, through the professional skill and civic-minded cooperation of Messrs. Don Clever, designer, J. Francis Ward, architect, and Prentiss French, landscape architect, and the capable guidance and leadership of Supervisor Francis McCarty, the preliminary plans have been completed for the development of a special area adjacent to the San Francisco Zoological Gardens that will exemplify and encompass all the desirable qualities of children's folk-lore and to be known as "Storyland," and

WHEREAS, Supervisor Francis McCarty has further undertaken to initiate a campaign for the financing of this worthy project through voluntary contributions of representative industrial and commercial firms, service and civic organizations, and individuals interested in the welfare of our youth; now, therefore, be it

RESOLVED, that the Recreation and Park Commission does hereby designate and set aside as the site of the future San Francisco "Storyland," that certain area adjacent to the San Francisco Zoological Gardens comprising approximately two and one-half (2½) acres, and does further approve and gratefully accept the preliminary plans for "Storyland" as gratuitously prepared and submitted by Messrs. Don Clever, J.Francis Ward, and Prentiss French; and, be it

REPRESENTATIVES AND DELEGATES (continued)

Res. No.1131 (continued)

FURTHER RESOLVED, that this Commission does declare its willingness and intention to accept for and on behalf of the City and County of San Francisco such proper gifts and donations as may be derived and offered to the Commission through the campaign representatives, such gifts and donations, in accordance with Charter provisions, to be held in trust and restricted to the purpose of financing the final planning, creation, construction and development of a park area adjacent to the San Francisco Zoological Gardens, to be especially designed to portray, depict, and represent the scenes and environment of the favorite stories, fairy tales and nursery rhymes of childhood, and wherein the children who visit it and the parents and adults will equally enjoy the fabulous world of "Storyland."

UNFINISHED BUSINESS

(1) Saddle Horse Service - Camp Mather - Renewal of Concession Agreement for 1953 Season

The Secretary read a letter from H. Oehlmann, Executive Vice-President, Yosemite Park and Curry Co., forwarding for approval renewal of usual contract for operation of saddle horse service at Camp Mather (Joe Barnes) - increasing rentals from $3.00 to $4.00 for 1/2 day, and from $5.00 to $7.00 for a full day; and a $1.00 increase for Guide on pack trips.

The Secretary, at the request of President Sutter, reported that the proposed increases in parts of the rates schedule were, according to Mr. Oehlmann, due to the increased feed costs and the wage increases for dude wranglers, as well as the increased cost for transferring men and stock; and that the rates proposed were generally lower than at Yosemite National Park or Sequoia National Park.

On motion of Commissioner Parr, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No.1142

Commission Approves 1953 Agreement for Saddle Horse Service at Camp Mather with Yosemite Park & Curry Co.

Resolution No. 1142

RESOLVED, that this Commission does hereby approve and authorize the renewal of the contract with Yosemite Park and Curry Company for the operation of saddle horse services at Camp Mather for the 1953 season, with the rate schedule to be in effect as follows:

NEW BUSINESS

(1) Submission of Preliminary Drawings and Estimates - Central Activities Building - Duboce Park.

Architects William Mooser and John W. Gloe appeared before the Commission to present preliminary plans, specifications and cost estimates for the Central Activities Building in Duboce Park, in accordance with their agreement under Commission Resolution No. 897 (meeting of September 25, 1952).

Mr. Gloe explained the blueprints and perspective sketch in detail.

Mr. Lewis reported that as the result of a series of staff meetings a considerable number of economies and reductions had been made in the facilities as previously conceived, but that increased costs had still resulted in the necessity of an upward revision of cost estimates.

Mr. James McCarthy of the Department of City Planning was present at the meeting, and reported that as set forth in the letter of Mr. Paul Oppermann, Director of Planning, dated May 16, his department was presently engaged in a planning study of the proposed Civic Center expansion and that approval of the proposed location of a Central Activities Building at Scott Street and Duboce Avenue could not be given at this time. Mr. McCarthy's main point hinged on the conjecture that the study might indicate that such a facility would be more ideally located in the expanded Civic Center rather than on a neighborhood park area.

Mr. Lewis described the building's location within Duboce Park, showing that it would not interfere with park use and would be limited to approximately one-fourth (1/4) of the entire area.

Members concurred in Commissioner Buckley's opinion that unless there were some serious reasons to the contrary, the Commission should adhere to its well-supported action in originally selecting the Duboce Park location, and Mr. McCarthy had said the final decision rested with this Commission.

On motion of Commissioner Buckley, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No. 1144

Commission Approves and Accepts Prelim. Plans & Specifications for Central Activities Building and Approves Upward Modification of Fees.

Resolution No. 1144

RESOLVED, that this Commission, on recommendation of the Supervising Engineer, does hereby approve and accept the Preliminary Plans and Specifications for the Central Activities Building, Duboce Park, as prepared and submitted by Architects William Mooser and John W. Gloe, and does further approve modification of the original architectural contract in which the original construction estimates and architectural fees shall be revised upward in accordance with the following schedule:

Archict'l Contract #3030	Original Contract Amount	Fee	Revised Prelimary Estimate	Architectural Revised Fee
Building	$200,000.00	$14,000.00	$327,725.00	$22,940.75

(2) Sea Scout Ship Flying Cloud #128 Granted Continuing Use of Coast Guard Compound, Fulton Street and Great Highway

Mr. Kimbell, Recreation Superintendent, reported that the Sea Scout Ship FLYING CLOUD #128 has continued its use of the abandoned Lifesaving Station at Great Highway and Fulton Street, a permission originally granted by the United States Coast Guard prior to transfer of the property to the City. He recommended an issuance of similar permission by the Commission.

On motion of Commissioner Buckley, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No.1145

Permission Granted to Sea Scout Ship FLYING CLOUD #128 for Continuing Use of Abandoned Lifesaving Station at Fulton Street and Great Highway

Resolution No. 1145

RESOLVED, that this Commission does hereby approve a grant of continuing permission to Sea Scout Ship FLYING CLOUD #128 to use a section of the former Lifesaving Station at Great Highway and Fulton Street, such use being limited to the "ground level floor" - and said permit to be subject to renewal on a year to year basis, the effective commencement date being May 15, 1953.

(4) Ridgepoint Theater Building

Ridgepoint Theater Building Under S.F. Housing Authority

General Manager, Mr. Lewis, reported that he had received an inquiry from Mrs. Lee Nathan, Corresponding Secretary, Second District P.T.A., inquiring regarding the availability for recreational use, of the theater in the Ridgepoint Housing area.

Mr. Lewis reported that he had visited the site with Mr. John W. Beard, Executive Director of the San Francisco Housing Authority, and that the theater had been converted into a warehouse, Mr. Beard explaining that the Housing Authority

had very limited storage and warehouse facilities and had found it necessary to use the building for such purposes.

Inasmuch as the San Francisco Housing Authority has complete jurisdiction and control over the Ridgepoint structure, the Commission deemed it inappropriate to take any action in the matter and instructed the Secretary to so advise Mrs. Nathan.

(5) Commission Expresses Best Wishes to His Honor, Mayor Elmer E. Robinson, On Eve of Departure for Europe.

President Sutter informed Commission members that His Honor, Mayor Elmer E. Robinson, would depart by plane from San Francisco's International Airport on Sunday morning, May 24, the start of his trip to Europe to attend the World Conference of Mayors, and explained that a special committee had invited all Commissioners to be present.

On motion of Commissioner Parr, seconded by Commissioner Buckley, the following resolution was adopted:

Resolution No.1147

Commission Expresses Its Collective Best Wishes to Mayor and Mrs. Elmer E. Robinson and Mr.Val King, on their European Trip to Attend the World Conference of Mayors

Resolution No. 1147

RESOLVED, that this Commission, by letter from President Sutter, express to His Honor, Mayor Elmer E. Robinson,upon the eve of his departure for Europe, our collective best wishes for a completely successful and enjoyable tour of duty as San Francisco's Chief Executive and Ambassador abroad, and to convey our appreciation of the progress this city has experienced under his unselfish and untiring leadership; and that the best wishes expressed extend wholeheartedly to Mrs. Robinson and the Mayor's confidential secretary, Mr. Val King.

COMMUNICATIONS

Budget

(1) From the Board of Supervisors, notifying that all Commissions will have to live within their respective budgets, and stating that it will be the Board's policy to reject requests for supplemental appropriations unless a real and demonstrable emergency arises. (Referred to Secretary to be filed as a matter of record.)

* * * * * * * * * * *

(2) From Judge Melvyn I. Cronin, requesting the Commission's cooperation and advice in obtaining the use of the swimming pool at San Francisco State College for public recreation one or two evenings each week.

Mr. Lewis, General Manager, was of the opinion that the State Legislature could arrange for the City's use of the State College Pool by authorizing a lease agreement between a City agency, logically the Commission, and the State College authorities.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1148

State College Swimming Pool Use Approved - Passage of Enabling Legislation Urged

Resolution No. 1148

RESOLVED, that this Commission, in recognition of public demand for swimming facilities, does hereby endorse and support the efforts of Judge Melvyn I. Cronin to obtain the part-time use of the swimming pool at San Francisco State College and urges San Francisco's legislative representatives to exert every effort to obtain the passage of enabling legislation to permit such use.

COMMUNICATIONS (continued)

(3) From the Board of Supervisors, recommending that the Commission consider the provision of a grass playfield in the Richmond District.

Mr. Lewis reported that an inspection had been made of the area at the eastern entrance to Lincoln Park at 33rd Avenue and Clement Street, and that by the expansion and relocation of the present children's playground, a suitable grass play field could be provided.

On motion of Commissioner Dippel, seconded by Commissioner Parr, the following resolution was adopted:

Res. No.1149

Commission to Expand and Relocate Children's Playground at Lincoln Park to Provide Grass Playfield. Funds Therefor to be Made Available by Board of Supervisors

Resolution No. 1149

RESOLVED, that this Commission, at the request of the Board of Supervisors, does hereby approve ~~and~~ the expansion and redevelopment of a portion of Lincoln Park in the general area of 33rd Avenue and Clement Street for the purpose of providing an adequate grass playfield in the Richmond District; provided that such development will in no way interfere with the operation or use of the golf facilities, and that the funds required for such development will be made available by action of the Board of Supervisors.

(4) From T. A. Brooks, Chief Administrative Officer, inquiring as to whether the Commission is interested in locating the large relief map of California in Golden Gate Park, and submitting a proposal of Barrett and Hilp for the erection of a pre-fabricated State building to house the map.

The Commissioners inspected the blueprint of the pre-fabricated exposition building and were generally agreed that it was not adaptable and that its appearance would detract from the surroundings of Golden Gate Park.

Mr. Louis Fox appeared before the Commission, presenting a resolution of the Board of Directors of the San Francisco Chamber of Commerce recommending that provision be made to permanently locate the map in Golden Gate Park, in the general vicinity of the Band Concourse. Mr. Fox explained that the Chamber recognized the public's desire to retain the map in San Francisco and referred to the present situation as a community problem. He stated that the new location should be readily accessible to school children and visitors, in attractive surroundings, and that economy should be exercised in accomplishing these aims.

President Sutter, with Commission concurrence, expressed the view that there would be considerable public objection to the map's location in Golden Gate Park and inquired as to the source of funds to finance a structure in which the map could be exhibited. Estimates indicated that a building acceptable to the Art Commission would probably exceed $80,000.00.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1150

Pres.Sutter and G.M. Lewis to Investigate Suitable Locations for Housing Calif.Relief Map

Resolution No. 1150

RESOLVED, that this Commission, on recommendation of the San Francisco Chamber of Commerce, does hereby appoint President Sutter and Mr. Lewis as a committee of two to investigate the various locations in San Francisco, including Sutro Heights and Golden Gate Park, with a view to

REPRESENTATIVES AND DELEGATES

Palace of Fine Arts Survey and Recommendations to be Made by S.F.Jr.Chamber of Commerce

Messrs. Ted Moulton, Douglas C. Carroll and George W. Uri, members of the Junior Chamber of Commerce, appeared before the Commission as a special committee appointed to conduct a survey on the utilization of the Palace of Fine Arts.

Mr. Moulton, chairman, explained that the Junior Chamber had, by resolution, appointed his committee to conduct a survey to obtain criteria, data, required knowledge, and pledges, by means of which the rehabilitation, financing and operation of the building might be formulated, and to promote a plan of action. He explained that the committee's approach would be entirely objective and that if no plan for utilization could be developed, his committee had an open mind toward a recommendation for its demolition.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the Commission endorsed the proposed study by the Committee of the San Francisco Junior Chamber of Commerce for the determination of possible utilization of the Palace of Fine Arts, and established a time allowance of six (6) months, to December 1, 1953, during which such study shall be conducted and reports and recommendations submitted.

...SENTATIVES AND DELEGATES (continued)

Architects William Mooser and John W. Gloe appeared before the Commission to submit Final Plans and Specifications for Junipero Serra Playground and Fieldhouse.

Mr. Gloe explained the blueprints and described in detail the perspective sketch of the proposed playground and fieldhouse.

(2) Reports of the General Manager

(a) The Guardsmen's Sports Car Road Races

The Secretary read the report of Mr. Roy Hudson, Supervisor of Maintenance, detailing the damage sustained by plantings, lawns and flower beds throughout the section of Golden Gate Park reserved for the road races. The general tone of the report was to the effect that damage was small and that the cost of restoration would be of a nominal nature.

Also submitted was Mr. Lewis's report of detailed expenses for bleacher installation and removal, totaling $1,231.90.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1160

(1) From Walter Heil, Director, M. H. deYoung Memorial Museum, explaining that the Board of Trustees plans the expansion of the museum to the extent of five (5) additional galleries, storage space, and garden courts, and requesting formal permission to go ahead with the plans.

The Commission inspected a sketch of the proposed museum expansion and noted that it would extend the museum structuro to within a short distance of the Main Drive bridle path.

On motion of Commissioner Parr, seconded by Commissioner Bercut, the deYoung Museum's request was referred to the General Manager for report and recommendation at the next meeting.

(2) From Max F. Gruenberg, Manager, Industrial Department, Alberton Realty Co., 133 Kearny Street, on behalf of Western Truck Lines, Ltd., requesting permission for temporary leasing of a portion of Columbia Square to serve as a freight terminal. Mr. Gruenberg, who was present, explained that the Western Truck Lines have been forced to vacate their property on Sixth Street between Harrison and Bryant for immediate use of the new Freeway, and have the problem of finding a new location of approximately 4 acres to continue their permanent operation.

The Secretary reported that, inasmuch as the transfer of jurisdiction of Columbia Square to the Board of Education for school purposes had been approved by the voters at the November election, it was the City Attorney's advice that the matter should properly be referred to the Board of Education through the Board of Supervisors.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the request of Western Truck Lines, Ltd. was ordered referred to the Board of Supervisors for appropriate action.

(5) From Eugene J. Riordan, Director of Property, advising that the Trustees of the Lux College plan to discontinue operations, and inquiring if there is any prospect that Franklin Square may be enlarged and if the Commission would consider the purchase of the adjoining Lux College property.

Mr. Kimbell, Recreation Superintendent, opposed the expansion of Franklin Square because of the increasingly heavy automobile traffic and the lack of parking facilities.

On motion of Commissioner Gallagher, seconded by Commissioner Bercut, the Secretary was directed to reply that the Lux College property was not desired for recreation and park purposes.

(6) The Secretary read the letter of Dr. Herbert C. Clish, Superintendent of Schools, enclosing a copy of Board of Education Resolution No. 35-2618 adopted at its meeting of May 26,1953, quoted below:

"RESOLVED: That the Recreation and Park Commission be and is hereby requested to make available for needed school purposes a site consisting of approximately 7.7 acres located in the center of the Lakeside School sites, and which site is now under the jurisdiction of said commission; and

"FURTHER RESOLVED: That upon the acquisition of said site, the Superintendent be and he is hereby authorized to release from condemnation proceedings certain property in this area now owned by Stoneson Brothers."

The School Superintendent's letter further requested a copy of the written offer or agreement of the Stoneson Development Corporation for the construction of a Lake Merced Boulevard pedestrian overpass that will join the Lakeside School sites with the proposed recreation center.

On motion of Commissioner Parr, seconded by Commissioner Buckley, the following resolution was adopted:

COMMUNICATIONS (continued)

Res. No.1163

Commission Makes 7 Lakeside Acres Available for Transfer to Board of Education

Resolution No. 1163

WHEREAS, this Commission by Resolution No. 1005, January 22, 1953, adopted as an integral part of its recreation expansion program a plan for the development and construction of recreational facilities for adults and older children on that portion of city-owned land on the western side of Lake Merced Boulevard; said recreation center to be provided with maximum pedestrian safeguards including traffic signals, a boulevard pedestrian overpass, and a perimeter fence; and

WHEREAS, the plan for the construction of the aforementioned recreation center has been approved by official representatives and organizations of the Lakeside home owners as an adequate replacement of a previous plan for a recreation center to have been constructed on 7.7 acres of department-owned property in the Lakeside-Eucalyptus area; and

WHEREAS, the Board of Education, by Resolution No. 35-26Q18 has requested that the aforesaid 7.7 acres be made available for needed school site purposes, and has offered to release from condemnation proceedings certain property now owned by Stoneson Brothers when said 7.7 acres have been acquired by said Board; now, therefore, be it

RESOLVED, that this Commission, in consideration of the Board of Education's action under Resolution 35-26Q18, does hereby declare that certain parcel consisting of 7.7 acres in the center of the Lakeside school sites to be no longer required as a part of this Commission's recreation expansion program, and said parcel be and is hereby declared available for transfer to the Board of Education for school purposes; and, be it

FURTHER RESOLVED, that the General Manager and the Secretary be and are hereby authorized to proceed with and effect said transfer in accordance with provisions of the Municipal Code.

* * * * * * * * * * *

The Secretary then read the written offer from H. Stoneson, President of the Stoneson Development Corporation, 3455-19th Avenue, offering to pay one-half (1/2) the cost of construction of a pedestrian overpass on Lake Merced Boulevard, when such overpass shall be constructed by the City and County of San Francisco or one of its departments.

President Sutter reported that Mr. McDevitt had been advised by the City Attorney and the Controller to the effect that the Department of Public Works would be the city department to undertake the construction of the overpass and that a request for such construction should be made to that department.

On motion of Commissioner Parr, seconded by Commissioner Buckley, the following resolution was adopted:

Res. No.1164

Dept.Pub.Works Requested to Construct Proposed Overpass and to Accept Stoneson Development Corp'n's Offer to Pay 1/2 Cost

Resolution No. 1164

WHEREAS, this Commission by Resolution No. 1005, January 22, 1953, adopted as an integral part of its recreation expansion program a plan for the development and construction of recreational facilities for adults and older children on that portion of city-owned land on the western side of Lake Merced Boulevard; said recreation center to be provided with maximum pedestrian safeguards including traffic signals, a

boulevard pedestrian overpass, and a perimeter fence; and

WHEREAS, conditioned upon the Board of Education's release from condemnation action of a certain 6-acre parcel owned by the Stoneson Brothers, the Stoneson Development Corporation has offered in writing by letter of June 5, 1953, to pay one-half of the cost of the aforementioned pedestrian overpass to be constructed across Lake Merced Boulevard as an access safeguard for the recreation center planned for the Lake Merced area; now, therefore, be it

RESOLVED, that this Commission, having made available for transfer to the Board of Education a 7.7 acre parcel of department land in the Lakeside area, thereby giving substantial assistance toward the release of the Stonestown property from condemnation action, does hereby approve and accept, subject to fiscal provisions of the Charter, the conditional offer of the Stoneson Development Corporation to pay one-half the cost of the aforementioned pedestrian overpass; and, be it

FURTHER RESOLVED, that the Department of Public Works, having jurisdiction and authority over highway overpass construction, be and is hereby requested to prepare preliminary plans and cost estimates for said pedestrian overpass, and to provide through its budget appropriations for the construction of said overpass; and

RESOLVED FURTHER, that the Stoneson Development Corporation be and is hereby directed to enter into a formal agreement with the Department of Public Works wherein the terms and conditions for payment of one-half the cost of the Merced Boulevard Pedestrian Overpass by the Stoneson Development Corporation shall be set forth to the satisfaction of both parties and approved by both the City Attorney and the Controller.

(7) From William A. Carroll, M.D., 450 Sutter Street, recommending that the Commission consider the following proposed resolution:

"That Big Rec Playground in Golden Gate Park shall become a regular full-time playground immediately, and that Grove Mohr shall be assigned there as the full-time permanent director effective June 15, 1953."

President Sutter informed the Commission that he had received several letters from persons interested in the retention of Mr. Mohr at Big Rec Playground, and that some of the persons were present and wished to be heard.

Mr. Lewis reviewed the case in detail, explaining that the transfer was placed in effect for the reason that all permanent recreation directors, of which Mr. Mohr is one, were being placed on a 5-day week and were therefore being assigned to the larger recreation centers to permit the uniform and orderly programming of work schedules, and that the 5-day week schedule had been requested by the playground directors themselves.

Mrs. Norma Hamilton and Messrs. Garland Hoffman and Grandvel Jackson, playground directors and members of the 5-day week committee, were present and explained in detail the orderly process by which the schedule was adopted and approved by the department's directors.

COMMUNICATIONS (continued)

Dr. Carroll, Mr. James Fitzgerald and Mrs. Fitzgerald objected to the Mohr transfer and presented demands that Big Rec be made a full-time assignment.

President Sutter stated that he had personally investigated the circumstances and placed his full support behind the staff recommendations, for he was convinced that they were made in the best interests of service to the public.

Commissioners concurred with the observation of Commissioner Parr that he questioned whether this matter should be heard by the Board; that the 5-day week schedule could be considered a matter of policy, but the assignment of personnel would normally be an administrative matter.

Commissioner Gallagher expressed a willingness to hear the charges and defenses of Mr. Mohr and Mr. Lang, to the end that there be no further detriment to the character or reputation of either person. President Sutter appointed Father Gallagher a committee of one to give the matter a full and complete hearing.

On motion of Commissioner Parr, seconded by Commissioner Gallagher, the following resolution was adopted:

No.1165

Commission Declares Determines Policy; Staff Executes

Resolution No. 1165

RESOLVED, that this Commission, having fully heard and considered the facts presented in this personnel matter, does hereby declare its support of the administrative staff recommendations and actions;

RESOLVED FURTHER, that it is and shall continue to be the policy of this Commission, as in the Charter provided, to determine and establish policy for the utilization of property and organization of the personnel under its control, such policy to be executed through the department's General Manager at the direction of this Commission; and that when a departmental circumstance may bear upon or affect Commission policy, it shall then be a proper matter for consideration of this board.

"APPROVING 'STORYLAND' AS A PROJECT OF THE RECREATION AND PARK COMMISSION AND OF PUBLIC-SPIRITED CITIZENS OF SAN FRANCISCO, AND PROVIDING FOR THE ACCEPTANCE OF GIFTS, DONATIONS AND CONTRIBUTIONS OF MONEY AND PROPERTY FOR SUCH PURPOSE AND FOR THE ADMINISTRATION THEREOF.

Resolution No. 13356
(Series of 1939)

"WHEREAS, The Board of Supervisors by Resolution No. 12165 adopted April 7, 1952 requested the Recreation and Park Commission to consider and report on ways and means for the creation of an exhibit designed to portray, depict and represent the scenes and environment of the favorite stories, fairy tales and nursery rhymes of childhood for the especial enjoyment of the children of San Francisco; and

"WHEREAS, The Recreation and Park Commission after investigation and consideration of both a plan for such a project and of the interest in such a project on the part of the citizens of San Francisco on May 13, 1953 adopted its Resolution No. 1131 endorsing the establishment of the proposed project and declaring its willingness to accept gifts and to take the responsibility for the administration of the project; and

"WHEREAS, Public-spirited citizens, service and civic organizations and representative industrial and commercial firms of San Francisco have expressed their interest in and enthusiasm for this project and their desire to help in its establishment by voluntary contributions; and

"WHEREAS, The Board of Supervisors finds and declares the proposed project to be a worthy one for the benefit and enjoyment of all San Francisco and all visitors to San Francisco, both children and adults; now, therefore, be it

"RESOLVED, That the Board of Supervisors approves the establishment of such a project and declares that it shall be its policy to accept gifts of money and of property appropriate for the purposes of the project which may from time to time be offered, and which when accepted may be received by the Recreation and Park Commission for the purposes of the project; and be it

"FURTHER RESOLVED: That the project shall be designated and known as 'Storyland' and shall be subject to the administration of the Recreation and Park Commission, which shall have full authority to make regulations in regard thereto, including admissions and charges therefor as the Recreation and Park Commission may deem to be for the best interests of the project, and shall operate said Storyland, subject to the fiscal and other provisions of the Charter, with like power and discretion as to control, management, and continuance of operation as it shall have respecting other recreational facilities of the City and County in areas subject to its

COMMUNICATIONS (continued)

"jurisdiction; and be it

"FURTHER RESOLVED, That all such gifts, donations and contributions of money when received shall be deposited in the treasury of the City and County of San Francisco in a special fund to be known as the 'Storyland Fund'; that such funds shall be used for the planning, development and construction of Storyland, and, if not so used in whole or part, shall be returned to the respective donors to the extent not so used, and that such provision shall be a condition of acceptance of the donations making up such fund; and be it

"FURTHER RESOLVED, That in accordance with the foregoing provisions all expenditures from said Fund shall be made for the purposes heretofore set forth in accordance with the budget and other fiscal provisions of the Charter, upon authorization of the Recreation and Park Commission.

"I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco at its meeting of May 25, 1953.

(3) Golf Course Green Fees and Cafe Operation

Golf Course Green Fees and Cafe Operation Matters To Be Considered at the First August Meeting

President Sutter then informed the large number of persons interested in the municipal golf green fees that the Commission had several changes under consideration but, in the interests of obtaining the public's opinion and reaction, had released the proposed changes and schedules to the Press. He invited those who wished to express their views.

The Commission then heard several persons protest the abolition of the present monthly card which is valid at all three 18-hole courses, and heard several express the opinion that the proposed new green fees would not reduce play at Harding Park nor increase it at Lincoln Park, but would produce the opposite result.

Mr. Thomas J. Pope, an attorney, former Lincoln Park Golf Club President, charged that Lincoln Park was neglected and that improved playing conditions would increase patronage.

Other critics of the proposed new green fees and the present golf course operation were Mr. "Chuck" Lewis, golf driving range owner; Mr. H. Jack Roche, Harding Park; Mr. Herbert L. Schage, and Mr. R. G. Smith. The Commissioners listened with interest to the varied comments.

President Sutter explained that the high cost for operation of the golf course cafes and the increase in the salaries of golf course employees had prompted the new rate proposal. Several suggestions were offered for revision of the golf course cafe operation and improvement of the courses themselves.

At the conclusion of much discussion, on motion of Commissioner Parr, seconded by Commissioner Buckley, the numerous suggestions and comments were referred to the committee for investigation with new recommendations to be considered at the first meeting in August; the Commission President, the Department General Manager and the Business Manager comprising the committee.

(6) Angel Island Acquisition

The Secretary read a letter from the Department of Natural Resources, State of California, advising that word had been received from the Department of the Interior that unless definite plans are formulated for the administration and acquisition of Angel Island by July 1, 1953, the Federal Government will consider other means of disposal of the island.

The Secretary next reported on the recommendation of Thomas F. Chace, consulting engineer, that a survey of Angel Island be undertaken by a technical committee comprised of a civil engineer, a sanitary engineer, a landscape architect, a recreation specialist and an attorney at law. Mr. Chace quoted an estimated cost not to exceed $10,000.00, and a completion date of not less than ninety days.

Mrs. Norman B. Livermore, of the Angel Island Foundation, asked the Commission to act promptly and was critical of the delay in obtaining the engineering report.

Colonel Raymond Hoyt, of the National Park Service, confirmed the information regarding the Department of the Interior's consideration of other bids after June 30th. He stated that firm action by the Board of Supervisors was necessary and advised the Commission to seek Board of Supervisor action if San Francisco is seriously interested.

In view of the urgency and import of the Department of Natural Resources' letter and the comments of the delegates, the Commission, on motion of Commissioner Parr, seconded by Commissioner Dippel, adopted the following resolution:

FINISHED BUSINESS (continued)

...n. No.1174

...mission Urged ...ard of Supervisor ...tion on Angel Is-...nd

Resolution No. 1174

WHEREAS, at the November 1952 election the voters of San Francisco approved the proposition authorizing the City to institute proceedings toward the acquisition of Angel Island; and

WHEREAS, this Commission has received notice from the Department of Interior that unless definite plans are formulated not later than July 1, 1953 by the State of California for the acquisition and administration of Angel Island, the Department of Interior will consider other disposition of Angel Island; now, therefore, be it

RESOLVED, that in the interests of the people of San Francisco and to the end that the Federal Government may promptly be informed of San Francisco's sincere intentions regarding Angel Island, this Commission does hereby urgently request the Board of Supervisors to affirm to the Department of Natural Resources, State of California, its interest in the acquisition of Angel Island and in assisting in evolving a plan for the administration and maintenance of Angel Island that will preserve it as a public park and recreation area.

...lifornia Relief Map

Mr. Joseph Zablocki of the Junior Chamber of Commerce appeared before the Commission, urging that a section of Golden Gate Park be made available for the construction of an exhibit building to house the huge relief map of California. (See Commission action - May 28th meeting.)

President Sutter informed Mr. Zablocki that the Commission is opposed to adding more buildings to Golden Gate Park; but that the Commission has co-operated to the extent of offering the Palace of Fine Arts building for temporary or possibly permanent storage and exhibit space and that the offer had been formally made to the Board of Supervisors and the Chamber of Commerce. No further action was taken.

COMMUNICATIONS

(1) From Eugene J. Riordan, Director of Property, advising that the 52.73 acre property of Mr. W. B. Tyler was sold to Mr. Tom Pasterino in March 1953, and that considerable improvements had been made on the property through cultivation and planting of approximately 15 acres. A roadway has been constructed and a dam and reservoir is presently being built. The acquisition cost is estimated at $12,000.00.

Mr. Lewis reported that there remains a balance of $14,401.42 in the Sharp Bequest and recommended purchase of this property if the bequest funds may legally be used.

On motion of Commissioner Buckley, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 1179 — Resolution No. 1179

Commission Authorizes Acquisition of W. B. Tyler property Adjoining Sharp Park, Subject to Court Ruling on Funds

RESOLVED, that this Commission does hereby approve the recommendation of the General Manager to acquire the former Tyler property adjoining Sharp Park and, subject to favorable court rule, approves and authorizes the use of funds available in the Sharp Bequest to meet the purchase and acquisition costs.

(2) From the Board of Supervisors, a copy of the following resolution adopted at its meeting of June 1, 1953:

"URGING DEVELOPMENT OF PLAYGROUND IN THE PRESIDIO ADJACENT TO COW HOLLOW DISTRICT.

"Resolution No. 11173
(Series of 1939)

"WHEREAS, The Cow Hollow District, in the area bounded by Lyon Street and the Presidio Wall, Lombard Street, Fillmore Street and Pacific Avenue, is almost totally devoid of public recreational facilities for its approximately 2,500 school-age children, who are forced to play on heavily-traveled streets and as a consequence are exposed to serious traffic hazards which have already caused one fatality this year; and

COMMUNICATIONS (continued)

Bd. Supervisors' Res. #13373 (continued)

Proposing a New Playground Within the Presidio Walls Adjacent to the Cow Hollow District

"WHEREAS, There is an open, unused area immediately west of the Presidio Wall between Lombard and Filbert Streets, a large strip of which was formerly used by the Municipal Railway which, together with additional Presidio land, would provide an excellent site for a children's playground, athletic field, and tennis and basketball courts for the safe recreation of the children living in the Cow Hollow District, as well as the many children of military personnel quartered in the eastern section of the Presidio; now, therefore, be it

"RESOLVED, That the Recreation and Park Commission be and it is hereby requested to give consideration immediately to the necessity for development of a play area in the Presidio as described herein, and if considered necessary, to prepare preliminary plans, drawings and estimates of costs which can be submitted to the Commanding General of the Sixth Army, with the request that he grant permission for such development; and, be it

"FURTHER RESOLVED, That the Recreation and Park Commission report to this Board at the earliest possible date as to its findings."

Following a report by Mr. Lewis, the Secretary was directed to inform the Board of Supervisors that the development of the suggested playground in the Presidio is tentatively scheduled in the list of projects for the Bond Issue contemplated for submission at the November election and that preliminary plans, drawings, and estimates of cost will be prepared for submission to the Army authorities immediately following approval of the bond projects by the voters.

REPRESENTATIVES AND DELEGATES

(1) Supervision of Mountain Lake Park

Several ladies representing the parents of the Park-Presidio Area appeared before the Commission to request that a playground director be assigned to supervise the Mountain Lake Park. Mrs. J. N. Heath, 639 Lake Street, acted as spokesman.

It was explained by Mrs. Heath that Mountain Lake Park is a most attractive playground, but that it has been found an undesirable and unsafe place for children if unaccompanied by their parents, because it lacks supervision.

Mrs. Katherine G. Flynn, 341 - 7th Avenue, and Mrs. Donn C. Shannon, 756 Lake Street, added further emphasis to the request by citing specific examples and occurrences that could be eliminated by supervision.

Mr. Lewis, while supporting the request, pointed out that the drastic reduction in the budget request for part-time playground directors made it impossible to assign a director at Mountain Lake Park and at other playgrounds as well, and that the appropriation would probably be depleted early in 1954. He recognized this situation as an emergency and recommended that the Commission declare itself on this point, advising the Board of Supervisors that there will be a deficiency in the Temporary Salary Account later in the fiscal year.

On motion of Commissioner Dippel, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No.1180

Commission Declares Emergency at Mountain Lake Park, Requests Police Patrol, and G.M. Instructed to Include Funds for P/G Director in Next Request for Supplemental Funds

Resolution No. 1180

RESOLVED, that this Commission does hereby recognize and declare that an emergency affecting the public welfare exists at the Mountain Lake Park due to lack of playground supervision, and does hereby authorize the General Manager to include the Mountain Lake Park's needs in his next request for supplemental funds for playground supervision, and to assign a playground director at Mountain Lake Park as soon as such funds have been made available.

Mr. Lewis further reported that Chief of Police Michael Gaffey had been notified of the Mountain Lake Park situation, with a request that the area be closely patrolled.

PRESENTATIVES AND DELEGATES (continued)

Library Commission Secretary, Mr. Joseph J. Allen, advising that the Library Commission is definitely interested in acquiring the department property on which the construction of a recreation clubhouse was originally planned, and requested that no formal action be taken to dispose of the land until the Library Commission could act on the matter in August.

Mr. Lewis reported on a meeting with Mr. Sutter, Mr.Harman, and representatives of the School Department, which resulted in a plan to eliminate the recreation clubhouse from the Sunset Community Center and concentrate efforts on the athletic field, providing director and team facilities in the bleacher structure, and he so recommended.

On motion of Commissioner Bercut, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1181

mission Approves discontinuance of ans for Recreation lubhouse at Sunset unity Center

Resolution No. 1181

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby approve the discontinuance of further planning for the construction of a recreation clubhouse in the Sunset Community Center, thereby eliminating the duplication of facilities which will be provided in the school structures; the necessary recreation accommodation to be planned and providedin the bleacher section of the athletic field; provided further, that no formal action be taken toward the disposal of department property until such time as the Library Commission has the opportunity of formally considering its needs in the project.

(1) Angel Island

Commission Reaffirms Angel Island Action is Urged by Board of Supervisors

The Secretary read a letter from Mr. Raymond E. Hoyt, Assistant Regional Director of the National Park Service, expressing his disappointment on learning that the Board of Supervisors had postponed action on Angel Island due to the announcement of the United States Army that it has plans for the military use of the island. Mr. Hoyt urged that both the City and State continue their efforts to acquire the island with the understanding that, when required, all or the necessary portions of the island could be made available to the Army. He asked that the Commission keep an open mind concerning Angel Island and not permit the Army's interests to cause further delay.

Chairman Parr reported that he had discussed the recent Army announcement with Government and Civic representatives, and approved a program of continued interest.

On motion of Commissioner Dippel, seconded by Commissioner Bercut, the Secretary was directed to inform the Board of Supervisors by letter that the Commission's interest in Angel Island is undiminished and to endorse efforts to obtain Angel Island on a basis that would not interfere with the plans of the United States Army.

(2) de Young Museum Extension

A large group of persons was present to hear and participate in the discussion regarding the request of Dr. Walter Heil that the Commission approve the plan for the construction of an additional gallery to the north of the de Young Museum Building.

Mr. Roy Flamm, Chairman of the Society for the Preservation of Golden Gate Park, read a statement which set forth his objections to the request. He explained that his group, the San Francisco Federation of Art, and the San Francisco Planning and Housing Association did not oppose expansion of the Museum, but did oppose the presently selected site in the sincere belief it would encroach on the Main Drive of the park. Mr. Jack Hillmer demonstrated this point thru the use of photographs and plot maps of the present and proposed structures.

Mr. Michel Weill, President of the Board of Trustees of the de Young Museum, explained that his Board has a high regard for the beauty of Golden Gate Park and that its preservation was not secondary to the Museum's interests; the expansion as proposed was the result of lengthy study, and was the outcome of several factors, to wit: (a) the need to provide a suitable accommodation for the $1,500,000.00 permanent art exhibit to be donated by the Kress Foundation; (b) a one-third reduction in construction costs compared with other locations; (c) the elimination of the need for a retaining wall; and (d) evidence that the trees to be removed are old and diseased.

Dr. Walter Heil, Museum Director, emphasized the Museum's desire to expand according to a definite idea and plan, retaining the necessary continuity in the exhibit of art treasures.

Commissioner Buckley asked for a clear understanding of the ideas of park preservation, pointing out that park alterations can be accomplished without the loss of a park's essential purpose. He urged that all phases of these oft-occurring problems be considered.

Commissioner Bercut considered the proposed addition too close to the Main Drive, and supported Park Superintendent Girod's opinion that it would be difficult to effectively screen the new wing from view.

Others expressing their views were Miss Evelyn La Place, Library Commissioner, and Mrs. Ernest Born of the San Francisco Planning and Housing Association.

Mr. Lewis recalled to the Commission the discussion in previous months regarding the advisability of enlarging that portion of Aquatic Park property where the enclosed swimming pool is to be constructed. The additional land, owned by the Eastman Kodak Company, lies immediately south of the proposed pool, and parallels Van Ness Avenue.

On motion of Commissioner Bercut, seconded by Commissioner Buckley, the General Manager was authorized and directed to investigate the possibility for purchase of the Eastman Kodak Company property, and to report at the next regular meeting on its appraisal and the availability of funds.

(7) Equity in Hourly Rates Within Classifications R110, R112, and R114 at Swimming Pools

Mr. Lewis reported that at present the hourly rates of pay within the classifications of R110 Life Guard (part-time) as needed, R112 Matron, Swimming Pool (part-time) as needed, and R114 Swimming Instructor (part-time) as needed, vary according to the number of days in each pay period, this situation creating inequities in hourly rates from one pay period to another. He recommended that the Civil Service Commission be asked to change the present arrangement in order to establish an equitable pay rate within the three classifications supervising swimming pools.

On motion of Commissioner Bercut, seconded by Commissioner Buckley, the following resolution was adopted:

...No.1209 -

...il Service Com- ...sion Requested ...Amend Section 16 ...the 1953-1954 ...ual Salary ...dinance.

Resolution No. 1209

RESOLVED, that this Commission, on recommendation of the General Manager, and in order to establish an equitable rate of pay for swimming pool personnel, does hereby request the Civil Service Commission to amend the following three items of Section 16 of the 1953-1954 Annual Salary Ordinance:

Item No.	Class No.	Class Title	Compensation Rates
2.1	R110	Life Guard (part-time) as needed	$260-$300
3	R112	Matron, Swimming Pool (part-time) as needed	$220-$250
4	R114	Swimming Instructor (part-time) as needed	$300-$360

and establish for each item a flat hourly rate of pay that will be in conformity with the presently established monthly compensation schedule in each of the three above listed classifications.

He explained that there were many such establishments in the vicinity and that church and parent organizations had encountered teen-age problems. He asked the Commission to request the State Board of Equalization to consider these factors when liquor license applications for that neighborhood are submitted.

On motion of Commissioner Dippel, seconded by Commissioner Buckley, the request was approved and the Secretary was instructed to write the State Board of Equalization.

NICATIONS

(1) From J. Joseph Hayes, Chairman, Redevelopment Agency, outlining plans for the development of a parkway in the Diamond Heights project, and requesting the Commission to approve the plan and to purchase land in the parkway to the extent of approximately $10,000.00, proposing that funds for the purchase be obtained through an appropriation by the Board of Supervisors.

Mr. M. H. L. Sanders, Jr., of the Redevelopment Agency staff, addressed the Commission, explaining that the proposed park panhandle would be a link in the Master Plan for a continuous green belt to extend over Twin Peaks and Mount Sutro to Golden Gate Park, and that it would afford a pedestrian access to the Glen Park Day Camp.

Commissioners Buckley and Parr requested Mr. Lewis to obtain cost estimates for the maintenance of such a parkway in future years and definite information as to the source of funds and the department's responsibility. (Consideration postponed to the next regular meeting on August 27, 1953.)

COMMUNICATIONS (continued)

(3) From Harry L. Stuver, President, National Geriatrical Society, 358 Frederick Street, requesting the Commission to provide a location where members of the society may hold their recreation and study meetings.

The Secretary was directed to reply that Commission consideration of the request had been postponed until October to await the recommendations of the Group Work and Recreation Council of the Community Chest's current study of the geriatric problem in San Francisco.

(4) From the Finance Committee, Board of Supervisors, requesting of the Commission a brief but fairly detailed statement, indicating the proposed location of the Hall of Flowers, means of ingress and egress, contemplated lighting facilities and other data which may be helpful to the Committee in its study of the project.

President Sutter asked Mr. Lewis to convey to the Finance Committee the information that preliminary plans for the Hall of Flowers would be received from the Architects, Appleton & Wolfard in the near future, at which time some definite data could be provided the Committee.

(5) From the Board of Supervisors, requesting that representatives of the Recreation and Park Commission and the Board of Education confer in the interests of assuring that the Michelangelo Playground facilities will continue to be made available to the public.

Members recalled that on April 9, by Resolution No. 1102, Michelangelo Playground had been ordered closed and the property released to the Board of Education for the reasons that the building was in a dangerous condition and the attendance did not warrant continued operation.

The Secretary was directed to inform the Board that, while the Commission is unwilling to make any commitment to operate the playground in its present condition, it would be pleased to have Mr. Lewis confer with Dr. Clish on the situation and report results of the conference.

(6) From Supervisor George Christopher, requesting the Commission to discuss and act offically on the matter of enlargement and improvement of the City's stadium facilities; and advising that he will urge official action of the Board of Supervisors, if required, to obtain engineering data for the study. Copies of the letter had been sent to all Commissioners and it was agreed that the information requested by Supervisor Christopher would be the subject of an extensive study.

On motion of Commissioner Parr, seconded by Commissioner Buckley, the matter was referred to the General Manager to consider with Supervisor Christopher the various items of his request, to obtain an agreement on the engineering data required, the costs involved, and the official action to be taken.

(8) From Sherman P. Duckel, Director of Public Works, requesting the Commission to approve the proposed routing of sewer service lines through department property at the San Francisco Zoological Gardens, and submitting preliminary prints of the sewer line location. (The plans call for a 48-inch sewer from the vicinity of Lake Merced Boulevard and Skyline Boulevard to the intersection of 44th Avenue and Vicente Street as a means of servicing the residential development known as Lakeshore Country Club Acres.)

Following a review of the prints, on motion of Commissioner Parr, seconded by Commissioner Stern, the following resolution was adopted:

. No.1213

mission Approves posed Route of yline-Sunset Out- t Sewer Through F.Zoological Gdns.

Resolution No. 1213

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby approve the proposed route of the Skyline-Sunset outlet sewer through San Francisco Zoological Gardens, as indicated on Preliminary Prints No. SE-335.22, as submitted by Mr. Duckel, Director of the Public Works Department; provided that, prior to the installation of the proposed outlet sewer, a working agreement be entered into with the Department of Public Works which will insure to the Commission a protective right to construct any necessary buildings over the sewer line, and further insure the Commission against any damage or expense which may be incurred or arise as a result of the construction and installation of said said sewer, and that such working agreement be approved by the City Attorney.

rney Gould's howboat

(12) From the City Attorney, Opinion No.722, advising that the Commission cannot legally amend its agreement with the Maritime Museum Association to permit operation of the Showboat.

The Secretary then read a letter dated August 12, 1953 from the City Attorney, Dion R. Holm, clarifying a point of question in his Opinion No.722 as to whether or not the Commission, independent of the Maritime Museum Association, can legally contract with Barney Gould and associates for the operation of the Showboat. The City Attorney advised that the Commission has the authority to enter into an agreement directly with Barney Gould and Associates, subject, of course to approval by the Board of Supervisors as provided in Section 42 of the Charter.

Mr. Barney Gould, accompanied by one of his associates, Mr. W. O. Wheeler of Sacramento, appeared before the Commission, and Mr. Gould requested that the Commission negotiate with him without further delay.

President Sutter asked Mr. Gould if the legal difficulties between himself and his associates had been resolved by the Court, and Mr. Gould explained that the injunction against Mr. Tom Anderson had been continued by the court in favor of Mr. Gould; but that the question of his associates' interests in the adventure had not been finally settled.

Mr. Gould was questioned further on his financial support or ability to refurbish the vessel and place it in operation.

COMMUNICATIONS (continued)

His associate, Mr. W. O. Wheeler, stated that he had reached the extent to which he could underwrite the project. President Sutter then advised Mr. Gould that he must produce a written statement from his financial supporters, and evidence of their financial ability, before the Commission would consider approving a contract with him and his associates.

(13) Commissioners ratified the following grants of permission:
(a) Brigadier General William H. Powell, Jr., U.S.Air Force, to land a helicopter in Civic Center Plaza during the American Hospital Association Convention, August 31 to September 3. (Approved by Mr. Lewis, provided required insurance is obtained.)
(b) St.Paulus Evangelical Lutheran Church, to hold its annual picnic on the lawn, Stow Lake, on Sunday, September 20, 1953.
(6) Mr. J.A.Boegman, to hold Sixth Annual San Francisco Children's Pet Show at Speedway Meadow in Golden Gate Park on October 18.

The following information letters were referred to the Secretary for reply:

(1) From the City Attorney, copy of Opinion No.714, advising that the Recreation and Park Commission can agree with a private operator for him to construct a golf driving cage, to be operated by him as a profit-making enterprise, the cost thereof to be amortized by rental deductions.

(2) From Robert A. Pedersen, new lessee of Crystal Plunge, advising that he has retained Earle A, Whicher as his insurance broker, and will immediately obtain the required insurance policies covering his operation of the plunge.

(3) From Dr. Ellis D. Sox, Director of Public Health, a copy of report of annual inspection of Camp Mather, submitting recommended changes in kitchen operation, thanking the Camp Management and personnel for the co-operation afforded, and concluding that the Camp's accommodations and the water condition was generally satisfactory.

(4) From Eugene J. Riordan, Director of Property, advising that Father Crowley Playground is to be completely relinquished to the Division of Highways by September 10, 1953. (General Manager replied to effect that department activities will be terminated before September 10.)

(5) From Joseph H. Dyer, Jr., Secretary, advising that the Art Commission officially approved the following plans at its July 6th meeting:
(a) Mary Taylor Beardslee Memorial Gateway (Res.No.3277-1953-S)
(b) Junipero Serra Playground (Res.No.3278-1953-S), and
(c) Central Activities Building (Res.No.3279-1953-S).

(6) From the Board of Supervisors, Resolution No. 13518, authorizing the San Francisco Home Show to erect tent covering from the Civic Center Plaza to the Civic Auditorium, the plaza portion of the installation to be approved by this Commission. (September 26 to October 4, 1953.)

The several letters of thanks and appreciation, itemized in the Commission Calender, were referred to the Secretary for acknowledgment and filing.

ESENTATIVES AND DELEGATES

Mr. Sam Markowitz, President of the Library Commission, and Mr. Lawrence J. Clarke, City Librarian, appeared before the Commission to submit, for approval, the final Plans and Specifications for the Marina Branch Library as prepared by Appleton & Wolfard, Architects. An accurate and attractive scale model of the building and landscaped grounds was used to demonstrate the Library's relationship to the Funston Playground.

On motion of Commissioner Dippel, seconded by Commissioner Parr, the following resolution was adopted:

Resolution No. 1215

RESOLVED, that this Commission, in accordance with its previous action under Resolution No. 1112, meeting of April 23, 1953, granted permission to the Library Commission to construct a branch library on property of Funston Playground, does hereby approve the Final Plans and Specifications for said branch library as prepared by Architects Appleton & Wolfard and submitted by Mr. Sam Markowitz, President of the Library Commission.

Mr. Bruce Benedict, Mr. Todd Helser and Mr. William Tevis appeared before the Commission for the purpose of expressing their views on the controversy which had arisen between the San Mateo and San Francisco polo groups on the allocation of the Golden Gate Park Polo Field.

lo Schedule ttlement and pointment of lo Committee for 54

Commissioner Bercut stated that, as the committeeman on Polo in 1952, he and Mr. Lewis had set up a workable schedule, but that the present controversy and allocation of dates had been arranged without his knowledge.

Mr. Lewis explained that he had attempted to follow a schedule similar to the 1952 arrangement, but that the San Francisco Polo and Racing Association have contended that they should have allocation of the field for the entire season. Mr. Helser supported that contention by outlining the San Francisco Polo program to encourage the sport amongst younger players, and then asked the Commission for a decision on the polo season for the coming year 1954.

Mr. Eric Pedley and Mr. L. S. Smith, representing the San Mateo-Burlingame Polo Club, supported their request for the polo field on the basis that they had pioneered the game in this area and were represented by a large group of San Franciscans. Commissioner Parr inquired of both groups as to whether or not the double-header games would not solve the difficulties.

Mr. Smith said he could not speak for his group, except to say that they were most willing to cooperate toward a solution and he suggested a compromise be made in the playing season. Mr. Helser also agreed that the San Francisco Polo and Racing Association would consider some settlement on the 1954 season. Mr. Tevis expressed his greatest concern that San Francisco might not have a place in which to continue the sport of polo if restricted in the stadium schedule.

There followed a lengthy discussion of the changing aspects of the game of polo resulting from fewer stables and lesser strings of ponies, in which it was pointed out that there are only twenty-seven registered players in the Bay area.

REPRESENTATIVES AND DELEGATES (continued)

On motion of Commissioner Parr, seconded by Commissioner Dippel, the Commission approved the 1953 schedules of both polo groups, and referred to President Sutter the appointment of a committee to negotiate with both polo groups and the General Manager toward a resolving of the schedule problem for 1954. Thereupon, President Sutter appointed Commissioners Bercut and Parr to the polo committee, with full power to act in the preparation of schedules and allocation of dates and times for the 1954 season.

M. H. de Young Memorial Museum Expansion Consideration to be Considered at Special Meeting Monday, Aug.24,1953,3 P.M.

A large audience was present to hear the further consideration of the request of the Board of Directors of the deYoung Museum for permission to expand the museum building in a northerly direction to house the gift of art treasures of the Kress Foundation.

Mr. Michel Weill, Chairman of the Museum Board of Directors, and Dr. Walter Heil, Museum Director, presented sketches proposing a new treatment of the galleries' facade in proximity to the Main Drive of the Park.

Mr. Roy Flamm, Mr. Jack Hillmer, Chairman and Secretary, respectively, of the Society for the Preservation of Golden Gate Park, opposed the extension on the main ground that it would mar the beauty of the park, bringing the Museum Building too close to the Main Drive and destroying vistas to the west along that road. They presented an alternate plan for placing a new wing to the west of the museum and also challenged the urgency of constructing a new wing to meet the Kress Foundation requirements.

Mr. Weill remained firm in presenting the position of his board that the logical place for the erection of the galleries to house the Kress collection of $1,500,000.00 worth of old masters' paintings is at the north end of the present central wing, and that no other extension of the building is desirable or practical, and that the new structure would not harm the park. He said his board has no objection if the entire building be hidden by plantation. Mr. Weill stressed the deadline for construction completion by October 1954, reporting that it was the opinion of City Architect Dodge Riedy that construction must be underway by January 1, 1954. Much time was devoted to the discussion of charts, floor plans, site elevations, photographs of the museum's interior and exterior.

Mr. Frederick L. Olmstead, Jr., considered by many the dean of American landscape architects, addressed the Commission to urge resistance against any encroachment that would jeopardize the essential environment of the park, and gave a review of the success with which New York's Central Park had withstood numerous attempts to change its character by the introduction of buildings and roadways.

Architects Edward Fricke and Ernest Weihe supported the extension plan as prepared by them, while Miss Evelyn LaPlace, Public Library Commissioner and a member of the Central Council of Civic Clubs and the Parkside Improvement Club, and Lawrence Halprin, Architect, expressed opposition.

Mrs. Ernest Born, Chairman, Parks, Playgrounds and Public Buildings Committee, San Francisco Planning and Housing Association, and Mrs. Frieda Klussmann, President of the San Francisco Federation of Arts, contended that the Museum Directors and the Commission should evolve a master plan and that nothing should be permitted that is not in conformity. As

UNFINISHED BUSINESS AND NEW BUSINESS (continued)

former President of the Planning Commission, Mr. Weill replied that a master plan is only a plan for the future and is subject to change.

Commissioner Buckley questioned the authority of any board to bind future commissioners to the precepts of a master plan.

Commissioner Parr sought expressions from both sides on the possibility of a compromise of their differences, but received no assurances.

Both Commissioners Parr and Buckley expressed a desire for additional time to consider the volume of material submitted and, on motion of Commissioner Parr, seconded by Commissioner Buckley, the consideration of the request was ordered to be the subject of a Special Meeting to be held in the Commission's Offices, Melarvan Lodge, Golden Gate Park, on Monday, August 24, 1953, at 3:00 P.M.

(1) Rejection of Sale Offer-Los Gatos Property-for Children's Camp

Commission Rejects Sale Offer of Dr. Eugene Ostwald Of His Property Near Los Gatos for a Children's Mountain Camp

Mr. Raymond S. Kimball, Recreation Superintendent, reported that he and Mr. Harman, Engineer, had inspected the property of Dr. Eugene Ostwald, located in Santa Clara County approximately seven miles from Los Gatos. While the property and improvements thereon were considered most attractive for purposes of a private residence, it was the staff opinion that it would not lend itself to establishment as a mountain camp. On the basis of the recommendation, and on motion of Commissioner Parr, seconded by Commissioner Stern, the Secretary was directed to inform Dr. Ostwald that the Commission was not interested in acquiring the property.

(8) Roadways - Golden Gate Park - Request for Gasoline Tax Funds

Mr. Lewis reported to the Commission that many of the roadways of Golden Gate Park were as heavily traveled as some of the city's main streets, and that it seemed logical that

State gasoline tax funds might be obtained and utilised for the maintenance of such roadways if the situation were made known to the proper authorities. To the inquiry and protests of Mrs. Ernest Born, Mr. Lewis explained that the Commission would not lose control of the roads nor their routing, but would gain the financial assistance of the State in the expensive task of maintenance.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 1233

mission Requests unty Road Commis- ioner to take Steps May be Proper for portionment of State Tax Funds for Use Upkeep of Driveways Golden Gate Park

Resolution No. 1233

RESOLVED, that it being the considered opinion of this Commission that many of the main roads and driveways of Golden Gate Park should qualify for maintenance and reconstruction from the county road funds that are derived from the State gasoline tax, for the reason that they are heavily traveled and serve the traffic purposes of secondary county roads or city streets and, therefore, the San Francisco County Road Commissioner be and he is hereby requested to take such appropriate steps as may be required to obtain the use and proper apportionment of State gasoline tax funds to be used for the maintenance of certain driveways in Golden Gate Park.

A Special Meeting of the Recreation and Park Commission was called to order by President Sutter on Monday, August 24, 1953, at 3:00 P.M., in the Commission Offices, McLaren Lodge, Golden Gate Park, for the purposes of considering (1) the request of the Board of Trustees of the M. H. deYoung Museum for permission to proceed with plans for the expansion of the museum building, and (2) recommendations of the General Manager on conference delegates.

The following Commissioners were present:

Mr. Louis Sutter, President
Mr. Peter Bercut
Mr. Michael J. Buckley
Mrs. Henry J. Dippel
Mr. Fred D. Parr
Mrs. Sigmund Stern

* * * * * * * * * * *

Commissioner Parr offered introductory remarks to the effect that he had requested the special meeting to permit himself and other Commissioners to fully consider the presentations made by proponents and opponents at the regular meeting of Thursday, August 18, 1953. Mr. Parr stated that he had personally investigated the entire museum area, had thoroughly reviewed the proposal and discussed various phases in detail with Mr. Lewis and Mr. Girod, and that it was his opinion that the alternate plan which Mr. Michel Weill, Chairman of the Board of Trustees of the M. H. deYoung Museum had proposed, would accomplish the expansion without violating or marring the beauty of the Park. Mr. Weill and Museum Director Walter Heil submitted sketches of the original and alternate plans and described the manner in which the new proposal would accomplish a set-back of the extension facade.

Commissioner Dippel spoke in favor of the new proposal and offered a motion of approval, which was seconded by Commissioner Stern.

President Sutter invited a discussion on the motion, placing a limitation of two minutes upon the many persons who indicated a desire to speak, a time limit which was withdrawn due to the complexity and detail of the subject under discussion.

Mr. Jack Hillmer, Secretary, Society for the Preservation of Golden Gate Park, read a prepared statement in opposition to the proposal and recommended that the request be denied as opposed to the principles of his organization. (A copy of Mr. Hillmer's written statement was filed with the Secretary.) In a lengthy exchange of views, the following persons opposed the request: Mrs. Hilary Crawford, Mr. Roy Flamm, Mrs. Ernest Born, Mrs. Beryl Richardson , and Miss Evelyn LaPlace.

Mr. Michel Weill, Dr. Walter Heil and Mr. Ray Radliff defended the request, insisting that the extension was necessary to the Museum's proper expansion, and that any form of landscaping desired by the park authorities would be acceptable to them, and that the Museum would bear the full expense of the plant material.

To the statement of Mr. Hillmer that not one person except the director, the president, and the architects for the Museum had spoken in favor of the request, President Sutter

requested the Secretary to read the names of the following individuals and organizations who had written letters endorsing the request:

Pauline Shinasy, 716 White Street, Broadmoor Village, Colma
Dr. Reuben L. Blake, Suite 701-2, 240 Stockton Street, S.F.
Jean Murlin - 883 Haight Street, S.F.
Mr. Nat Schmulowitz - 12th Floor, 625 Market Street, S.F.
Thos. C. Leighton, President, Society of Western Artists, 1170 Phelan Building, S.F.
Glo Kirby, President, Artists Equity Association, Northern California Chapter, 29 Alta Street, S.F.
Melvin P. Murphy, for Bay Area Arts and Crafts Building, 1036 California Drive, Burlingame
Frieda Burkhart, Secretary, Association of San Francisco Potters, 225 Sequoia Drive, San Anselmo
Paul W. Laning, Secretary, Central Council of Civic Clubs, 258 Octavia Street, S.F.

Following additional verbal exchanges between speakers, President Sutter called for a vote on the motion to approve the museum's request, and the following resolution was finally adopted:

Res. No.1236

Commission Gives Approval to Request of Bd.of Trustees of M.H.deYoung Memorial Museum to Construct Addn. to Present Bldg., Provided Trustees Pay Full Landscape Costs of Trees, Shrubs, etc. for Planting, to be Accomplished Under Direction of R.& P. Department

Resolution No. 1236

RESOLVED, that this Commission does hereby approve the request of the Board of Trustees of the M.H. deYoung Memorial Museum, for permission to construct an addition to the deYoung Museum to house a gift collection of art treasures from the Samuel H. Kress Foundation; the proposed addition to be made in accordance with the print submitted by Weihe, Fricke and Kruse, Architects, titled "Scheme B, dated August 19, 1953 - Proposed Addition to deYoung Museum to House Kress Collection," wherein it is indicated that the north central facade of the new construction shall not be closer than seventeen feet, six inches (17'6") to the southern edge of the equestrian path on Main Drive, and the set-back facade for each new gallery wing shall be not closer than twenty-one feet, six inches (21'6") to the southern edge of Main Drive equestrian path; PROVIDED, that in receiving this grant of permission, the Board of Trustees of the M.H.deYoung Memorial Museum agrees to pay the full cost and expenses of furnishing the required landscape material, trees, shrubs and planting that will prove necessary to properly screen or obscure the museum walls from view along the Main Drive; such planting and arrangement to be exclusively and entirely accomplished under the direction and supervision of the Recreation and Park Department.

The Secretary then read the recommendations of Mr. Lewis, General Manager, for delegates to represent San Francisco at the conventions to be held by the American Institute of Park Executives at Denver, Colorado, September 13-18,1953, and the National Recreation Association at Philadelphia, Pennsylvania, September 28 to October 2, 1953, Mr. Lewis explaining in his report that his recommendations were in accordance with the adopted procedure for rotation of staff members at national professional meetings.

Mr. Lewis recommended Mr. Bartle S. Rolph for attendance at the Denver meeting, and Mr. James P. Lang to attend the Philadelphia meeting, accompanied by Mr. Sutter or other Commissioner.

President Sutter expressed his opinion that staff representation, rather than Commission attendance, at conferences would

prove more appropriate and of greater value, and suggested that additional delegates be left to the judgment of Mr. Lewis.

In discussing the question, Commissioners considered the advisability of department representation at the American Institute of Park Executives in the person of Mr. Julius Girod, Superintendent of Parks. Thereupon, on motion of Commissioner Bercut, seconded by Commissioner Stern, the following resolution was adopted:

Res. No.1237

Commission Authorizes Attendance of J.P.Lang at Annual Conf.of Natl.Rec. Assoc.,in Phila.,Pa., Sept.28-Oct.2,1953 and B.S.Rolph and Julius Girod at 55th Conf.Amer. Institute of Park Executives, Denver, Colo.,Sept.13-18, 1953.

Resolution No. 1237

RESOLVED, that this Commission does hereby authorize the attendance of Mr. James P. Lang, Assistant Superintendent of Recreation, at the Annual Conference of the National Recreation Association, to be held in Philadelphia, Pennsylvania, September 28 to October 2, 1953, both dates inclusive; and Mr. Bartle S, Rolph, Superintendent of Structural and Mechanical Repairs, at the Fifty-fifth Annual Conference of the American Institute of Park Executives in Denver, Colorado, September 13 to September 18, 1953, with the further recommendation that Mr. Julius Girod, Superintendent of Parks, also be made an authorized representative to the Denver conference, and that the travel and other expenses incurred in connection with attendance at the aforementioned meetings be approved for payment by the City and County of San Francisco.

COMMUNICATIONS

The Secretary read the following communications:

(1) From Eugene J. Riordan, Director of Property, requesting approval of a resolution to be adopted by the Board of Supervisors, for the acquisition of certain land from the Housing Authority of the City and County of San Francisco for the Glen Park Day Camp. (Mr. Lewis explained that this property, consisting of approximately 29 acres, adjoined the eastern edge of the Glen Park Day Camp and was a part of the original planned purchase under the 1947 Recreation Bond Fund.)

Commissioners agreed that the purchase was most desirable and that ownership of the land would insure the preservation of the rustic atmosphere and privacy of the camp. The property is entirely vacant land, known as part of Lot 1D in Assessor's Block 2909-A, and is generally described as lying easterly of O'Shaughnessy Boulevard, and south of Portola Drive.

On motion of Commissioner Dippel, seconded by Commissioner Buckley, the following resolution was adopted:

Res. No.1238

Commission Approves Purchase of 29 Acres of Glen Crags Property from S.F.Housing Authority. for $60,000.

Resolution No. 1238

RESOLVED, that this Commission approves, for submission to the Board of Supervisors, the resolution authorizing purchase of certain property for the Glen Park Day Camp, from the Housing Authority of the City and County of San Francisco, and that the sum of Sixty Thousand Dollars ($60,000.00) be paid therefor from Appropriation No. 180.558.06. NFINISHED BUSINESS

(1) Approval of Guardsmen's 1954 Sports Car Road Races-G.G.Park

President Sutter called for consideration of the request of The Guardsmen for permission to again conduct Sports Car Road Races in Golden Gate Park in 1954. Several persons were in attendance who were interested in the request.

The Secretary read the letter of Philip R. Westdahl, M.D., Guardsmen President, in which he presented several valid reasons why the sports car road races should continue, emphasizing the charitable purpose of the event, the exhaustive safety precautions, the enthusiastic public interest, and the publicity andtourist value to the community.

President Sutter then invited expressions from the audience. Those speaking in opposition to the races were Mr. Joseph Hickey, Mr. Roy Flamm, Mrs. Ernest Born, Mr. E. A. Spengler, Mrs. W. R. Best, and Mrs. Hartman. Summarized, objections to the races were charges of their element of hazard, commercialism, and their inappropriateness as a park activity.

Mr. Roy Flamm read a written statement outlining the above objections, a copy of which was filed with the Secretary.

Mr. Don Mulford, public relations chairman of The Guardsmen and their official spokesman, answered the objectors and offered to present for the Commission's consideration facts that would refute emotional or uninformed statements made by some objectors. Mr. Mulford cited The Guardsmen's exemplary background, the quality of its membership, and the worthwhile motives and objectives of the organization. He referred to the clear and successful race record of the past two years, the documentary support of the Press, the Chamber of Commerce, and the San Francisco Hotel Association. He explained that The Guardsmen's membership had recently re-examined the auto race event and seriously, and with full consideration, had voted in favor of continuing them. Other speakers supporting the request were Dr. R. N. Craycroft, Mr. Raymond H. Crummey of the San Francisco Hotel Association, Mr. Edward Gaspar, regional representative of the Northern California Sports Car Club, and Mr. Al Coppel, experienced amateur race driver.

Commissioner Parr announced his support of the event, considering it a proper decision for the Commission to set aside a portion of Golden Gate Park for a bona fide recreation activity, which experience had proven was not detrimental to park

UNFINISHED BUSINESS (continued)

property or to the public generally. Commissioners Buckley, Bercut, and Dippel, expressed their support on the basis of the review of the record for the past two years, the popularity of the event and the worthiness of The Guardsmen's cause.

Commissioner Gallagher expressed his high regard and respect for The Guardsmen and fully admitted all of the valid arguments expressed, yet explained that, in his judgment, the races constituted an event that did not belong in Golden Gate Park and, if permitted to continue, would set a precedent for the admittance of many other activities with charitable themes, and that for the public interest over an extended period of time, he had no choice except to oppose the grant of permission.

On motion of Commissioner Parr, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No.1248

Commission Approves and Accepts Co-sponsorship of The Guardsmen's 1954 Sports Car Road Races to be Held in Golden Gate Park

Resolution No. 1248

RESOLVED, that this Commission does hereby approve the request of The Guardsmen for permission to proceed with plans for Sports Car Road Races to be conducted as a special event in Golden Gate Park, in 1954, the exact date as yet undetermined, and does hereby accept the co-sponsorship with The Guardsmen of the proposed 1954 Sports Car Road Races, subject to the conditions to be set forth in a formal contract. (Vote: 5 Ayes - 1 No (Commissioner Gallagher))

(2) Commission Approves Plan of Redevelopment Agency for Development of Park Panhandle in Diamond Heights Project.

The Commission then examined a map of the Diamond Heights area in which the Redevelopment Agency proposes the establishment of a park panhandle, or green belt, throughout the residential section south of Portola Drive. This matter had been presented to the Commission at the previous meeting by letter of Mr. J. Joseph Hayes, requesting the Commission to approve the plan and purchase parkway land for approximately $10,115.00.

Mr. Paul Oppermann, Director of Planning, City Planning Commission, explained and described the purposes of the green belt strip, showing that the park panhandle is to be a link in the Master Plan proposal for a continuous green belt to extend over Twin Peaks and Mount Sutro, to Golden Gate Park; and recommended that the Commission give its approval, explaining that the landscaping would be quite informal and therefore a simple and inexpensive maintenance item in the future.

On motion of Commissioner Dippel, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No.1249

Commission Approves Plan of Redevelopment Agency for Park Panhandle in Diamond Hts.Area, and Purchase of Land Therefor at Est.Cost of $10,115, Subj.Availability of Funds

Resolution No. 1249

RESOLVED, that this Commission does hereby approve the plan of the Redevelopment Agency for the development of a park panhandle in the Diamond Heights Project, as set forth in the tracing enclosed in the letter of Chairman J. Joseph Hayes, under date of June 23, 1953; and, be it

FURTHER RESOLVED, that this Commission approves its acquisition of the land required for the park panhandle, as described, and payment therefor to the extent of $10,115.00, subject to the availability of funds for the purpose.

(4) Yacht Harbor and Waterfront Report

Commissioners Parr and Buckley Designated Members of Waterfront Committee to review & Report on Col.P.D.Berrigan's Report to Congress on Bay Area Development.

Commissioner Parr, as Chairman of the Waterfront Committee, presented the letter of Punnett, Parez and Hutchison, Consulting Engineers, dated August 12, 1953. The letter referred to a report titled, "San Francisco Bay Development," prepared for Congress by Colonel Paul D. Berrigan, Division Engineer, U.S. Army Corps of Engineers, and suggested that the Commission, or its authorized representative, review this report in Colonel Berrigan's office to examine those phases which may be of interest from the standpoint of parks and recreation.

President Sutter designated Commissioner Parr as Waterfront Committee chairman and appointed Commissioner Buckley as a member of the committee. He requested that they review the report on behalf of the Commission.

MUNICATIONS

(1) From His Honor, Mayor Elmer E. Robinson, forwarding a proposal for the construction of a Ground Observer Post on the south peak of the Twin Peaks, and requesting that the Commission give the project careful study and report its comments directly to his office.

Commissioners reviewed all details of the Ground Observer Corps' request, including a close examination of the blueprints for the proposed structure, as prepared by Edwin Verner, Structural Engineer, and Frank Ehrenthal, Architect. The proposed structure is so designed so that the major portion will be built into the hillside and below the surface levels of the peak.

The Secretary explained that Charter provisions prohibited the Commission from leasing any park property for purposes other than recreation, and that the petition was actually outside the Commission's purview for actual negotiation.

On motion of Commissioner Buckley, seconded by Commissioner Dippel, the following resolution was adopted:

. No.1257

Resolution No. 1257

und Observer Post
orted to Mayor

RESOLVED, that this Commission does hereby affirm to His Honor, the Mayor, its general approval of the proposal of the Ground Observer Corps to establish an observation post on the south peak of Twin Peaks, but recognizes that under the provisions of Section 42 of the Charter, it does not have the power to lease or permit the use of any of its properties except for recreation purposes nor does it have any funds available to finance the construction of an observation post and, therefore, can only record its approval of the proposal as a Civilian Defense measure, and further, in the interests of its accomplishment advise that, if it is the wish of the Mayor and Board of Supervisors to implement the request of the Ground Observer Corps, the necessary lease or agreement may be executed by the Mayor in exercising the emergency powers vested in him pursuant to Section 25 of the Charter.

(3) From Eugene J. Riordan, Director of Property, submitting for Commission approval a proposed ordinance declaring the discontinuance and abandonment of 16.23 acres of land in McLaren Park adjacent to LaGrande Avenue.

The Secretary informed the Commission that this property was voted for abandonment by the electors at a special election held June 3, 1952, and required Commission ratification in order to make it available for use by the Board of Education as a high school site.

On motion of Commissioner Dippel, seconded by Commissioner Buckley, the following resolution was adopted:

...s. No.1259

...mission Approves ...r Submission to ...ard of Supervisors ... Ordinance Declar...g Abandonment of ...6.23 Acres of ...Laren Park for ...rk Purposes

Resolution No. 1259

WHEREAS, this Commission has by previous official action approved the transfer of 16.23 acres of McLaren Park for use for public school purposes; and

WHEREAS, at the election held June 3, 1952, a majority of the electors of the City and County of San Francisco voted for discontinuance and abandonment of said 16.23 acres for public school purposes; now, therefore, be it

RESOLVED, that this Commission does hereby approve, for submission to the Board of Supervisors, an ordinance declaring that said 16.23 acre portion of McLaren Park is discontinued and abandoned for public park purposes, in accordance with Section 38451 of the Government Code.

(6) From William C. Gilmore, Secretary, 1226 - 8th Avenue, requesting that the Pop Warner Football Conference be permitted to play two contests at Kezar Stadium preliminary to the 49ers' games on Sunday, October 4 and Sunday, October 25, 1953.

Commission Approves Preliminary to 49ers' Games at Kezar Stadium on Sundays Oct.4 and Oct.25, 1953, Contests by Pop Warner Boys Football Conference.

Mr. Lewis reported that these contests had been held the previous year under careful supervision, and for that reason only, recommended that permission be granted, although such contests are not ordinarily permitted on the regular playgrounds.

On motion of Commissioner Dippel, seconded by Commissioner Buckley, the above request was approved.

(7) From Thomas A. Brooks, Chief Administrative Officer, regarding the Relief Map of California, and enclosing a copy of his recommendations to the Board of Supervisors on retaining the map in the Ferry Building and planning for its future location.

Chairman Parr Names President Sutter and Mrs. Dippel as Committee of Two to Work with Chief Administrative Officer Thomas A. Brooks in Selecting Final Location for California Relief Map

The Commission favored Mr. Brooks's recommendation to the Board of Supervisors that the City accept title to the relief map and agreed to pay a rental charge of $1,000.00 per year to store it in the southern wing of the Ferry Building, and suggesting the use of a park or square as the probable final location of the map. Members admitted that only after careful study could recommendations be made on the parks and squares as suitable sites.

On motion of Commissioner Dippel, seconded by Commissioner Buckley, Chairman Parr was requested to name a committee to co-ordinate efforts with Mr. Brooks in selecting a location. Chairman Parr named President Sutter and Mrs. Dippel as a committee of two for that purpose.

(8) From Grove R. Mohr, Playground Director, requesting that a complete investigation be made of the personnel matter involving Mr. Mohr and Mr. Lang, which had been the subject of a written report from Commissioner Gallagher.

Commissioner Gallagher stated that he had conducted complete interviews with Mr. Mohr and Mr. Lang, the testimony of which involved other persons directly concerned with the Recreation and Park Department, and that to reach a complete answer to the personnel problem would require a more extensive investigation on an administrative and departmental, rather than Commission level.

ission Approves e Mohr's Request- C.S.Commission Conduct Investiga- n of Personnel ter

Asked for his opinion, Mr. Lewis said that a complete and impartial investigation could probably best be undertaken by the Civil Service Commission, and that if Mr. Mohr made application for such an investigation, the Commission could given written approval to his request.

On motion of Commissioner Dippel, seconded by Commissioner Buckley, the Commission ruled that, in the event Mr. Mohr wishes to request an investigation by the Civil Service Commission, this Commission would approve such a request.

Wm. McIntosh & Son	$166,986.00
Bergquist Construction Co.	$196,000.00
J. Henry Harris	$196,022.00

Mr. Lewis reported that after careful study of the bid proposals, it was his recommendation that all bids be rejected, the lowest bid having been some $12,000.00 in excess of the original estimates.

On motion of Commissioner Bercut, seconded by Commissioner Stern, the following resolution was adopted:

Res. No.1264

Rejection of Bids for CONSTRUCTION OF BASEBALL FACILITIES-BALBOA PARK

Resolution No. 1264

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby reject all proposals received for the Construction of Baseball Facilities at Balboa Park, said bids being excessively high and beyond department estimates; and, be it

(1) Market Street Benches

The Secretary read a letter from Mr. Sherman P. Duckel, Director, Department of Public Works, advising that he would be pleased to grant the Recreation and Park Department a permit to install benches at Battery and Market Streets and at California and Market Streets, provided the plan of the layout had Art Commission approval and the location selected would not interfere with pedestrian traffic. Mr. Duckel said his department had no funds that could be used to provide or install such benches.

Mr. Lewis suggested a plan for the bench installation which was adopted by the following resolution, on motion of Commissioner Stern, seconded by Commissioner Bercut.

Res. No.1265

Benches to Be Installed at Battery & Market and California & Market Sts.

Resolution No. 1265

RESOLVED, that this Commission does hereby authorize the General Manager to proceed with the preparation of sketches of the benches to be installed at Battery and Market Streets and at California and Market Streets; such benches to be made and installed when the design has received Art Commission approval and funds are available to meet the expenses of department material and labor.

(3) Freeways

Chairman Parr observed that there were several persons in attendance who were interested in hearing a full and open discussion on the freeway traffic plans and their possible effect on city parks, Golden Gate Park, in particular. He recalled that at the meeting of August 27, President Sutter had asked City Planner, Paul Oppermann, for a report on freeway planning and that Mr. Oppermann's account of the State Highway plans to route freeways across and bordering Golden Gate Park had been received with much concern, and that President Sutter had expressed his opinion that the Commission would strongly object to such use of the Park.

Commissioner Parr explained that increased State gasoline taxes had made available large sums of money for freeway construction and that what a short time ago had been "long range" had now suddenly become a present-day matter.

Mr. Lewis, General Manager, said that freeway plans had been heard of before, and that the Panhandle and Seventh Avenue freeways were in the City Planning Commission's Master Plan but that no detail of the freeway construction had been indicated. He said that an examination of the freeway proposals showed that the Park would be cut up in approximately five segments, and that the present widening of Seventh Avenue, the designation of Park-Presidio Drive as a State freeway, and the presence of State surveyors on Golden Gate Park property, are all evidence that freeway construction is imminent. Mr. Lewis said that if the Commission is to protest against the freeways, such protests should be made now.

Honorable James Leo Halley, member of the Board of Supervisors, and Chairman of the Streets Committee, addressed the Commission, stating that he was fully in accord with the Commission's views; further stating that the freeway theory as it relates to cities has changed since the DeLeuw plan was first drawn, and that freeways should be routed on the periphery of a city, rather than taking a central route. Supervisor Halley said that his committee would hold a public hearing at the City Hall on the freeway question on Wednesday, September 23, 1953, and that all departments and organizations concerned will be asked to attend.

Messrs. Roy Flamm and Jack Hillmer, officers of the Society for the Preservation of Golden Gate Park, reported that they

had discussed the State's freeways plan with Mr.B.W. Booker, Assistant State Highway Engineer, Division of State Highways, District IV, who told them that the Panhandle freeway was the first plan that his Division would put into effect.

Mr. Jesse K. Brown, President of the Tamalpais Conservation Club, addressed the Commission and submitted a letter and resolution of his organization opposing freeways in Golden Gate Park.

Mrs. George Becker, representing the San Francisco Federation of Women's Clubs, voiced the opposition of all affiliated women's groups to the proposal of Park freeways.

On motion of Commissioner Stern, seconded by Commissioner Bercut, the following resolution was adopted:

Resolution No. 1267

Res. No.1267

Commission Makes Declaration of Opposition to Inclusion of G.G.Park in Any Traffic Freeways Plan

WHEREAS, this Commission has been informed that plans for the future trafficways development of San Francisco,as projected by State Highway Engineers, propose the routing of freeways within and bordering on world-famous Golden Gate Park; and

WHEREAS, this Commission having complete and exclusive control and management of all parks and squares as provided by Section 42 of the City Charter, recognizes the responsibility it holds for the people of San Francisco, its visitors, and future generations to protect our famous and beloved Golden Gate Park from the ruinous effects of trafficways;now,therefore,be it

RESOLVED, that this Commission does hereby record its unalterable opposition to any freeway plan that would alter in any manner, shape or form, the surface areas of Golden Gate Park, and does hereby declare that it will resist and reject to the very limits of its constitutional authority any trafficways proposal which would tend or attempt to relegate to a position of secondary importance, the preservation of the character, spirit, and physical beauty of Golden Gate Park.

* * * * * * * * * * *

Further questions arose regarding the limit of authority and power of condemnation which the State might exercise in acquiring City property for freeway or highway purposes.

Mr. Roy Flamm submitted a list of court decisions sustaining the position of chartered cities against acquisitions of their lands by the State.

Mr. Lewis further informed the Commission on the program to enforce a 25 m.p.h. speed limit in Golden Gate Park,a program which is to be placed in effect by Police Chief Gaffey as soon as the new intersection at Fell and Stanyan Sts. is completed.

Mr. Lewis also reported that the State does not acquire any rights from the City as a result of the apportionment of gasoline tax funds; the measured mileage of any secondary county road system is the determining factor in setting the amount of money the City receives each year. He stated that any contract with the Department of Public Works should stipulate that the Park roadways are being maintained by the Department of Public Works for and on behalf of the Recreation and Park Commission. He assured the Commission that he will have these points firmly established by the City Attorney and will make it a matter of record with the Attorney General of the State, as well.

COMMUNICATIONS (continued)

(8) The Secretary reported that more than forty letters had been received from individuals and organizations expressing regret that the Photography Center at 600 Ocean Avenue had been destroyed by fire and urgently requesting the Commission to provide temporary quarters for this popular and instructive recreation service.

Mr. Lewis, General Manager, recommended that temporary quarters be provided for the Photography Center and that funds be authorized to cover rental, utilities and other expenses to June 30, 1954, and an appropriation of $1500.00 for that purpose from such funds as legally may be available; and, further, to declare the abandonment of the 600 Ocean Avenue property and give notice to the Purchaser and the Director of Property that the improvements and land are available for possible salvage and sale.

On motion of Commissioner Dippel, seconded by Commissioner Parr, the following resolution was adopted:

(1) Validation of Architectural Contract - William G. Merchant - Pine Lake

Mr. Lewis reported that the former Recreation Commission had awarded a contract to William G. Merchant, Architect, for the preparation of Ground and Building Improvements at Pine Lake, the action having been taken by Resolution No. 137, meeting of May 6, 1948. The improvement of Pine Lake was an authorized project of the 1947 Recreation Bond Fund, but for several reasons no plans had been prepared to date. Mr. Lewis expressed concern that the Statute of Limitations might affect the contract's validity if a renewal or intention to proceed were not recorded.

On motion of Commissioner Dippel, seconded by Commissioner Parr, the following resolution was adopted:

Res. No.1286

Validation of Architectural Contract - Wm. G. Merchant - Pine Lake

Resolution No. 1286

RESOLVED, that this Commission, intending to develop the recreation area and construct a recreation building and facilities at Pine Lake in accordance with the projects approved under the 1947 Recreation Bond Fund, does hereby validate and authorize the continuance of the existing contract with William G. Merchant, Architect, for the preparation of plans and specifications for Pine Lake Improvement, as set forth in Resolution No. 137 of the Recreation Commission; PROVIDED that such contract may be submitted to this Commission for modification of estimated costs and fees when actual preparation of plans is undertaken; and the Secretary is hereby instructed to so notify Mr.Merchant.

(5) Palace of Fine Arts

Secretary to Submit A Progress Report on Palace of Fine Arts to Board of Supervisors

The Secretary next read a letter from the Board of Supervisors, dated September 22, 1953, in which Supervisor Christopher respectfully requested that the Commission report to the Board the current status of the Commission's plans for rehabilitation or other disposition of the Palace of Fine Arts.

President Sutter directed the Secretary to submit a progress report to the Board of Supervisors, informing them that two active and progressive committees are currently investigating all aspects of the Palace of Fine Arts, and that the first of these, the Public Buildings Committee of the Mayor's Forward Committee, is definitely interested in the proposal of Assemblyman Caspar Weinberger that the Palace of Fine Arts be transferred to the State of California. Mr. Weinberger's Assembly Bill No. 31 successfully passed the Assembly and Senate, but failed as a result of a pocket veto of Governor Warren. Its resubmission at the next session of the Legislature may gain the Committee's approval.

A Committee of the Junior Chamber of Commerce is scheduled to submit its final report on the Palace of Fine Arts to the Recreation and Park Commission, at a meeting not later than December 10, 1953.

(13) Modification of Lease - A.V.Kuntz- Boating and Refreshment Concessionaire at Lake Merced.

Mr. Lewis reported that he had many consultations during the past two years with Mr. Aurie V. Kuntz, boating concessionaire at Lake Merced, and that experience had proved conclusively that the City's share in Mr. Kuntz's revenues has been an excessive hardship. He recommended a downward modification of the lease agreement to conform with the findings and operating statements of the auditor's report. He also declared that labor costs do not reflect the actual expenses because members of the Kuntz family do much of the work.

On motion of Commissioner Parr, seconded by Commissioner Bercut, the following resolution was adopted:

...s. No.1302

...mission Approves ...dification of ...ase with A.V.Kuntz, ...ating and Refresh-...ent Concessionaire ...t Lake Merced.

Resolution No. 1302

WHEREAS, this Commission, by virtue of the action of the former Park Commission on April 26, 1950, is a party to an agreement with the Lake Merced Company, operating a boat rental and refreshment concession at the Lake Merced Tract; and

WHEREAS, the Lake Merced Company has presented statements of its operations during the past two years to substantiate a request for a reduction in payments to the Commission under the lease agreement, from ten (10%) per cent to six (6%) per cent of the gross receipts on concession sales, and from twenty (20%) per cent to fifteen (15%) per cent on the boat rental and other activities, and such request is justified in the opinion of this Commission; now, therefore, be it

RESOLVED, that a modification of the lease agreement with the Lake Merced Company be and is hereby authorized, and item (b) Section 4, Page 2, shall be and is hereby amended to read as follows:

"4 (b). For the second year of the lease agreement and for each succeeding year the Lessee shall pay the sum of money equal to one-twelfth (1/12) of 6% of the previous year's gross receipts from the sale of tobacco, food, refreshments, and all other merchandise, plus one-twelfth (1/12) of 15% of the previous year's gross receipts from all other activities, whichever amount is larger, payable on the 1st day of each and every month, for each year, commencing on the 1st day of July and continuing to and including the 30th day of June."

The Secretary was instructed to prepare the necessary modification for submission to the Board of Supervisors.

(8) Damage Repair - Noe Valley Tennis Courts

The Secretary reported that a large truck owned by the Ready Mix Concrete Co. Ltd. had broken away on a hillside street and crashed into the protective fence at the Noe Valley Tennis Courts, causing damage estimated at between $400 and $500. The America Fore Insurance Group, property damage carrier for the Ready Mix Concrete Co. Ltd., has asked for authorisation to make complete restoration of the damage through the services of their contractor, R. S. Silverberg. The City Attorney has recommended acceptance of the settlement offer,which must be approved by the Board of Supervisors.

On motion of Commissioner Bercut, seconded by Commissioner Dippel, the following resolution was adopted:

(10) Proposed Purchase of Garage Structure in Kezar Parking Area

The Commission next considered the proposed purchase of the lot and garage building at 522-30 Frederick Street, Mr. E.J. Riordan, Director of Property having reported that the structure could be purchased for the sum of $30,000.00 as part of the authorized extension of the Kezar Stadium area (Board of Supervisors' Ordinance 5535, Series of 1939, Resolution 9104, Series of 1939, and Resolution No.1762 of the Park Commission, adopted May 25, 1949.)

The Secretary read a letter from Mr. Riordan, dated October 6, 1953, clarifying the point that there would be no difficulty in removing the tenant. The lease provides that if the lessors should receive an offer for sale of said real estate, it is understood that the lessors may terminate the lease on ninety (90) days' notice, such condition to be part of the written contract of sale.

Mr. Lewis reported that a re-study of the Corporation Yard needs had convinced him that this garage structure would provide a needed location for the maintenance and handling of the department's automatic and motorized equipment, relieving the central yard of overcrowding.

On motion of Commissioner Parr, seconded by Commissioner Bercut, the following resolution was adopted:

. No.1299

mission Authors Purchase of 7, Block 1263 $30,000.00 - ar Stadium ension

Resolution No. 1299

WHEREAS, it is to the best interests and proper operation of the Recreation and Park Department to proceed with the acquisition of property adjacent to Kezar Stadium, and that such property be utilized and reserved for the extension of the stadium; now, therefore, be it

RESOLVED, that this Commission authorizes the General Manager to approve and forward to the Board of Supervisors, the resolution authorizing the purchase of certain property for Kezar Stadium as follows:

From Mrs. E. T. Harvey, Mrs. Catherine Bull, Mrs. Grace Marie Ryan, Charles Aloysius Lundy, also known as Charles A. Lundy, Arthur Sylvester Lundy, Abbeyloix Peira, formerly Miss Abbeyleix Harvey, and Mrs. E. T. Harvey, as Administratrix of the Estate of Malcolm Lundy, deceased or the legal owner or owners of Lot 7 in Assessor's Block 1263, San Francisco, for the sum of $30,000.00, to be paid therefor from Appropriation 312.600.05; and be it hereby recorded that this proposed purchase is made in accordance with the authority of the previous actions of the Board of Supervisors (Ordinance 5535, Series of 1939, Resolution 9104, Series 1939) and Resolution 1762 of the Park Commission, adopted May 25, 1949; and such purchase is made to reserve the area for Kezar Stadium expansion and for immediate utilization as an operating facility of the department.

placements, and the proposed modifications in the lease agreement are to gain financial relief.

Mr. Lewis reported that a review of Mr. Pedersen's operation disclosed increases in insurance, utilities, wages, supplies and equipment replacement, and he recommended approval of the proposed modification.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1300

(12) Plans and Specifications - Hamilton Recreation Center

Mr. George S. Harman, Supervising Engineer, and Mr. H.U.Gerson, representative of Mr. William G. Merchant, Architect, presented the Final Plans and Specifications for the Hamilton Recreation Center. Plans include a building containing a 40'x 100' swimming pool, auditorium, gymnasium, and all necessary sanitary facilities and mechanical equipment complete for operation, with the exception of chattel equipment and miscellaneous items.

Mr. Harman explained that the proposed use of the swimming pool section by School Department officials for educational swimming classes made it necessary to obtain approval of the plans by the State of California Division of Architecture; also, under the redevelopment program for the Fillmore-Western Addition area, certification of the plans by the Home Finance Agency, Washington, D.C., will be required in order to permit the City to obtain a federal grant-in-aid for the San Francisco Redevelopment Agency.

(14) Adjustment of Polo Stadium Agreements

Mr. Lewis reported that he had encountered difficulties in negotiating the polo contracts for the current season. Mr. William Tevis of the San Francisco Polo and Racing Association had misunderstood the terms under which his Association would lease the Polo Stadium, and objected to the requirement that he pay $100.00 for each day of play.

Mr. Lewis stated that the polo contests were an asset and attraction to the Golden Gate Park activities, and that neither the San Francisco Polo and Racing Association nor the San Mateo-Burlingame Polo Club teams derive a substantial financial gain by providing this interesting spectator sport. He requested the Commission to withdraw the $100.00 per day requirement and revert to the previous year's arrangement whereby a return to the City of 15% of the gross revenue was required, and that the guaranty payment be limited to actual operating expenses. He asked that the action apply to both the San Francisco Polo and Racing Association and the San Mateo-Burlingame Polo Club.

On motion of Commissioner Parr, seconded by Commissioner Bercut, the following resolution was adopted:

(15) As an off-calendar information item, Commissioner Parr reported that he had received a letter from Mr. Newton B. Drury, Chief, Division of Beaches and Parks, State of California, asking for San Francisco representation at the State Division of Beaches and Parks Commission meeting to be held in San Diego on Friday, October 23, 1953 when the entire question of Angel Island's future would be considered. It was the Commission's opinion that Mr. Lewis, General Manager, should attend the San Diego meeting, to represent San Francisco's interests in the acquisition of Angel Island.

(3) From Mrs. J.A.Wooley, Chairman, Hayes Valley Parents Association, reporting the Association's latest views on the recreational needs of the Hayes Valley neighborhood, and advising that a delegation will be present at the Commission meeting.

The Secretary reported that at the request of President Sutter, he had met with the Hayes Valley Parents Association on Tuesday, October 20, 1953, at which time there was a review of the Department of City Planning's recommendations that a portion of Block 806 be acquired as the site of the new Hayes Valley Recreation Center.

Commissioners reviewed the four suggested sites within Block No. 806, bounded by Buchanan, Laguna, Grove and Hayes Streets and all Commissioners and representatives from the Hayes Valley District agreed that Site "D", comprised of Lots 26 to 36, inclusive, was the most suitable location.

(continued on next page)

...NICATIONS (continued)

Mr. Eugene Riordan, Director of Property, designated the location as Parcel 1 in his letter of October 22nd and gave it a fair market value of $90,000.00.

On motion of Commissioner Dippel, seconded by Commissioner Stern, the following resolution was adopted:

...n No. 1304

...mission Approves ...cel 1 (Lots 26-36, ...lusive), Block ...806, as Most De... ...able Site for ...s Valley Rec... ...tion Center, ...ing Director of ...perty to Proceed ...h Acquisition.

Resolution No. 1304

RESOLVED, that this Commission, after thorough review of the September 28 report of the Department of City Planning on the location and character of the Hayes Valley Recreation Center, is in unanimous agreement with the representatives of the Hayes Valley District that Parcel 1, comprised of Lots 26 to 36, inclusive, in Block 806, bounded by Buchanan, Laguna, Grove and Ivy Streets, is the most desirable location for the establishment of the new Hayes Valley Recreation Center, and does hereby designate said parcel to be required in the public interest and necessary for recreation purposes; and the Director of Property be and is hereby requested to proceed with the acquisition of said property by eminent domain proceedings, if required.

(8) Acceptance of Offer of California Redwood Association & Japan Society to Restore Torii Gate at Japanese Tea Garden

The Secretary read a letter from Mr. Selwyn J. Sharp, California Redwood Association, offering to aid in the restoration of the Torii Gate in the Japanese Tea Garden by providing the Commission with redwood shingles and redwood ridge timber for the roof of the gate.

Mr. Roy Flamm, Chairman of the Society for the Preservation of Golden Gate Park, addressed the Commission, urging acceptance of the offer, and introduced by letter a further offer on the part of the Japanese community to give the services of a Japanese carpenter to make the repairs without cost to the city.

Mrs. Takahashi, speaking as a representative of the Japanese Chamber of Commerce of Northern California and the Japan Society of San Francisco, assured the Commission that the services of a Japanese craftsman would be gladly provided and privately financed by her organizations.

President Louis Sutter expressed appreciation of the interest shown in preserving the authenticity of the Japanese Tea Garden, and asked the acceptance of the offer by resolution.

On motion of Commissioner Stern, seconded by Commissioner Bercut, the following resolution was adopted:

The recommendation of the Director of Property advised that, due to the limited time remaining for a month-to-month rental of Crystal Plunge, the modification of the lease should be drawn for a seven (7) month period, in lieu of the originally proposed eight-month period at the Special Meeting of October 14, 1953 under Resolution No. 1300.

On motion of Commissioner Dippel, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.1332

Commission Grants Further Modification of Crystal Plunge Lease with Robert A. Pedersen: 7 Months-Dec.15,1953 to July 15,1954-Monthly Rental $1607.00

Resolution No. 1332

RESOLVED, that this Commission, on recommendation of the Director of Property, does hereby rescind its action under item (2) of Resolution No. 1300, Special Meeting of October 14, 1953, in its stead authorizing the modification of the Crystal Plunge lease to provide for seven (7) months' rental from Robert A. Pedersen, at a monthly rental of $1607.00 per month, commencing December 15, 1953, to July 15, 1954, with a repair allowance account of $2,500.00.

REPRESENTATIVES AND DELEGATES

(1) Christmas Celebration - Union Square

Mr. Thomas Gray, Manager of the Downtown Association of San Francisco, appeared to request the Commission's endorsement of the annual Christmas celebration and observance in Union Square, December 18 to 24, inclusive. Mr. Gray explained in detail the several new ideas for this season's celebration, stating that those portions of the program which require Department cooperation had received the prior approval of Mr. Lewis, Mr. Girod and Mr. Kimbell.

On motion of Commissioner Dippel, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No. 1339

Commission Endorses and Co-sponsors the Christmas Celebration of Downtown Association, to be Held in Union Square, December 18-24, Inclusive

Resolution No. 1339

RESOLVED, that this Commission does hereby wholeheartedly endorse the well conceived Christmas observance, to be held in Union Square December 18 to 24, inclusive, under the co-sponsorship of the Downtown Association and Recreation and Park Department; and the General Manager be and is hereby authorized and directed to provide the equipment and personnel required for the Nativity scene, the band concerts, Christmas carols, and decorative and lighting effects, as set forth in the Downtown Association's proposal under letter dated November 25, 1953.

(2) Removal of Barney Gould's Showboat (the FORT SUTTER) from Aquatic Park Beach - Deadline: December 18, 1953

Action on the removal of the Showboat FORT SUTTER from Aquatic Park having been postponed from the previous meeting, Mr. Barney Gould appeared to report further on his venture. Mr. Gould presented no further plans or evidence of financial support by which the Commission could justify further delay in ordering the vessel's removal from Aquatic Park beach.

President Sutter, in a verbal exchange with Mr. Gould, explained that the Commission had been patient beyond limits, awaiting Mr. Gould's presentation of sound financial backing, as well as any definite action on his part to prepare a location for berthing the vessel.

On motion of Commissioner Parr, seconded by Commissioner Buckley, the following resolution was adopted:

Res. No. 1340

Commission Orders Removal of Showboat FORT SUTTER from Aquatic Park Beach Not Later than 12/18/53.

Resolution No. 1340

RESOLVED, that this Commission does hereby order and direct the removal of the Showboat FORT SUTTER from its present location on the beach at Aquatic Park, and the General Manager be and is hereby instructed to give written notice to the owner and/or owners of said vessel that the FORT SUTTER must

be removed from the Aquatic Park beach not later than the high tide date of December 18, 1953.

* * * * *

Following adoption of the above resolution, President Sutter, with Commission concurrence, advised Mr. Gould that if he showed financial responsibility prior to the vessel's removal deadline date of December 18, he would be allowed to moor the FORT SUTTER in the Aquatic Park lagoon while he prepared the approved location; but that this concession did not affect the Commission ultimatum and order that the vessel be moved off the beach by the deadline date, December 18, 1953.

Messrs. Philip Hunter and Frank J. Gallagher, members of the Citizens Committee for the Preservation of Aquatic Park, were present and addressed the Commission, urging a firm stand for the removal of the Showboat from Aquatic Park.

Also present, in the interests of removal of the Showboat and the further development of Aquatic Park, were Mrs. J.H. Roantree, representing both the City and County Federation of Women's Clubs and the California Club, and a group of five women from the Marina Home Owners Club. Mrs. Mata Rothschild of the San Francisco League of Women Voters was also present.

(3) Distribution of State Oil Royalty Funds

Commission Requested to Support Resolution of Shoreline Planning Assoc. to Preserve "Status Quo" of State Oil Royalty Funds.

Mr. Carr S. Pechtel, District Vice-President of the Shoreline Planning Association of California, Incorporated, appeared to request San Francisco's support of the Association's effort to maintain the "status quo" for the distribution of State oil royalty funds. Mr. Pechtel explained that the fund amounted to about $7,000,000.00 per year, and under present apportionment 70% is allocated to beaches and parks. The oil royalty funds have been impounded since 1947 and the distribution schedule as set up in Section 6816 of the Public Code is now threatened by newly introduced legislation. Mr. Pechtel submitted a resolution which he hopes will be adopted by the San Francisco Board of Supervisors, and endorsed by this Commission.

Commissioner Parr thanked Mr. Pechtel for his interest and attention to this important matter and asked. if time would allow a committee study of the information and material Mr. Pechtel had submitted. Mr. Pechtel agreed, Commissioners Parr and Buckley serving as alternate representatives of the Commission for the Shoreline Planning Association had the proposed resolution referred to them for study and report.

Mr. Pechtel was advised and encouraged to proceed with his presentation to the Board of Supervisors, and was informed that the Commission would take early action on his request for an endorsement.

Commission Approves Amendment to Lease Agreement-Maritime Museum Association-Permit Admission Charges on Certain Days.

of a museum presenting the maritime, transportation, and other historical phases of San Francisco's early development and related to the early history of California, thus contributing materially to the cultural life and enlightenment of the public generally, has requested permission to establish nominal charges of admission to the Maritime Museum exhibits on certain days of operation; and,

WHEREAS, it has been demonstrated that the collection of such nominal admission charges is the established practice of many well-known and reputable museums throughout the country as a means of supporting their cultural endeavors, and the San Francisco Maritime Museum has clearly expressed its intention to continue completely free admission to the General Public on Fridays, Saturdays, Sundays and holidays, and to admit school groups to the museum exhibits without charge at all times; now, therefore, be it

RESOLVED, that this Commission does hereby give its general approval to the request as submitted, provided a legal and proper modification of the lease agreement be drawn and approved by the City Attorney and submitted to and approved by the Board of Supervisors; and, be it

PROVIDED, FURTHER, that upon completion of the drafting of the proposed amendment and its approval by the City Attorney, it be returned to this Commission for review, before submission to the Board of Supervisors.

(4) Proposed Extension - Maritime Museum

posed Exten- -Maritime eum

Commissioner Dippel reported that plans for the glass enclosure of the balcony of the Aquatic Park building would be submitted to the Art Commission for approval by the Maritime Museum Association, Inc. Mr. Robert Mayer, Museum Vice-President, who was present at the meeting, explained that the balcony area was not included in the Museum's lease agreement and that a modification of the lease would be both desirable and required.

In the matter of the historical dioramas presently stored in the Palace of Fine Arts, Commissioner Dippel explained the Museum's plan to restore the damaged dioramas and establish them as a permanent part of the Museum collection in the basement section of the Aquatic Park building. In this instance, it was also pointed out that the basement area was not included in the lease agreement, and a modification of the lease is necessary.

President Sutter explained that the Maritime Museum Association should prepare a map and plan of the area to be used, so that a clear and precise modification could be drawn. Mr.Mayer agreed to prepare the necessary material so that the Commission would be fully informed and a proper modification could be drawn.

At this point in the proceedings, Mr. Sutter was excused to answer an urgent long distance telephone call. With Commissioner Parr presiding, the members consented to postpone consideration to the next meeting, and in the interim Mr. Lewis would investigate and be prepared to report on the dioramas and balcony proposals.

(3) Reconstruction of Kezar Stadium Press Box

The Secretary read the report of Thomas F. Chace, Consulting Engineer, in planning the reconstruction of the Kezar Press

UNFINISHED BUSINESS (cont'd)

Box in which he revised his original cost estimate, as well as the features to be included in the remodeling. Commissioners received assurance from Mr. Lewis that the reconstruction, as proposed, would make the press box structurally safe and sufficiently strong to bear the weight load of the television and motion picture equipment, as well as to provide adequate aisle space.

On motion of Commissioner Parr, seconded by Commissioner Stern, the following resolution was adopted:

Res. No.1364

Request for a Supplemental Appropriation - Kezar Press Box - $86,000.00.

Resolution No. 1364

WHEREAS, the existing Press Box at Kezar Stadium is inadequate to meet the present requirements of radio, television, motion picture, newspaper and wire services, and is structurally incapable of accommodating the personnel or the weight load involved; now, therefore, be it

RESOLVED, that this Commission, on recommendation of the Consulting Engineer and the General Manager, does hereby approve an estimated reconstruction expense of $86,000.00; and the Mayor, the Board of Supervisors, and the Controller be and are hereby requested to approve a Supplemental Appropriation of $86,000.00 from such funds as may be legally available, to the credit of Kezar Stadium Press Box Reconstruction (Appropriation 312.500.88), to provide for the essential features of a new deck, new roof, strengthening of footings, and the construction of additional areas to accommodate television cameras and equipment.

* * * * * * * * * * * * *

In connection with the above action, Commissioner Parr expressed concern over the Commission's and the City's possible liabilities in the event of a serious accident at large spectator events. The Commission requested General Manager Lewis to thoroughly investigate, report, and recommend on the insurance coverage limits under existing permits or leases of park properties, with a view toward a possible increase in amounts.

(4) Basketball Schedule & Rental of Kezar Pavilion - University of San Francisco

The Secretary submitted the schedule of the University of San Francisco basketball team for the rental of Kezar Pavilion for the 1953-1954 season.

On motion of Commissioner Dippel, seconded by Commissioner Stern, the following resolution was adopted:

Res. No.1365

Commission Authorizes Rental of Kezar Pavilion to U.S.F. and Approves Its Basketball Schedule for 1953-54 Season

Resolution No. 1365

RESOLVED, that this Commission does hereby authorize the rental of Kezar Pavilion to the University of San Francisco for its 1953-1954 season, comprised of a 13-game basketball schedule, through March 1, 1954, under the same terms and conditions as in previous years, i.e., fifteen (15%) per cent of the gross revenue, with a $25.00 minimum guaranty, plus satisfactory insurance coverage.

(2) Request for Jurisdiction - Board of Education Properties

Mr. Lewis referred to his memorandum to Commissioners dated December 7, 1953, recommending that the Commission seek to retain certain parcels of Board of Education property and to formally request that jurisdiction be transferred.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1366

R. & P. Commission Requests Transfer of Jurisdiction of Certain Parcels of Bd. Education Property Now Used by R. & P. Department for Recreation Purposes.

Resolution No. 1366

WHEREAS, this Commission uses several pieces of property under the jurisdiction of the Board of Education, for playground purposes, and these properties have proved themselves to be valuable areas in providing adequate recreation services, but their jurisdiction has remained under the Board of Education; now, therefore, be it

RESOLVED, that this Commission does hereby advise the Director of Property that it is its wish to retain said parcels, and that jurisdiction be transferred to this Commission of said parcels described below:

(5) Request for a Supplemental Appropriation - Drainage Correction - Balboa Soccer Stadium

Mr. Lewis reported that Mr. Grabow, Engineer, had recommended that the drainage correction required for the Balboa soccer stadium be installed at the earliest possible date, recalling that this item had been withheld from the earlier construction contract in order to permit the completion of the soccer stadium in time for the 1953 season.

On motion of Commissioner Dippel, seconded by Commissioner Gallagher, the following resolution was adopted:

Resolution No. 1368

No.1368

uest for a Supplemental Appropriation $6,500.00 - Drainage rection - Balboa ser Field

WHEREAS, the installation of corrective drainage was deferred to permit the completion of the Balboa Soccer Stadium prior to the regular 1953 soccer season, and such drainage installations are now both desirable and necessary; now, therefore, be it

RESOLVED, that this Commission does hereby approve an estimated expenditure of $6,500.00 for the installation of the required drainage system, and the Mayor, the Board of Supervisors, and the Controller be and are hereby requested to approve a Supplemental Appropriation in the amount of $6,500.00 from Appropriation 312.500.122 (Soccer Football Field - Balboa Park), to provide such necessary drainage correction.

(6) Trees - Balboa Park

Mr. Roy Flamm presented photographs of trees which had been felled at Balboa Park to permit the contractor to grade and prepare the area for the construction of baseball and softball diamonds. Mr. Grabow, Engineer, explained to the Commission the necessity of the trees' removal in order to properly perform the cut and fill grading required to obtain a playable field.

Members thanked Mr. Flamm and the Society for Preservation of Golden Gate Park for their interest, and gave him the assurance that trees on park properties are not removed unnecessarily.

BERGQUIST CONSTRUCTION CO., Inc., 145 Kern St.	64,640.00	5,525.00

Mr. Bray of the firm of Thulin, Bray & Miller Builders, addressed the Commission, contending that his bid should be honored because he had conformed with the required specifications, while the two other leading bidders had submitted bids based on providing unacceptable elevator equipment.

Following a detailed review of the bids, President Sutter said that he would prefer rejecting all bids and readvertising, particularly when the amounts involved happened to be beyond department estimates and funds available.

On motion of Commissioner Dippel, seconded by Commissioner Stern, the following resolution was adopted:

Res. No.1369

Commission Rejects All Bids Received for Construction of Veterans' Shelter at Kezar Stadium (Rec'd 12-4-53)

Resolution No. 1369

RESOLVED, that this Commission, on recommendation of President Sutter, does hereby reject all proposals received for the Construction of a Veterans' Shelter at Kezar Stadium, said bids being in excess of department estimates and funds available; and, be it

FURTHER RESOLVED, that the Secretary shall file notice of rejection in the official advertising of the official newspaper of the City and County of San Francisco, and he is hereby directed to readvertise for new bids under revised specifications.

COMMUNICATIONS

(1) From Eugene J. Riordan, requesting Commission approval of a resolution for submission to the Board of Supervisors, covering purchase of land required for McLaren Park:

On motion of Commissioner Dippel, seconded by Commissioner Buckley, the following resolution was adopted:

Res. No.1377

McLaren Park Land Purchase

Resolution No. 1377

RESOLVED, that this Commission approves, for submission to the Board of Supervisors, the resolution authorizing the purchase of certain property for McLaren Park as follows:

From Tess I, McGuire, for the sum of $1,500.00
Lots 31, 32 and 33 in Assessor's Block 6186.

* * * * * * * * * * *

(2) The Secretary read the requested report and appraisal by Mr. Eugene J. Riordan, Director of Property, on the following properties:

(a) A parcel of land 1/2 block square, adjacent to Block 6524 (25th & 26th Sts., Lucky St. & Treat Avenue)... ... ...$300,000.

(b) James Rolph P/G, Block 4276 (Army, Hampshire Streets and Potrero Avenue)... ... ...$275,000.

Mr. Riordan observed that while the Rolph Playground property was purchased for recreation purposes, it may have acquired all the attributes and charter conditions of park property when the Recreation Department was merged with the Park Department. He suggested a conference be arranged with the City Attorney and his advice and opinion be obtained.

Land Purchases - Block 6524 - For Enlargement of Garfield Square - Put Over for Further Study.

Mr. Lewis informed Commissioners that the sale of Rolph Playground and the enlargement of Garfield Square by the acquisition of Block 6524, was a recommendation contained in his written report on the 1947 Recreation Bond Fund under date of January 11, 1954.

Approximately thirty persons were present at the Commission meeting because of their interest in the Garfield Square recommendation, which had been reported in the daily press two days earlier. Several of these persons addressed the Commission, mainly protesting the proposed City purchase of Block 6524, which would result in the demolition of all dwellings located therein and the eviction of home owners or dwellers.

On motion of Commissioner Dippel, seconded by Commissioner Parr, the matter of land purchase for the enlargement of Garfield Square was put over for further study, and the Secretary was instructed to obtain the names and addresses of all interested persons so that notification might be sent them prior to the Commission reconsideration.

installation on Everson Street.

The report of Mr. Rolph, Superintendent of Structural and Mechanical Repair, recommended approval, stating that the property affected is not presently utilized and apparently would not be used in the near future.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1378

Joint Revocable Permit Granted to PG&E Co. & PT&T Co. to Install Pole in Fairmount Park

Resolution No. 1378

RESOLVED, that this Commission does hereby approve and authorize the issuance to the Pacific Gas & Electric Co. and the Pacific Telephone & Telegraph Co. a joint revocable permit for the installation of a temporary pole line in Fairmount Park, as submitted on the Drawing No. 1-5620, with the condition that no trees or shrubbery be removed or damaged to effect the installation.

(4) From Lt.Col. Charles M. Columbia, Chief, Construction & Repairs Branch, Office of the Adjutant General, State of California, requesting a use and occupancy permit to certain areas indicated on plans of the Fort Funston Armory Site, as outlined in the State Department of Public Works' plot plan under Work Order No. 28696.6.

Mr. Lewis explained that, if granted, Areas 1 and 2 on the sketch would provide additional off-street parking for Armory and general public use, and that Area 3 would accomplish the fill of an unsightly ravine and stabilize a sandy area adjoining the motor service shop.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1379

Use and Occupancy Permit Granted to Office of Adjutant General, State of California, for Areas 1, 2, and 3 - Armory Site - Fort Funston

Resolution No. 1379

RESOLVED, that this Commission does hereby approve and authorize the issuance of a use and occupancy permit to the Office of the Adjutant General, State of California, for the further development of the Armory site at Fort Funston, provided use and occupancy be restricted to the improvements indicated and described for Areas 1, 2, and 3 on Plot Plan of the State Department of Public Works under Work Order No.28696.6.

"Resolution No. 13962
(Series of 1939)

Commission Expresses Its Support and Concurrence in the Purposes of Res. 13962 of Bd. of Supervisors re, Maintenance of Trees and Flora-Columbia Sq.

"WHEREAS, The people of the electorate have approved a proposal to abandon Columbia Park Square for park purposes and it is planned that the area comprising said Square shall be transferred from the jurisdiction of the Recreation-Park Commission to the San Francisco Unified School District; and

"WHEREAS, The San Francisco Unified School District intends to utilize this property for the location of a school, so constructed that if the school population in that area diminishes, the school buildings may be removed to another location where they will be needed; and

"WHEREAS, It is represented that the type of school planned for Columbia Park Square can be constructed thereon without removal of the trees and flora, at least on the perimeter of the Square; and

"WHEREAS, It is desirable under the circumstances, that the trees and flora be left where they are presently situate; now, therefore, be it

"RESOLVED, That jointly the Board of Education and the Recreation-Park Commission be and are hereby respectfully requested to adopt a plan whereby after Columbia Park Square is transferred to the San Francisco Unified School District, all of such trees and flora located thereon as can be spared, consistent with the use of the property for school purposes, may be allowed to remain.

"I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco at its meeting of December 21, 1953.

"JOHN R. McGRATH, Clerk.

"Approved, Dec. 22, 1953

(6) From Eugene J. Riordan, Director of Property, advising that the State Division of Beaches and Parks, under letter dated September 28, 1953 had suggested that at least another acre of land be offered to the State for matching value with respect to the shoreline development of the Point Lobos project. This acre would be in addition to the 6.3516 acre parcel already approved for transfer and described in Dept. Public Works' Drawing #L-5-31 of December 15, 1952. Mr. Riordan recommended that the additional area be a strip of land 115 feet wide, lying contiguous to and easterly of the easterly boundary of the 6.3516 acre parcel and extending northwesterly of El Camino Del Mar to the Pacific Ocean.

On motion of Commissioner Stern, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No. 1380

Commission Transfers An Additional Acre to Div. of Beaches and Parks for Shoreline Development - Pt. Lobos Project

Resolution No. 1380

RESOLVED, that this Commission, in the best interests of the Recreation and Park service, and in order to effectuate the early shoreline development in the Point Lobos Project, does hereby approve the transfer to the State of California of an

(1) Protest of Pending Liquor License-Littleman Groceteria-18th and Collingwood Streets.

The Reverend Hugh W. Jamieson, Pastor of the Ridge Point Community Methodist Church, appeared before the Commission to protest the application of the Littleman Groceteria for

REPRESENTATIVES AND DELEGATES (cont'd)

the issuance, or transfer, of a liquor license to their store to be constructed at 18th and Collingwood Streets. Reverend Jamieson stated his objection to the issuance of an off-sale license for beer or light wines in the vicinity of any playground or school.

Messrs. Miller and Becker, representatives of the Littleman Stores, informed the Commission that there was no direct relationship between their groceteria operation and the adjacent playground. They cited their clear record as merchants in the district for 18 years, and that much of their trade would consist of drive-in purchasers who would use the free available parking space of the market, which would face on 18th Street, with its rear to the playground.

On motion of Commissioner Parr, seconded by Commissioner Dippel, further consideration or action on the matter was postponed to the next regular meeting, during which time investigation of the facts of the case would be made by Mr. Lewis and Mr. Kimbell.

(2) Approval of Preliminary Plans - Exhibit and Exposition Building - Strybing Arboretum, Golden Gate Park

Mr. Abe Appleton, of Appleton & Wolfard, Architects, addressed the Commission, submitting descriptive sketches and Preliminary Plans and Cost Estimates for the Exhibit and Exposition Building to be constructed in the Strybing Arboretum, Golden Gate Park.

Mr. Appleton explained that the program requirements basically call for an Exhibition Hall of approximately 45,000 square feet to be combined with facilities for meetings, lectures and small exhibits of Botanical and Horticultural Societies and Clubs. It was felt that rather than becoming a massive and monumental Public Edifice the building should merge with and be surrounded by its natural setting and that a large part of its function should be to make more accessible and more dramatic the natural exhibits to which the Arboretum is dedicated.

The total cost estimate for the structure was $1,305,500.00 and the Architects' Fee for the preliminary work performed and submitted was $12,600.00.

To the inquiries of Mrs. Ernest Born of the San Francisco Planning and Housing Association, and Mr. Roy Flamm, Chairman, Society for the Preservation of Golden Gate Park, President Sutter explained that approval of the preliminary drawings was required in order to make payment to the Architects under the contract for their satisfactory performance of professional services and did not constitute a commitment for the exact construction; also, that it had been necessary to obtain the preliminary plans for use as a basis in seeking State Aid in the construction of an Exhibit and Exposition Building for San Francisco with county fair funds.

On motion of Commissioner Buckley, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1381

Commission Approves Prelim.Plans & Specs. for Hall of Flowers & Payment of $12,600.00 to Archts.Appleton & Wolfard

Resolution No. 1381

submission of preliminary plans and specifications for said structure; and

WHEREAS, the Strybing Arboretum in Golden Gate Park has been approved as the selected location, and Appleton & Wolfard, Architects, have satisfactorily completed and submitted the Preliminary Plans and Specifications for such structure; now, therefore, be it

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby approve the Preliminary Plans and Specifications and Cost Estimates of the Exhibit and Exposition Building, as prepared and submitted by Architects Appleton & Wolfard; and such fee as is due and payable for said Preliminary Drawings under the contract is hereby authorized in the amount of $12,600.00.

(2) Relationship Between Freeway Development Program and Public Parks

The Secretary read a memorandum dated December 30, 1953, issued by B. W. Booker, Assistant State Highway Engineer,in which the conference of City and State officials on the subject of future state highway-freeway developments was discussed. Portions of the report pertained to the Commission's policy toward freeway development, as expressed by Mr. Lewis when he attended the conference.

Commissioners expressed approval of the memorandum excerpt of Mr. Lewis's statement and, on motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1390

Relationship Between Freeway Development Program and Public Parks.

Resolution No. 1390

RESOLVED, that this Commission does hereby express its full accord with the statements made by General Manager,David E. Lewis,at a conference of State and City officials held December 10, 1953 on the subject of State Highway-Freeway Developments, and hereby directs that Mr. Lewis's remarks be set forth in the minutes of this Commission as an official entry of Commission policy on freeway development; and in the interests of safeguarding and preserving Golden Gate Park and other public parks, a meeting be arranged with the Governor of the State of California and representatives of this Commission, wherein the subject of future freeways and their relationship to public parks in San Francisco may be fully discussed and considered.

Pursuant to the foregoing resolution, the following statements of Mr. Lewis, made at the meeting of December 1,1953, are herein set forth:

"In response to a question, Mr. Lewis stated he was not in agreement with any plan which would occupy the Panhandle, excepting below grade, with restoration of the park facilities after construction. He suggested that one-way operation of Oak and Fell, or one-way viaducts over Fell and Oak, appeared to him to be alternates which should be considered, as against the cost of providing right-of-way on existing improved property, or undergrade facility through the Panhandle. He agreed, however, that Park-Presidio needed two additional lanes, one in each direction, and that he felt that it would be reasonable to construct these lanes, but not depress or raise the Park-Presidio to effect off-grade crossings of existing streets. No statement relative to crossing Golden Gate Park on Route 56 was made by Mr.Lewis, as he had to leave the meeting early. However, his previous opinion has been that any facility crossing the park should be below grade."

(4) Transfer of Jurisdiction-Ingleside Police Stables- to Recreation and Park Commission

Commission Approves Resolution for Submission to Bd.Supvs. Officially Transferring Jurisdiction of Ingleside Police Stables to R.& P. Commission

The Secretary presented a proposed resolution, prepared by the Director of Property, by which the Board of Supervisors will officially transfer jurisdiction of the Ingleside Police Stables to the Recreation and Park Commission. This action is in accordance with the Commission's earlier request to obtain the police stables for conversion to an athletic facility.

Also recorded was receipt of the letter of Mr. Paul Oppermann, Director of Planning, stating that the transfer of police stable jurisdiction is not in conflict with the Master Plan.

* * * * * * * * * * *

(5) Appointment of Architect - Ingleside Police Stables Conversion

Mr. Lewis reported that he had received estimates from J. A. Riddell, Architect, for the proposed alteration, converting the Ingleside Police Stables at Balboa Park into an athletic facility, providing showers, dressing-rooms, and clubhouse space for athletic teams, and recommended the award of contract which, on motion of Commissioner Dippel, seconded by Commissioner Parr, was adopted as follows:

Res. No.1398

Resolution No. 1398

Appointing J.A.Riddell as Architect for Preparation of Plans & Specs. for Conversion of Ingleside Police Stables to Athletic Facility & Clubhouse at Balboa Pk. Estimated Cost $10.690.

RESOLVED that this Commission does hereby approve the award of a contract for professional architectural services to Jerry A. Riddell, Architect, 25 California Street, for the preparation of plans and specifications covering the Ingleside Police Station Stables to athletic quarters, said construction to be made at an estimated cost of $106,900.00, the Architect to receive a fee of ten (10%) per cent of the total estimated cost, that being $10,690.00; and the General Manager and the Secretary are hereby authorized to negotiate and execute said agreement for and on behalf of this Commission.

* * * * * * * * * * *

(6) Supplemental Appropriation Request for $117.590 -

Mr. Lewis next reported that a Supplemental Appropriation would be required to permit the reconstruction of the Ingleside Police Station Stables, the funds required totaling $117,590.00.

On motion of Commissioner Dippel, seconded by Commissioner Parr, the following resolution was adopted:

NEW BUSINESS (continued)

(1) Report of the General Manager on the 1947 Recreation Bond Fund

Mr. Lewis referred to his written report to the Commission, dated January 11, 1954, in which the current status of the remaining projects yet to be started or completed under the 1947 Recreation Bond Fund were set forth -- the report explaining the degree to which progress had been made on each improvement.

The following projects were reported as awaiting construction bids, or actually under construction:

(See page #2)

		Estimated Cost
Projects Out for Bid or Under Construction	Phelan Beach - bathhouse	$ 137,000.
	Corona Heights-drainage,walls,paths,etc.	114,512.
	Miraloma-new playground-fieldhouse.play area, tennis courts	170,000.
	Sunset Community Center-baseball-play area, softball fields	603,303.
	Laurel Hill - new playground	173,000.
	Camp Mather-new guest cottages,new warehouse	220,000.
	Junipero Serra - new playground	115,000.
	Balboa Park- baseball and softball fields	240,000.
	TOTAL-	$1,772,815.

The following projects were reported in the planning stage:

		Estimated Cost
Projects in the Planning Stage	St. Mary's Playground - 4th level	$ 35,389.
	Sigmund Stern Grove-miscellaneous items	14,773.
	Angelo J.Rossi Playground (including enclosed swimming pool)	433,000.
	Eureka Valley Playground	452,000.
	Upper Noe Playground	455,000.
	Margaret S. Hayward Playground	310,000.
	Hamilton Playground	525,000.
	North Beach Playground	150,000.
	Central Activities Building	352,000.
	Aquatic Park-pool or substitute (see later comment)	300,000.
	TOTAL-	$3,027,162.

On the following projects, Pine Lake is in a preliminary engineering phase, while Hayes Valley and the Glen Canyon Day Camp require land purchase:

		Estimated Cost
Projects in Engineering Phase or Land Purchase Required	Pine Lake	$100,000.
	Hayes Valley	465,000.
	Day Camp (Glen Canyon)	164,000.
	Sea Cliff (Baker's Beach)	115,000.
	TOTAL-	$844,000.

The report stated that all projects in the foregoing groups can be completed with unappropriated and unencumbered Bond Funds, leaving an estimated balance thereafter of $1,091,725.

The Commission approved the continued development of all projects listed in the above three construction stages, with the following two exceptions:

(1) the location of Aquatic Park as a swimming pool site was abandoned, but the item of $300,000. would remain for a substitute location.

(2) the development of Sea Cliff (Baker's Beach) was deferred and would not be reconsidered until the Phelan Beach construction had been completed and experience gained from its operation.

The Commission then considered Mr. Lewis's recommendation for the expansion of Garfield Square and the proposal to dispose of Rolph Playground, as presented at the meeting of Thursday, January 14, 1954. In view of the protests made by persons who would be forced to sell or vacate the dwellings to be purchased in the Garfield Square enlargement, the

Commission favored Mr. Lewis's revised recommendation to develop Garfield Square as a Mission community center without acquiring any additional land, and confining the development to the present area of Garfield Square. The Commission also approved the retention of Rolph Playground to accommodate baseball and softball activities.

After further discussion as to disposition of the balance of the 1947 Recreation Bond Fund, on motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1400

Request for a Supplemental Appropriation of $1,091,725 - to Various 1947 Recreation Bond Fund Project Accounts

Resolution No. 1400

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby request the Mayor, the Board of Supervisors and the Controller to approve a Supplemental Appropriation in the amount of $1,091,725. from the Unexpended Balance of the 1947 Recreation Bond Fund to the credit of the following projects to be completed in the 1947 Bond Program:

Children's Camp (outside San Francisco)		$250,000.
Mission Recreation Center at Garfield Square, including enclosed swimming pool		595,000.
Crocker-Amazon - purchase of property from Public Utilities		165,000.
Phelps and Galvez Playground (supplanting abandonment and sale of Bay View Playground)		150,000.
Landscape work and equipment for projects otherwise complete:		
Ocean View	$19,473.	
Potrero Hill	37,043.	
Joseph Lee	10,000.	
Silver Terrace	6,500.	
Cayuga	10,000.	
South Sunset	7,161	90,177.
	TOTAL -	$1,250,177

AND, BE IT FURTHER RESOLVED, that the General Manager be and he is hereby authorized to submit for Commission approval the reappropriation of the unencumbered balances as have previously been made for 1947 Recreation Bond Fund projects which have been completed or which, by adoption of the foregoing program, are now revised or abandoned.

* * * * *

In concluding consideration of the Bund Fund Report, the Commission, on motion of Commissioner Parr, seconded by Commissioner Herz, directed the following statement to be entered into the record: "It is hereby recorded that it is the intent to abandon Bay View Playground at such time as the Phelps and Galvez Streets playground has been constructed and placed in operation, for the reason that at that time Bay View Playground will no longer be required for recreation purposes; and funds derived from such sale of Bay View Playground may then be added to the Recreation Bond Fund."

* * * * * * * * * * *

Mr. Lewis next submitted, for Commission review, the proposed departmental budget request for the fiscal year 1954-1955.

Following a detailed discussion of the operation and personnel items and comparisons with the budget appropriations of previous years, on motion of Commissioner Parr, seconded by

Commissioner Dippel, the following resolution was adopted:

Res. No.1401

Commission Approves 1954-55 Budget of $5,524,434.

Resolution No. 1401

RESOLVED, that this Commission following a review of the recommendations submitted by the General Manager, does hereby approve a Request for Funds for the 1954-1955 Departmental Budget in the total amount of $5,524,434.00, said figure representing an Operating Budget in the amount of $4,945,534.00* and a request for funds for Capital Improvements in the amount of $578,900.00.

*(An item of $7,500.00 for the repair account with the Department of Public Works is included herewith and was later authorized and ratified at the regular meeting of Thursday, January 28, 1954, by Resolution No.1412.)

Off-Calendar Discussion: Duboce Park & Central Activities Bldg.

The privilege of the floor was then given to Mrs. Carl Sundahl of the McKinley School Parent-Teacher Association, in which she commended the Commission for the improvements made at Duboce Square during the last year by placing the park under supervision and eliminating the dense shrubbery. She complimented the playground director, Earl Massoni, Jr., informing the Commission that children's attendance had greatly increased. Mrs. Sundahl asked that the playground be enclosed with wire fencing to protect the children from traffic hasards arising from ball playing and organized active games.

Mr. Lewis stated that it was doubtful if the Bond Fund appropriation for the Central Activities Building was sufficiently large to include the fencing item.

UNFINISHED BUSINESS

(1) State College Swimming Pool

State College Swimming Pool Operational Costs Considered Too High.

In the matter of the State College swimming pool, the Secretary read the report of C. W. Hamilton, Construction Supervisor, Department of Education, Sacramento, California, in which it was estimated that the operational cost of the pool per day would be $159.67, exclusive of swimming supervisors and lifeguards.

Mr. Lewis reported that the State College authorities said the pool would be available on Sundays only, and it was the Commission's considered opinion that the estimated operational cost was too high considering that the City would be required to furnish the supervisory personnel. The Secretary was instructed to forward this latest information and obtain the views of Superior Judge Melvyn I. Cronin, who originally initiated the proposal.

(2) Protest on Issuance of Liquor License

Commission Will Not Protest Issuance to Littleman Stores, Inc. of Off-sale Liquor License at Super-market, 18th and Collingwood Streets

Next considered was the protest of the Rev. Hugh W. Jamieson to the Commission on the Littleman Stores' application to the State Board of Equalization for transfer of an off-sale license to the super-market under construction at 18th and Collingwood Streets.

Mr. Lewis reported that investigation showed that the proposed super-market would conduct normal business operations which in no way would interfere with the proper conduct and supervision of the Eureka Valley Recreation Center. On motion of Commissioner Dippel, seconded by Commissioner Stern, it was the considered opinion not to oppose the application which the Littleman Stores, Inc. have filed with the State Board of Equalization for an off-sale license in the 18th and Collingwood location.

UNFINISHED BUSINESS (continued)

Commission Consideration of Liquor License Application for 998 Gilman St. Postponed for Further Investigation.

(3) Consideration of the application for an on-sale bar license filed with the State Board of Equalization by Bruce and Georgia Wilson for their restaurant at 998 Gilman Street was postponed, pending further staff investigation of particulars. The Secretary was instructed to write the state and local offices of the Board of Equalization, requesting that the hearing on the application scheduled for February 4, be postponed, in order to permit the Commission to investigate and report.

(5) Inclusion of $7,500.00 Item in 1954-1955 Budget Request

Mr. Lewis reported that it would be necessary to make a late entry in the 1954-1955 departmental budget request, as approved by the Commission at the Special Meeting held January 25, 1954, this item providing for repair services to be performed by the Department of Public Works.

On motion of Commissioner Dippel, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1412

Resolution No. 1412

Commission Authorizes Inclusion of $7,500. for DPW Repairs, in 1954-55 Budget Adopted By Res. 1401 at Spec.Mtg.of 1-25-54

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby authorize and direct that an additional item of $7,500.00 be included in the General Division Account of the 1954-1955 Budget, to provide for repair services to be performed by the Department of Public Works; and the Secretary be and is hereby instructed to include in the minutes of the Special Meeting of January 25, 1954, Resolution No. 1401, the ratification of said $7,500.00 item.

NEW BUSINESS

(1) Laurel Hill Playground and Fieldhouse

In considering the bids received for the Construction of Laurel Hill Playground and Fieldhouse, the Secretary read the following letter from Ryan and Lee, Architects for the project, under date of January 28, 1954:

"Gentlemen:

"Inasmuch as Mr. Robert A.Moore, whom we retained as Landscape Architect for the proposed Laurel Hill Playground, is also the low bidder for the installation of the landscaping, thereby placing himself in a position incompatible with the rendering of professional services, we advise you that Mr.Moore withdrew as our Landscape Architect. We have, therefore, retained Mr.Paul Steinmetz, Landscape Architect.

"Very truly yours,
/s/ PAUL A. RYAN "

The Secretary then read the sealed bids received and opened on Tuesday, January 19, 1954, as follows:

NEW BUSINESS (continued)

Low Bidder: S & Q Construction Company $165,327.00
48 So.Linden Ave., So.San Francisco

Other Bidders:

Chas.L.Harney, Inc.	$188,400.00
Jacks & Irvine	189,994.00
Martinelli Construc,Co.Inc.	198,415.00
Elvin C. Stendell	218,918.00

On motion of Commissioner Dippel, seconded by Commissioner Parr, the following resolution was adopted:

Res. No.1413

Res. No. 1413

Commission Awards Contract for Construction of Laurel Hill P/G & Fieldhouse to S & Q CONSTRUCTION CO. for $165,327.00, Subject to Availability of Funds.

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby award the contract for Construction of Laurel Hill Playground and Fieldhouse to S & Q CONSTRUCTION COMPANY, 48 South Linden Avenue, South San Francisco, subject to availability of funds, they being the lowest regular and responsible bidder therefor in the amount of $165,327.00; and, be it

FURTHER RESOLVED, that the General Manager and the Secretary are empowered to execute this contract on behalf of the Recreation and Park Commission; and, be it

FURTHER RESOLVED, that the Secretary shall file notice of approval in the official advertising of the official newspaper of the City and County of San Francisco.

* * * * *

In connection with the above, Mr. Lewis reported that additional funds in the amount of $22,997.00 would be required to meet the bid proposal of the S & Q Construction Company, and asked that a Supplemental Appropriation request be made in that amount.

On motion of Commissioner Dippel, seconded by Commissioner Parr, the following resolution was adopted:

Res. No.1414

Resolution No. 1414

Commission Requests Additional Time (to April 9, 1954) for Award of Contract-Construction of Laurel Hill P/G & Fieldhouse. Requests A Supplemental Appropriation from 1947 Rec.Bond Fund in amount of $22,997.

RESOLVED, that this Commission, in order to proceed with the Construction of Laurel Hill Playground and Fieldhouse, does hereby request the Mayor, the Board of Supervisors, and the Controller to approve a Supplemental Appropriation of $22,997.00 from the Unappropriated Balance of the 1947 Recreation Bond Fund to Appropriation No.180.550.14 (Construction - Laurel Hill); and, be it

FURTHER RESOLVED, that the Mayor and the Board of Supervisors be requested to approve an extension of sixty (60) days, to April 9, 1954, to provide sufficient time in which to appropriate the funds required to legally award the contract.

(2) Contribution of $1,000.00 to State-wide Citizens Committee for a State Waterways System and for the Development of Small Boat Harbors and Marinas

Commissioner Parr stated that, because of his close association with and interest in Yacht Harbor improvement and the provision of small boat berthing facilities, it was his firm opinion that an item should be included in the 1954-1955 Budget Request, for use in the development of small boat harbors. He stressed the importance of the Commission's

aligning its forces with other cities and counties in the general problem of shoreline development and the advancement of small boat and pleasure craft facilities.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1415

Commission Approves Inclusion of a Supplemental Budget Request,1954-55, in Amount of $1,000 & Contribution to State-wide Citizens Committee (State Legislature Interim Committee for Statewide Waterways Sys.)

Resolution No. 1415

RESOLVED, that this Commission does hereby approve and authorize the inclusion of a Supplemental Request for the 1954-1955 Budget in the amount of $1,000.00; and the General Manager be and is hereby directed to submit said request in the amount of $1,000.00 to the proper appropriation, covering contribution to the State-wide Citizens Committee, chairmanned by Neil Cunningham, and appointed by the State Legislature Interim Committee for a State-wide waterways system and for the development of small boat harbors and marinas.

(3) Recreation Conference - Santa Rosa, February 14-15, 1954.

The Secretary read the letter from the California State Recreation Commission, inviting Commission members to participate in a special session of the Sixth Annual Conference of the California Recreation Society, to be held in Santa Rosa, February 14-15, 1954. Commissioners Sutter, Gallagher and Dippel were named as delegates to attend the conference.

Mr. Lewis stated that some staff members had been invited to serve as panel members, and approval of their attendance was requested.

On motion of Commissioner Parr, seconded by Commissioner Stern, the following resolution was adopted:

Res. No.1416

Authorizing Commission & Staff Members to Attend Conference of Calif.Rec.Society at Sta.Rosa, Feb.14-15, 1954 - Expenses $125.

Resolution No. 1416

RESOLVED, that this Commission does hereby authorize the attendance of its members and such staff members as may be designated as delegates to the Sixth Annual Conference of the California Recreation Society, to be held in Santa Rosa, February 14-15, 1954, and the payment of travel and other expenses in an amount of not to exceed $125.00 for the entire group of representatives shall be paid by the City from such funds as may be legally available.

(4) California Showboats Inc. - (Barney Gould's FORT SUTTER)

Mr. Philip Hunter, representing the Committee for the Preservation of Aquatic Park, was granted the privilege of the floor to inquire what action the Commission planned regarding Mr. Gould's showboat, now located in a semi-beached condition at the western side of the Aquatic Park lagoon.

President Sutter took issue with Mr. Hunter for the derogatory contents of a letter received by him from Mr. Carroll, Chairman of the Committee. Commissioner Parr also voiced his displeasure.

While the matter was not formally before the Board, Comissioner Parr wishes to enter into the record for future meetings, his personal position and opinion regarding the showboat.He stated he was unalterably opposed to having the boat

(c) From Dr. J.Joseph Hayes, Chairman, Redevelopment Agency, asking the Commission to concur in submitting to the Board of Supervisors a suggested redevelopment plan relating to the upper end of Glen Park Canyon in the Diamond Heights Project.

President Sutter explained that it was necessary for the Redevelopment Agency to obtain approval of the Board of Supervisors of the proposed land uses for the Diamond Heights project area.

Mr. Lewis recommended Commission concurrence with the plan on the condition that such concurrence was in nowise a commitment that any of the areas involved would necessarily be acquired, developed, or maintained for recreation or park purposes.

On motion of Commissioner Hers, seconded by Commissioner Gallagher, the following resolution was adopted:

Res. No.1419

Commission Concurs with Redevelopment Agency Plan for Establishing Land Uses & Jurisdiction-Upper Glen Canyon-but Makes No Commitments for Developm't

Resolution No. 1419

RESOLVED, that this Commission concurs with the Redevelopment plan for establishing land uses and jurisdiction in the upper end of Glen Canyon for the Diamond Heights project area, on the condition that such concurrence is in nowise a commitment on the part of this Commission that any portion of said area shall necessarily be developed for either recreation or for park use, even though indicated in the plan as a possible use.

REPRESENTATIVES AND DELEGATES

Proposed San Francisco Exhibit and Exposition Hall

The Commission meeting room was filled to capacity with persons interested in the scheduled hearing and discussion regarding the proposal to erect an Exhibit and Exposition Hall of Flowers in Golden Gate Park. Because of the general public interest in this matter, radio station KGO installed microphones and tape-recording equipment to obtain a full transcription of the discussion for re-broadcast by radio the following day.

President Sutter opened the hearing by reading the following list of organizations or individuals who had officially acted or submitted in writing their opposition to the construction of the proposed building in Golden Gate Park:

Northern California Chapter, American Institute of Architects
North Pacific Chapter, American Society of Landscape Architects

REPRESENTATIVES AND DELEGATES (cont'd)

Proposed San Francisco Exhibit and Exposition Hall (continued)

San Francisco Planning and Housing Association
The Garden Club of St.Francis Wood (Mrs.Irving C.Irelan)
Forest Hill Garden Club (Mrs. Clark L. Mahany,45 Alton Ave.)
Arthur B. Simon - 3550 Baker Street
Mrs. Clayton Stafford - 1685 Seventh Avenue
Cicely M. Christy -2853 Shasta Road, Berkeley
Tea Wall - 691 Post Street
Great Highway Club
California Horticultural Society

Speaking for the opposition were:
Wendell Spackman, American Institute of Architects
Mrs. Ernest Born, San Francisco Planning and Housing Association
Howard Young, North Pacific Chapter, American Society of Landscape Architects
Robert Saxe, San Francisco Businessmen's Garden Club
Messrs. Roy Flamm and Jack Hillmer of the Society for Preservation of Golden Gate Park
Mrs. Hilary Crawford, American Association of University Women
Mrs. A. Stanley Hartman

Summarized, the three main points of objection were: the building's purpose, its size, and its location. They argued that (1) the building, designed and intended for multi-purpose county fair use, would be detrimental to the development and proper use of the park; (2) the proposed floor space of the building (45,000 square feet - with a seating capacity of 8,500 persons) would require approaches and parking areas to a degree that would be detrimental to the park; and (3) the proposed location was termed one of the most congested parts of the park, as far as parking and traffic are concerned, being immediately adjacent to the already crowded facilities of Kezar Stadium, the Band Concourse area, the Tea Garden and "Big Rec." Some of the opponents offered suggestions for the relocation of the building outside Golden Gate Park, including the Palace of Fine Arts, the produce district, the Geneva Avenue,Crooker-Amazon district.

Speaking in support of the structure were:
Alfred Stettler, Secretary of the San Francisco Flower Show
George A. Hubbard, 2032 Eighteenth Avenue
Mrs. Charles White, Pacific Coast Horticultural Show
Mr. S. M. Martin, President, Dahlia Society of California
Mrs. W. P. Brendell, Flower Show exhibitor.

The supporters of the project contended that the proposed floor space is not excessive, experience having proved that there is insufficient room in the City Hall where the Flower Shows are presently staged; that San Francisco's future growth should be considered, and the building should not be reduced in size. They stated further that there are numerous buildings and facilities in the park for special recreational interests or hobbies and that flower enthusiasts and other civic interests are entitled to the same consideration.

Commissioner Parr and Commissioner Coffman suggested postponement of any final action in order to permit a full consideration of all suggestions which had been offered and to obtain a more detailed knowledge of the problem; Commissioner Coffman adding that both Commissioner Hers and himself, being newly appointed members, would require time ,to study details of the proposal from the state, local and park viewpoints.

Commissioner Coffman also asked for clarification of all

REPRESENTATIVES AND DELEGATES (cont'd)

the legal aspects relating to the use of State Funds for a structure in Golden Gate Park and the possible restrictions of the building's use in the park location. President Sutter assured all persons present that there would be a full review and opportunities for further exploration before any action on final construction would be taken.

Mr. Al Stettler, Secretary, San Francisco Flower Show, argued strongly for prompt action in placing a petition before the Legislature for County Fair Funds with which to construct the building. He warned the Commission that unless the preliminary plans were submitted to Sacramento, the project might well be abandoned.

Following discussion of the urgency of placing San Francisco's request before the Legislature, the motion of Commissioner Parr for postponement of the matter was withdrawn in favor of immediate action.

On motion of Commissioner Dippel, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.1420

Commission Approves Submission of Tentative Plan for Hall of Flowers to Legislature & Requests Funds for Its Construction

Resolution No. 1420

RESOLVED, that this Commission submit to the proper authorities in the State Legislature the Tentative Plans for the Construction of a Hall of Flowers (Exhibit and Exposition Hall) at an undetermined location in San Francisco, and that the State be asked to provide funds to finance the construction of a building of that type. (Commission later decided not to submit tentative plans to State Legislature. See Unfinished Business, meeting of February 25, 1954.)

Approval of Minutes

Mr. Roy Flamm, Chairman, Society for Preservation of Golden Gate Park, asked for a clarification of Resolution No. 1427 in the minutes of the meeting of February 11, 1954. The Secretary explained that Resolution No.1427 was not in conflict with Resolution No.1420, and that the mention therein of the designation of Golden Gate Park as a site for the proposed Exhibit Building was a reference to a prior Commission action, made solely for purposes of explaining the Architect's need for an extension of time. Resolution No.1420 definitely established that the Commission considers the site of the Exhibit Hall to be undetermined as of February 11, 1954. With this clarification, the minutes of the 74th Regular Meeting of February 11, 1954 were approved.

COMMUNICATIONS (cont'd)

(b) From Eugene J. Riordan, Director of Property, resolution for submission to the Board of Supervisors which would authorize the sale, at public auction, of any buildings presently owned or hereafter acquired in McLaren Park, provided such buildings will not be needed for park purposes. Commissioner Coffman asked that the Commission's approval stipulate that no buildings be sold by the Director of Property without this department's prior review and clearance for such public sale.

On motion of Commissioner Dippel, seconded by Commissioner Parr, the following resolution was adopted:

Res. No.1439

Resolution No. 1439

Commission Authorizes Sale of Buildings Acquired at McLaren Park, When Cleared As Not Required for R & P Dept. Uses

RESOLVED, that this Commission approves for submission to the Board of Supervisors, the proposed resolution for adoption by the Board of Supervisors, the effect of which will authorize the Director of Property to sell at public auction all buildings and improvements acquired in McLaren Park, which buildings and improvements have been cleared for such public sale by this department as not required for park purposes.

(c-1) From Supervisor J.Eugene McAteer, dated February 15, 1954, requesting advice as to what progress has been made by the special committee assigned the task of finding a location for the California Relief Map in a public park or square. Mr. McAteer referred to his earlier correspondence with Mr.Brooks, Chief Administrative Officer, in which cost estimates for the construction of a building to house the Relief Map were given ranging from $72,000.00 to $82,500.00, depending on the accommodations for spectators.

California Relief Map

(c-2) From Supervisor J.Eugene McAteer, dated February 18, suggesting that the proposed Exhibit Hall be considered as the location for the housing of the California Relief Map, and suggesting that Exhibit Hall plans which would include provisions for the map might possibly enhance San Francisco's receiving State financing for the building's construction.

Plan Proposed to Include Map in Exposition Building

Following recognition of the merits of Supervisor McAteer's suggestion, on motion of Commissioner Coffman, seconded by Commissioner Parr, the matter was taken under advisement and the General Manager directed to instruct the architect to consider the feasibility of the suggestion of including the Relief Map in Exhibit Hall plans when each of the several suggested sites is being studied.

Gas Tax Funds: City Attorney Rules by Opinion #787 that Commission Retains Control of Roads

(d) From City Attorney, Dion R. Holm, copy of Opinion No.787 of February 15, 1954 advising that the use of State gasoline tax funds on park roadways will not deprive the Commission of control, management and direction of roads.

Mr. Lewis reported that he had sought the City Attorney's opinion and advice because two organizations, the San Francisco Planning and Housing Association and the Society for Preservation of Golden Gate Park, had raised the question that the Commission's control of park roads might be placed in jeopardy if maintenance work on such roads were performed by the Department of Public Works with State gasoline tax funds.

COMMUNICATIONS (cont'd)

Letters of information to be acknowledged by the Secretary and/or filed:

(a) Letters from the following, urging the Commission to continue its efforts and plans toward the establishment of a Hall of Flowers in Golden Gate Park:
1-Merrill J.Butler,1431 - 26th Avenue, San Francisco
2-Mrs.G.P.Whaley,Secretary,Vista Del Mar Garden Club,
130 - 22nd Avenue, San Francisco.

(b) From His Honor, Mayor Robinson, forwarding letter of Mrs. Mendle, favoring location of the Hall of Flowers in Sutro Heights.

(c) From His Honor, Mayor Robinson, forwarding letter of Mrs. A. Allen, 21 Scotland Street, proposing a world's fair on Angel Island, and suggesting the property that is Golden Gate Park might be decreased in size. (President Sutter commented that the Angel Island proposal was outside Commission purview, and that the suggestion to decrease the area of Golden Gate Park would naturally be completely rejected as a matter of policy.)

(d) From Clement W. Miller, 433 Rodwood Avenue, Corte Madera, asking that a small portion of the Strybing Bequest funds be used for the tagging and identification of the plants, shrubbery and trees in the Arboretum.

(e) From the Society for Preservation of Golden Gate Park, referring to the public meeting on the Hall of Flowers, February 11, and calling attention to the fact that the word "tentative" does not appear on the drawings of the proposed Exhibit Building, as stated by Mr. Stettler.

(f) From Mrs. Frank Montoro, Secretary, Crocker Highlands Improvement Association, 78 Chicago Way, notifying the Commission that their neighborhood organization has been recently formed to represent a new residential district bounded by Naples Street on the west, Geneva Avenue on the north, and south and east to the county line; and expressed interest in recreation and park services for their people.

REPRESENTATIVES AND DELEGATES

Several organization representatives and interested individuals were present to observe or speak on the proposed Exhibit and Exposition Hall (Hall of Flowers).

Commission Makes No Request for State Funds for Exhibit Hall - Contra Res. No.1420

President Sutter reported that following the meeting of February 11th a meeting had been held with Mr. Donald Cleary, San Francisco Legislative Representative, in which he strongly advised the Commission to withhold its application for funds to the State Legislature. Mr. Cleary is convinced that until San Francisco has oficially endorsed and definitely established the location and type of Exhibit Hall, the State will refuse any and all requests for financial aid toward construction.

President Sutter explained that the Commission's plan to apply for State Funds under Resolution No. 1420 of the previous meeting had not been acted upon, but was deferred as a result of Mr. Cleary's advice and opinions on procedure. The Commission concurred in withholding such application, and the entry is here made in the official record that no action was or is to be taken under Resolution No. 1420 (marginal note to so indicate in the Minutes of February 11, 1954).

Mayor Robinson Suggests Sutro Hts. for Exhibit Hall Site

President Sutter then reported that His Honor, Mayor Elmer E. Robinson, having learned of a controversy regarding the proposal to erect the Exhibit Hall in Golden Gate Park, had proposed that the Commission consider Sutro Heights as a possible site for the Exhibit and Exposition Hall. An opinion was immediately sought of the City Attorney as to whether there were any restrictions in the Sutro will which would affect or prohibit the erection or operation of a County Exhibit Building in Sutro Heights. The Secretary read the text of the City

REPRESENTATIVES AND DELEGATES (cont'd)

City Attorney Advises No Restriction in Locating Exhibit Hall in Sutro Heights (Opinion No.794-2/25/54)

Attorney's Opinion No. 794, dated February 25, 1954, which answered in detail the several questions regarding the use of a portion of Sutro Heights for the Exhibit Hall. The written opinion advised that the proposed building would not constitute a diversion from the terms of the Sutro grant nor would such a building be a diversion from park purposes. He advised that should the Commission decide on the Sutro Heights location, approval of the Board of Supervisors must be acquired by ordinance. President Sutter then asked for expressions from the delegates.

Mr. Bob Gromm requested that the Secretary read the letter from the San Francisco Flower Show, Inc., in which the Board of Directors of the organization formally calls the Commission's attention to the proposal for a Flower Show Building and Garden Center in Golden Gate Park, as originally submitted several years ago. The letter stated that the Flower Show Building originally proposed consisted of approximately 20,000 square feet and the Garden Center approximately 5,000 square feet. It asked that the Architect's plan be adapted to the smaller structure, and proposed that it be constructed from the funds presently on hand, at a cost of under $300,000.00. Mr. Theodore Osmundson, Jr., Association of Landscape Architects, presented and read a resolution adopted by their Board of Directors on February 19, 1954, in which the Association strongly protested the placement of an Exhibit Building anywhere in Golden Gate Park or on any other land designated for park use, and urged that sites other than park land be studied. Mr. S. M. Martin, Dahlia Society of California, asked the Commission to give careful and deliberate study to the public's wishes, expressing his conviction that the 45,000 square foot structure should not be reduced in size.

Following considerable discussion and comments by other representatives and delegates, Commissioner Parr inquired whether the Commission would consider a small building for the Arboretum, as advocated by some of the Flower Show representatives. Father Gallagher asked if the Flower Show representatives would accept a small building in the Arboretum if the larger Exhibit Hall, located elsewhere, would be available for the Flower Show. These questions could not be definitely answered.

Then Commissioner Parr, speaking as a member of the Board of Directors of the Cow Palace (No.1-A District Agricultural Association), offered the suggestion that the Commission, through President Sutter and Mr. Lewis, inquire into the possibilities of using the Cow Palace building for some of San Francisco's larger exhibits.

Commissioners agreed with President Sutter that, lacking definite plans and site location for the Exhibit Hall, no chance remained to submit a proper petition to this session of the State Legislature. Commissioner Coffman therefore urged that the Commission proceed slowly, carefully, and deliberately in its study and evaluation of all the suggestions which have been offered and locations that have been proposed.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the suggestion that the Exhibit Hall be located in Sutro Heights was taken under consideration, as were the other suggested locations, ideas, and proposals regarding the size and use of the structure. It was the sense of the Commission that the members would act as a committee in its consideration, investigation, and study of the entire Exhibit Hall matter.

(d) Commissioner Gallagher to Draft Commission Long-term Policy re. Golden Gate Park

Father Gallagher to Draft Commission Long-term Policy re.G.G.Park

Commissioner Gallagher offered the observation that many matters had come before the Commission during the past two years which directly affected the present use and future planning of Golden Gate Park. Because of the dual responsibility of providing both recreation and park services for the general public, there have been instances when the Commission found the inclusion of such services within the park to be somewhat incompatible in nature. At least, it was his opinion that certain individuals and groups viewed the situation in that light. He asked if it would not be possible for the Commission to draft a detailed statement of policy regarding Golden Gate Park's present, as well as future use and planning, with a view to clarifying the Commission's position on a long-term basis. Commissioners agreed that such a written declaration of policy would be helpful in their continued efforts to provide the best possible recreation and park service for the greatest number of people.

At Commissioner Parr's suggestion, Commissioner Gallagher offered to prepare a draft of Commission policy re.Golden Gate Park, which the members would take under consideration, develop, and eventually adopt.

(d) From Ambrose M. Curry,Jr., Chairman, Citizens Committee for McLaren Park Development, 66 Raymond Avenue, requesting the preparation of a master plan for McLaren Park development and the establishment of a progressive program of yearly appropriations for the improvement of McLaren Park.

Commissioners concurred with President Sutter's opinion that it would be untimely to employ architects to prepare a master plan in advance of the acquisition of McLaren Park property and prior to the availability of at least partial funds for development.

Mr. Lewis reported that he had requested the assistance of the Department of City Planning in the preparation of a preliminary master plan study and that a meeting had been arranged for Wednesday morning, March 17, with Planning representatives, as well as interested citizens.

UNFINISHED BUSINESS

(a) Camp Mather - 1954 Season

Mr. Lewis stated that the system emplcyed for receiving applications and making reservations for Camp Mather during past years had resulted in certain inequities and hardships on individual families. He explained that some persons were employed by firms offering a very limited period in which to take an annual vacation. He had hoped to invoke an advance period in which to take reservations from these persons, but because the legality of such procedure in a public department had been questioned, Mr. Lewis withheld his plan. He requested, however, that the Commission authorize him to send an advance written notice, advising the disappointed applicants from the previous season that April 3rd is the opening reservation date for the coming season.

UNFINISHED BUSINESS (continued)

On motion of Commissioner Parr, seconded by Commissioner Dippel, the above request was approved, and the General Manager was authorized to issue said written notices.

Mr. Lewis then reported on the opening and closing dates, the rate structure, and the assignment of camp managers. He recommended approval of the appointment of Mr. Paul Moore as Camp Manager during the first half of the season, and Mr. Sam Lewin of the latter half of the season. He explained that these temporary appointments had the approval of the Civil Service staff, and he had been advised that a civil service examination for the camp manager positionwould be conducted prior to the 1955 season, at which time Messrs. Misureca, Nelson and Patch, Camp Managers during the 1953 season, would be eligible to compete for the permanent position along with Messrs. Lewin and Moore.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1455

Camp Mather - 1954 Season

Resolution No. 1455

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby approve and adopt the rates, dates of operation and Camp Manager assignments for Camp Mather for the 1954 season, as follows:

(b) Balboa Site for Swimming Pool (Action postponed 2 weeks)

The General Manager reported that the swimming pool committee had recommended that the old Photography Center site, adjacent to Balboa Park, be selected for the construction of an enclosed swimming pool. This location would replace the proposed Aquatic Park pool and would provide for a standard size enclosed tank.

Following Mr. Roy Flamm's objection to the recommendation, and the endorsement of the location by Mr. William White, President of the Alemany District Council of Improvement Clubs, Commissioner Gallagher expressed his desire to personally inspect the location and acquire more information before voting.

On motion of Commissioner Coffman, seconded by Commissioner Dippel, consideration of the matter was postponed to the next regular meeting, to be held March 25, 1954.

At this juncture, Mrs. Meta Rothschild was granted the

permission of the floor, and offered the following observation and suggestion, requesting that her statements be considered as those of an individual, and not to be associated with her organization. Mrs. Rothschild asked that the Commission seriously consider the planning and designing of all future swimming pools so that all requirements of the State and Public Education laws relating to assembly structures would be provided for and incorporated in the plans. It was her contention that such provisions would eliminate or greatly reduce the delays which the department has experienced in completing the planning and construction specifications of the Hamilton Playground swimming pool. President Sutter thanked Mrs. Rothschild for her interest and suggestion.

(c) Art Commission Offer of Sculptures Rejected

The Secretary presented photographs of the three sculptures by artists Beniamino Bufano and Cecilia Graham, and offered by the Art Commission in their letter of January 18, 1954.

While Commissioners expressed appreciation of the Art Commission's offer and recognized the intrinsic value of the sculptured pieces, it was the general consensus that there was no suitable or appropriate location within the park system to properly display the sculptures.

On motion of Commissioner Parr, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.1456

Art Commission Offer of Sculptures Rejected by Commission

Resolution No. 1456

RESOLVED, that this Commission does hereby express its appreciation of the kind offer of the Art Commission to place certain works of art on permanent loan to this department, but following careful study and deliberation, it has been finally determined that there is no suitable or appropriate location within the park properties for the proper and artistic display of the sculptures and, therefore, the offer is regretfully declined.

(b) Contractor's Forfeiture to be Used for Sand Removal ($500.)

The Secretary read the letter from H. H. Jones, Purchaser of Supplies, advising that Rosenberg Bros., contractors under Sale No. 697 (authorized by Res. 1285, Meeting of Oct.1, 1953) had forfeited their certified cheque in the amount of $500.00 due to non-performance under the contract for ocean sand removal.

Mr. Lewis recommended that the forfeited funds be released by the Controller and used for the rental of tractor equipment to remove and redistribute unwanted sand deposits at the Ocean Beach.

On motion of Commissioner Parr, seconded by Commissioner Dippel, the following resolution was adopted:

Res. No.1458

Controller Requested to Release $500.00 Forfeiture of Rosenberg Bros. for Non-performance of Contract under Sale #697 -

Resolution No. 1458

WHEREAS, the Purchaser of Supplies has deposited with the City Controller the Rosenberg Brothers' certified cheque of $500.00, forfeited as a result of non-performance of contract under Sale No. 697, a public nuisance having been created as the result of said non-performance; now, therefore, be it

RESOLVED, that this Commission does request the Controller to release the Rosenberg Brothers' forfeiture in the sum of $500.00, and does hereby request the Controller to authorize and direct the General Manager and the Secretary to perform such acts as may be necessary to effect the transfer of the $500.00 Rosenberg forfeiture, to permit the use of such funds for the rental of tractor equipment for redistributing sandpiles and elimination of the sand nuisance at Ocean Beach.

(d) From John R. McGrath, Clerk, Board of Supervisors, regarding the proposed extension of Kezar Stadium, requesting information for Supervisors' committee as to the manner and extent of Kezar's enlargement, additional parking facilities, and recommendations on financing, whether by bond issue or budget item.

Commissioner Coffman inquired whether the information sought by the Supervisors' committee was readily available. Mr. Lewis replied that while there was general information available pertaining to Kezar Stadium expansion, there were several problems to be worked out in the matter of additional parking facilities, cost estimates, and engineering plans. It was the Commission's decision that because of the limited information available on Kezar's proposed expansion and improvement, a supplemental budget item be deferred.

At this juncture, a message was received from Supervisor Mancuso, asking the Commission to consider the submission at the next Board of Supervisors' session, of either a budget request or a bond issue item for Kezar's enlargement.

Commissioner Coffman again expressed his interest in Kezar's improvement, and particular interest in some day having additional seats built in the stadium. He said the time must come when a drive must be made for funds, by bond issue or budget, to provide additional land and increase the stadium's capacity to 70,000 seats, the cost of such enlargement being estimated as slightly in excess of $300,000.00. Commissioner Coffman asked both Mr. Lewis and Commission members if a request for funds should be made at this time. Both Mr. Lewis and Commission members were of the opinion that the time was too short and the information too incomplete to risk the project's success by asking for financing at this time.

Following a full review and consideration of the question, on motion of Commissioner Coffman, seconded by Commissioner Stern, the following resolution was adopted:

Res. No.1463

Action on Kezar Stadium Expansion Deferred.

Resolution No. 1463

WHEREAS, a review of the proposed expansion of Kezar Stadium has made it apparent that the present general plans do not provide sufficient data on the important problems of additional parking facilities and construction cost estimates, and

WHEREAS, experience gained during the Recreation and Park Bond Issue submitted to the voters at the last general election, November 3, 1953, has impressed upon this Board the importance and necessity of fully preparing all details and plans for capital improvements prior to seeking public support either by ballot or budget measure; now, therefore, be it

RESOLVED, that while this Commission does hereby record its full support of the plan and its recognition of the need and public desire for such enlargement, it is the sense of this Commission that it would be inadvisable to jeopardize the project's success by submission of a bond issue or budget request at this time, and therefore directs that such action

COMMUNICATIONS (continued)

be deferred until such time as a fully prepared and completely informed campaign for Kezar's enlargement can be launched.

The Secretary was instructed to so advise Supervisor Mancuso of the committee's decision.

(e) Mr. Lewis then called the Commission's attention to an earlier action in which funds were requested in the amount of $30,000.00 for the purchase of the Stadium Garage located at 522-530 Frederick Street, and occupying land in the general area proposed for Kezar parking and expansion. Mr. Lewis stated he had changed his opinions regarding the suitability of this garage property as a department's automotive repair and storage facility, for recent investigation had shown that it will not accommodate the department equipment and it would be unwise to proceed with the purchase. He recommended withdrawal of the proposal and the rescinding of the Commission's action of January 14, 1954 under Resolution No. 1393.

On motion of Commissioner Gallagher, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.1464

Commission Rescinds $30,000 Appropriation Request to Purchase Stadium Garage. (See Res. No.1393, Mtg. of January 14, 1954.

Resolution No. 1464

WHEREAS, the General Manager has reported that further and more recent investigation of the garage property at 522-530 Frederick Street clearly indicates that it is too small to adequately meet the department's needs as a repair and storage facility for automotive and mechanical equipment; now, therefore, be it

RESOLVED, that this Commission does hereby rescind its action under Resolution No. 1393, meeting of January 14, 1954, and withdraws from further action the Supplemental Appropriation Request in the amount of $30,000.00 which, if appropriated, would have been used for the purchase of said garage structure.

S.F.Zoological Society Recommendation for Zoo Expansion to 100 Acres Referred to G.M. for Study and Report.

(f) From His Honor, Mayor Elmer E. Robinson, and from Mr.Thomas Brooks, Chief Administrative Officer, forwarding copies of letter received from Ansel W. Robison, Chairman, Interim Committee, San Francisco Zoological Society, explaining the objects of the organization and expressing interest in obtaining additional property for the Zoo.

Mr. Ansel W. Robison addressed the Commission, explaining in brief the general purpose of his organization, stating that it is now in the preparatory stages of incorporation. It was his desire to assist in obtaining the finest zoo possible for San Francisco, and he stressed the need to expand the Zoo acreage to 100 acres. He emphasized that it was his society's desire to assist the properly constituted authorities and in no way attempt to direct or administer Zoo operation. Mr. Robison believed that his organization could be most helpful in improving and enlarging the Zoo collection. Commissioner Coffman and other members thanked Mr. Robison and spoke in support of the society's aims.

On motion of Commissioner Herz, seconded by Commissioner Gallagher, Mr. Lewis was requested to investigate the feasibility of increasing the Zoo acreage to the 100-acre figure
